NASS Comments

NASS Review of OMB Documentation for FNS Assessment of States' Use of Computer Matching Protocol in SNAP

Reviewed by Jennifer Rhorer, NASS Summary, Estimation, and Disclosure Methodology Branch
July 7, 2017

Part A

A.16 (Table A.16): Is this included in respondent burden? How many regional directors are there?

Questionnaires

State-Level Survey:

B.1: Is this [National Accuracy Clearinghouse (NAC)] a state data source or a national one?

B.5: How is the respondent indicating the primary purpose vs the additional purposes?

D.1: I assume respondents will have different interpretations of each category. Is that a concern?

D.3a: This question looks like it's asking for the same information as B4c. Do you need to ask both questions?

County Module:

B.1: Is this a state data source or a national one?

B.5: How is the respondent indicating the primary purpose vs the additional purposes?

D.1: I assume respondents will have different interpretations of each category. Is that a concern?

D.3a: This question looks like it's asking for the same information as B4c. Do you need to ask both questions?
