1.5 Performance Measure

Performance Measure Collapse

The percentage of discharges for beneficiaries age 21 and older who were hospitalized for treatment of selected mental illness diagnoses and who had a follow-up visit with a mental health practitioner. Two rates are reported:

- Percentage of discharges for which the beneficiary received follow-up within 30 days of discharge.
- Percentage of discharges for which the beneficiary received follow-up within 7 days of discharge.

Enter rate values to one decimal place (XX.X). If your rate ends in .0, note that the .0 will not be retained on the screen and the whole number will be displayed instead.

Follow-up within 7 days of discharge

Ages 21-64

Please explain why data was not entered for this numerator/denominator/rate set *

Character count: 0/4000

Ages 65 and older

Please explain why data was not entered for this numerator/denominator/rate set *

Character count: 0/4000

Follow-up within 30 days of discharge

Ages 21-64

Please explain why data was not entered for this numerator/denominator/rate set *

Character count: 0/4000
