Dear <name of participant>,

Thank you for taking part in our study. We have enclosed a \$30 <money order/cash card> to thank you for your efforts.

Results from this study may help us learn more about teenagers' health and development. They might also lead to better services for teens with ASD and related disabilities. Your participation has been important in helping us reach these goals.

If you have any questions please call <Project Coordinator> at <Phone number>. We will also be sending newsletters to update you on our study's success. Once again, thank you very much for your time and energy.

Sincerely,

<Study Project Coordinator>
