National Telecommunications and Information Administration

Community Broadband Workshop

AGENCY: National Telecommunications and Information Administration, U.S. Department of Commerce.

ACTION: Notice of Open Meeting.

SUMMARY: The National Telecommunications and Information Administration (NTIA), through the BroadbandUSA program, will hold a Technical Assistance Workshop to share information and help communities build their broadband capacity and utilization. The workshop will present in-depth sessions on planning and funding broadband infrastructure projects. The session on planning will explore effective business and partnership models. The session on funding will explore available funding options and models, including federal funding.

DATES: The Technical Assistance Workshop will be held on Tuesday, September 19, 2017, from 8:30 a.m. to 12:30 p.m., Eastern Daylight Time.

ADDRESSES: The meeting will be held in Charleston, West Virginia at the Law Firm of Jackson Kelly PLLC, 500 Lee Street East, Suite 1600, Rooms A and B, Charleston, WV 25301.

FOR FURTHER INFORMATION CONTACT:

Giselle Sanders, National Telecommunications and Information Administration, U.S. Department of Commerce, Room 4889, 1401 Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-7971; email: gsanders@ntia.doc.gov. Please direct media inquiries to NTIA's Office of Public Affairs, (202) 482-7002; email: press@ntia.doc.gov.

SUPPLEMENTARY INFORMATION: NTIA's BroadbandUSA program provides expert advice and field-proven tools for

assessing broadband adoption, planning new infrastructure, and engaging a wide range of partners in broadband projects. BroadbandUSA convenes workshops on a regular basis to bring stakeholders together to discuss ways to improve broadband policies, share best practices, and connect communities to other federal agencies and funding sources for the purpose of expanding broadband infrastructure and adoption throughout America's communities. The Charleston workshop will explore two specific topics for broadband infrastructure: Planning and funding.

The Charleston workshop will feature subject matter experts from NTIA's BroadbandUSA broadband program. The first session will explore key elements required for planning successful broadband projects. The second session will explore funding models, including federal programs that fund broadband infrastructure projects.

The Charleston workshop will be open to the public. Pre-registration is requested, and space is limited. NTIA will ask registrants to provide their first and last names and email addresses for both registration purposes and to receive any updates on the workshop. If capacity for the meeting is reached, NTIA will maintain a waiting list and will inform those on the waiting list if space becomes available. Meeting updates, changes in the agenda, if any, and relevant documents will also be available on NTIA's Web site at <https://www2.ntia.doc.gov/notice-09192017-workshop>.

The public meeting is physically accessible to people with disabilities. Individuals requiring accommodations, such as language interpretation or other ancillary aids, are asked to notify Giselle Sanders at the contact information listed above at least five (5) business days before the meeting.

Dated: July 27, 2017.

SUPPLEMENTARY INFORMATION:

Title: Derivatives Clearing Organizations, General Regulations and International Standards; OMB Control No. 3038-0081. This is a request for extension of a currently approved OMB Control No. containing two information collections consolidated into OMB Control No. 3038-0081.

*Derivatives Clearing Organization General Provisions and Core Principles.*² Section 725(c) of the Dodd-Frank Act amended Section 5b(c)(2) of the CEA to allow the Commission to establish regulatory standards for compliance with the DCO core principles. Accordingly, the Commission adopted a final rule to set specific standards for compliance with DCO Core Principles.³ The DCO Final Rule requires the appointment of a CCO, the filing of an annual report and adherence to certain recordkeeping requirements.⁴ The information collected pursuant to those regulations is necessary for the Commission to evaluate whether DCOs are complying with Commission regulations.

*Derivatives Clearing Organizations and International Standards.*⁵ In the SIDCO-Subpart C DCO Final Rule, the Commission adopted amendments to its regulations to establish additional standards for compliance with the DCO core principles set forth in Section 5b(c)(2) of the CEA for systemically important DCOs (“SIDCOs”) and DCOs that elect to opt-in to the SIDCO regulatory requirements (“Subpart C DCOs”) which are consistent with certain international standards.⁶ Specifically, the additional requirements address any remaining gaps between the Commission’s existing regulations and the Principles for Financial Market Infrastructures (“PFMI”) published by the Committee on Payments and Market Infrastructures and the Board of the International Organization of Securities Commissions.

The SIDCO-Subpart C DCO Final Rule also established the process whereby DCO and DCO applicants, respectively, may elect to become Subpart C DCOs subject to the provisions of Subpart C. The election involves filing the Subpart C Election Form contained in appendix B to part 39 of the Commission’s regulations, which involves completing certifications, providing exhibits, and drafting and publishing responses to the PFMI Disclosure Framework and PFMI Quantitative Information Disclosure, as applicable. Additionally, the SIDCO-Subpart C DCO Final Rule provides for Commission requests for supplemental information from those requesting Subpart C DCO status; requires amendments to the Subpart C Election Form in the event that a DCO or DCO Applicant, respectively, discovers a material omission or error in, or if there is a material change in, the information provided in the Subpart C Election Form; to submit a notice of withdrawal to the Commission in the event the DCO or DCO applicant determines not to seek Subpart C DCO status prior to such status becoming effective; and procedures by which a Subpart C DCO may rescind its Subpart C DCO status after it has been permitted to take effect. Further, each of these requirements implies recordkeeping that would be produced by a DCO to the Commission on an occasional basis to demonstrate compliance with the rules. The information that would be collected

under the SIDCO-Subpart C DCO Final Rule, part 39 of the Commission Regulations, is necessary for the Commission to determine whether a DCO meets the Subpart C DCO standards and is likely to be able to maintain compliance with such standards; to evaluate whether SIDCOs and Subpart C DCOs are complying with Commission regulations; and to perform risk analyses with respect to SIDCOs and Subpart C DCOs.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. On May 30, 2017, the Commission published in the **Federal Register** notice of the proposed extension of this information collection and provided 60 days for public comment on the proposed extension, 82 FR 24688 (“60-Day Notice”).

Burden Statement: The Commission is not revising its estimate of the burden for this collection. The respondent burden for this collection is estimated to be as follows:

Estimated Number of Respondents: With respect to the DCO Final Rule, the estimated number of respondents is 12. With respect to the SIDCO-Subpart C DCO Rule, the estimated number of respondents is 7.

Estimated Average Burden Hours Per Respondent: With respect to the DCO Final Rule, the estimated average burden hours is 80. With respect to the SIDCO-Subpart C DCO Rule, the estimated average burden hours is 2,502.

Estimated Total Annual Burden Hours: With respect to the DCO Final Rule, the total annual burden hours is estimated to be 960. With respect to the SIDCO-Subpart C DCO Rule, the total annual burden hours is estimated to be 17,512.

Frequency of Collection: With respect to the DCO Final Rule, the estimated frequency of collection is annual. With respect to the SIDCO-Subpart C DCO Rule, the frequency of collection is annual and occasional.

The total annual time burden for all respondents is estimated to be 18,472 hours.

See Appendix A for an individual breakdown for burden for annual reports provided for in Derivatives Clearing Organization General Provisions and Core Principles.

See Appendix B for an individual breakdown for burden for Derivatives Clearing Organizations and International Standards (Subpart C Election Form and other reporting and recordkeeping requirements provided

² The 60-day **Federal Register** notice, 82 FR 24688, May 30, 2017, identified this information collection as “Annual report provided for in Derivatives Clearing Organization General Provisions and Core Principles.”

³ See Derivatives Clearing Organization General Provisions and Core Principles, 76 FR 69334 (November 8, 2011) (DCO Final Rule).

⁴ These DCO recordkeeping requirements and associated costs are captured in separate proposed rulemakings under separate OMB Control Nos.; specifically, see Risk Management Requirements for Derivatives Clearing Organizations, 76 FR 3698 (Jan. 20, 2011)(OMB Control No. 3038-0076); Information Management Requirements for Derivatives Clearing Organizations, 75 FR 78185 (Dec. 15, 2010) (OMB Control No. 3038-0069); and Financial Resources requirements for Derivatives Clearing Organizations, 75 FR 63113 (Oct. 14, 2010)(OMB Control No. 3038-0066).

⁵ The 60-day **Federal Register** notice, 82 FR 24688, May 30, 2017, identified this information collection as Subpart C Election Form and other reporting and recordkeeping requirements provided for in subpart C, part 39 of the Commission Regulations.

⁶ See Derivatives Clearing Organizations and International Standards, 78 FR 72476 (December 2, 2013) (SIDCO-Subpart C DCO Final Rule).

for in subpart C, part 39 of the Commission Regulations).

There are no capital costs or operating and maintenance costs associated with this collection.

Authority: 44 U.S.C. 3501 *et seq.*

Dated: July, 25, 2017.
Robert N. Sidman,
Deputy Secretary of the Commission.

Note: The following appendices will not appear in the Code of Federal Regulations.

Appendix A—Derivatives Clearing Organization General Provisions and Core Principles OMB Collection 3038–0081.

The regulations under this final rulemaking require DCOs to report information to the Commission on an annual basis but allow the Commission to collect information at other times as necessary.

DEPARTMENT OF DEFENSE

Department of the Navy

Notice of Intent To Prepare a Supplemental Environmental Impact Statement/Overseas Environmental Impact Statement for Mariana Islands Training and Testing

AGENCY: Department of the Navy, DOD.

ACTION: Notice.

SUMMARY: Pursuant to the National Environmental Policy Act (NEPA) of 1969 and regulations implemented by the Council on Environmental Quality, the Department of the Navy (DoN) announces its intent to prepare a supplement to the 2015 Final Mariana Islands Training and Testing (MITT) Environmental Impact Statement/Overseas Environmental Impact Statement (EIS/OEIS).

DATES: Public scoping meetings will not be held, but public comments will be accepted during the scoping period from August 1, 2017 to September 15, 2017.

ADDRESSES: The DoN invites scoping comments on the MITT Supplemental EIS/OEIS from all interested parties. Substantive comments may be provided by mail to the address below and through the project Web site at <http://mitt-eis.com/>. Comments must be postmarked or received by September 15, 2017, for consideration during the development of the Draft Supplemental EIS/OEIS.

FOR FURTHER INFORMATION CONTACT: Naval Facilities Engineering Command Pacific, Attention: MITT Supplemental EIS/OEIS Project Manager, 258 Makalapa Drive, Suite 100, Pearl Harbor, HI 96860-3134.

SUPPLEMENTARY INFORMATION: The Navy will assess the potential environmental impacts associated with ongoing and proposed military readiness activities conducted within the MITT EIS/OEIS Study Area (hereafter known as the "Study Area"). The Supplement to the

2015 Final EIS/OEIS is being prepared to support ongoing and future activities conducted at sea and on Farallon de Medinilla (FDM) within the Study Area beyond 2020. Military readiness activities include training and research, development, testing, and evaluation (hereafter known as "testing"). The Supplemental EIS/OEIS will include an analysis of training and testing activities using new information available after the release of the 2015 Final MITT EIS/OEIS. New information includes an updated acoustic effects model, updated marine mammal density data, and other best available science. Proposed activities are generally consistent with those analyzed in the 2015 Final MITT EIS/OEIS and are representative of training and testing activities the DoN has been conducting in the Study Area for decades.

The Study Area remains unchanged since the 2015 Final MITT EIS/OEIS. The Study Area includes the existing Mariana Islands Range Complex (MIRC); areas on the high seas to the north and west of the MIRC; a transit corridor between the MIRC and the Hawaii Range Complex, starting at the International Date Line; and Apra Harbor and select DoN pierside and harbor locations. The Study Area includes only the in-water components of the range complex and FDM; land components associated with the range complex are not included in the Study Area.

As part of this process the DoN will seek the issuance of regulatory permits and authorizations under the Marine Mammal Protection Act and Endangered Species Act to support training and testing requirements within the Study Area, beyond 2020, thereby ensuring critical Department of Defense requirements are met.

Pursuant to 40 CFR 1501.6, the DoN will invite the National Marine Fisheries Service to be a cooperating agency in preparation of the Supplemental EIS/OEIS.
