

**JUSTIFICATION FOR A NONSUBSTANTIVE CHANGE**  
**Medicaid and CHIP Program (MACPro)**  
**CMS-10434 (OMB 0938-1188)**

This nonsubstantive change request does not revise any of the documents that are currently approved under this control number. Nor does it add or remove any documents, outside of this Justification. Instead, the change is needed to correct an error in the ROCIS burden table.

While the currently approved Supporting Statement sets out a total ceiling of 96,844 hours, the ROCIS table incorrectly sets out 2,772 hours. We are revising that estimate by adding 94,072 hours to equal 96,844 hours.
