

Appendix E: Screener Survey

This screener survey will be used to determine eligibility for the main survey. Participants who select one of the targeted responses (marked in the protocol with asterisks) are eligible for the main survey. The open-ended item collecting a description of the most recent expense will be used to identify fraudulent responses (i.e., participants giving nonsense answers, such as “good” or “I like the product”, will be excluded from the main survey).

Welcome! Thanks for your interest in this survey.

This is a short screener survey to identify individuals who are eligible for our main survey. The main survey will:

- Launch on mTurk next week
- Take about 10 minutes
- Pay \$1.50
- Be available only to those workers who qualify through this screener survey

This survey should take about 3 minutes.
