Table 1: Acronyms 14

1. Health Homes Quality Measures

1.1 Preventive Quality Chronic Composite (PQI92) - Path 1

The screenshot shows the 'Prevention Quality Chronic Composite (PQI92)' reporting page. The header includes 'News', 'Tasks (6)', 'Records', 'Reports', and 'Actions'. The main content area is titled 'Health Homes Quality Measure - NV - 2016'. It features a 'Request System Help' link and three buttons: 'REQUEST TECHNICAL ASSISTANCE', 'CLEAR', and 'VIEW ALL RESPONSES'. Below these is a 'View Implementation Guide' link. The 'Are you reporting on this measure?' section has the 'Yes' radio button selected. The 'Measurement Specification' section has the 'Agency for Healthcare Research and Quality (AHRQ)' radio button selected. The 'Data Source' section has 'Administrative Data Only' and 'Other' checkboxes. The 'Date Range' section includes 'Start Date' and 'End Date' fields, each with 'Select Month' and 'Select Year' dropdown menus.

Figure 1: PQI92 Reporting - Yes

1.2 Measurement Specification – Path 1

This screenshot is identical to Figure 1, showing the 'Prevention Quality Chronic Composite (PQI92)' reporting page. The 'Are you reporting on this measure?' section has the 'Yes' radio button selected. The 'Measurement Specification' section has the 'Agency for Healthcare Research and Quality (AHRQ)' radio button selected. The 'Data Source' section has 'Administrative Data Only' and 'Other' checkboxes. The 'Date Range' section includes 'Start Date' and 'End Date' fields, each with 'Select Month' and 'Select Year' dropdown menus.

Figure 2: Measurement Specification 1

1.3 Measurement Specification – Path 2

The screenshot shows the 'Measurement Specification' form. At the top, there are navigation tabs: News, Tasks (6), Records (selected), Reports, and Actions. The user's name 'Applan' is visible in the top right. The form has several sections:

- Measurement Specification:** Includes radio buttons for 'Agency for Healthcare Research and Quality (AHRQ)' and 'Other' (selected). An 'Explain' text area is provided.
- Data Source:** Includes checkboxes for 'Administrative Data Only' and 'Other'.
- Date Range:** Includes a detailed instruction: 'Please define the date range for the reporting period based on the "From" time period as the month and year that corresponds to the beginning period in which utilization took place and please report the "To" time period as the month and year that corresponds to the end period in which utilization took place. Do not report the year in which data were collected from the measure, or the version of HEDIS® used to calculate the measure, both of which may be different from the period corresponding to the utilization of services.'

Figure 3: Measurement Specification 1

1.4 Date Range

The screenshot shows the 'Date Range' form. At the top, there are navigation tabs: News, Tasks (4), Records (selected), Reports, and Actions. The user's name 'Applan' is visible in the top right. The form includes the following sections:

- Data Source:** Includes checkboxes for 'Administrative Data', 'Hybrid (Administrative and Medical Records Data)', and 'Other'.
- Date Range:** Includes the same instruction as Figure 3. Below it, there are dropdown menus for 'Start Date' (Month: September, Year: 2002) and 'End Date' (Month: October, Year: 2009).
- Definition of Population Included in the Measure:** A section with a '+' icon for expansion.
- Definition of Denominator:** A section with a '+' icon for expansion.

Figure 4: Date Range

1.5 Definition of Population Included in the Measure

Definition of Population Included in the Measure

Definition of Denominator
Select all that apply

- Denominator includes Medicaid population
- Denominator includes Medicare and Medicaid Dualy-Eligible population
- Other

Specify *

Does this denominator represent your total measure eligible population as defined by the Technical Specifications for this measure?

Yes

No

Explain which populations are excluded and why *

Specify total measure-eligible population *

Figure 5: Denominator Representation 1

1.6 Selection of Delivery Systems

Which delivery systems are represented in the Denominator?
Select all delivery systems that cover the measure-eligible population in your state. For each delivery system selected, report the percentage of the measure-eligible population that is represented in the data reported for the measure and the number of the health plans included (where applicable).

- Fees-for-Service (FFS)
- Primary Care Case Management (PCCM)
- Managed Care Organization / Pre-paid Inpatient Health Plan (MCO/PIHP)
- Integrated Care Models (ICM)
- Other

Percentage of measure-eligible state population represented in data reported *

Percentage of measure-eligible state population represented in data reported *

Number of Health Plans *

Percentage of measure-eligible state population represented in data reported *

Percentage of measure-eligible state population represented in data reported *

Describe *

Percentage of measure-eligible state population represented in data reported *

If applicable, list the number of Health Plans represented

Are all Health Home Providers represented in the denominator?*

Yes

No

Performance Measure

Number of inpatient hospital admissions for ambulatory care sensitive chronic conditions per 100,000 enrollee months for Health Home enrollees age 18 and older. This measure includes adult hospital admissions for diabetes with short-term complications, diabetes with long-term complications, uncontrolled diabetes without complications, diabetes with lower-extremity amputation, chronic obstructive pulmonary disease, asthma, hypertension, heart failure, or angina without a cardiac procedure.

Figure 6: Denominator Representation 2

1.7 Health Home Providers Representation

News Tasks (5) **Records** Reports Actions Applan

If applicable, list the number of Health Plans represented

Are all Health Home Providers represented in the denominator? *

Yes

No

Performance Measure +/-

The percentage of Health Home enrollees ages 18 to 74 who had an outpatient visit and whose body mass index (BMI) was documented during the measurement year or the year prior to the measurement year.

Age Range: 18-64

Please explain why data was not entered for this numerator/denominator/rate set *

Character count: 0/2000

Combined Rate(s) from Multiple Reporting Units +/-

Did you Combine Rates from Multiple Reporting Units (e.g., Health Home Providers) to Create a Health Home State-Level Rate? *

Yes

No

If yes, indicate whether the state-level rate is weighted:

Must select one *

The rates are weighted based on the size of the measure-eligible population for each reporting unit

The rates are weighted based on another weighting factor

1.17 Prevention Quality Chronic Composite (PQI92) – Path 2

Figure 23: PQI92 Reporting – No - 1

The screenshot displays the 'Records' section of the PQI92 Reporting interface. At the top, there is a navigation bar with 'News', 'Tasks (6)', 'Records', 'Reports', and 'Actions'. A user profile icon for 'Applan' is visible in the top right corner.

The main content area contains several sections:

- Information not collected:** A checkbox is checked. Below it, a 'Reason' section with the instruction 'Select all that apply' includes two checked options: 'Not collected by provider (hospital/health plan)' and 'Other'. A text box labeled '* Please explain' is positioned below these options.
- Other:** A checkbox is checked. Below it, a text box labeled '* Please explain' is present.
- Small sample size (less than 30):** A checkbox is checked.
- Continuous enrollment requirement not met due to start date of SPA:** A checkbox is checked.
- Other:** A checkbox is checked.
- Enter specific sample size *:** An empty text input field.
- Explain other reason why data not reported *:** A large empty text area.

Below these sections is the 'Report Documents' section, which includes a sub-section for 'Saved Documents' with the following details:

- Maximum documents that can be uploaded for this report: 84
- Maximum file size: 2MB
- Valid file extensions: pdf; ppt; doc; docx; xls; xlsx; pptx

At the bottom, there is a table with the following columns: Name, Description, Date Created, Updated By, Size, and Type. The table is currently empty, displaying 'No items available'.
