Earn \$40 - Volunteers with children in school needed to answer questions and give opinions

The Bureau of Labor Statistics (BLS) is looking for volunteers to participate in virtual research interviews and tell us about school expenses, in particular **people who pay for a student's meals at school**.

Participation is by **video call**. Sessions are one-on-one and take up to 1 hour. You will receive \$40. You'll be asked to answer questions about your household's spending and then give feedback.

To see if you are eligible:

Please contact Stella at 202-691-7524 or Research@bls.gov.
