

Request for Approval under the “Generic Clearance for the Collection of Routine Customer Feedback” (OMB Control Number: 1670-0027)

TITLE OF INFORMATION COLLECTION: NICCS Website Survey Updated Version

PURPOSE:

To provide feedback of User experience on the NICCS website: <https://niccs.us-cert.gov/> for the program team to improve the website. The information will be collected via quick and easy to understand questions with either Yes/No or multiple answer responses where the User chooses a response to match his/her experience. The program team will collect this information monthly for reporting purposes and suggestions for improvement. The survey will be administered randomly to Users after visiting four pages or more on the website.

DESCRIPTION OF RESPONDENTS:

100% of the NICCS website visitors after viewing four (4) pages on the site will be asked to take the survey. If the User agrees to take the survey they will be taken to the Survey Monkey site where the questions will be answered and the User will be returned to the NICCS website. If the User opts not to take the survey, they could be asked again after a 90-day period. This is enforced via a cookie. If the User completes the survey, they will not be asked again for another 90 days assuming they revisit the site and again view four pages. The Survey Monkey settings are in place to ensure that submissions are anonymous, and that an IP address is not collected.

BURDEN HOURS

Category of Respondent	No. of Respondents	No. of Responses per Respondent	No. of Responses	Participation Time	Burden	Average Hourly Wage Rate	Annual Burden Cost
NICCS Website Users	360,000*	1	360,000	.025 (1.5 min)	9,000	\$33.40**	\$300,600
Totals	360,000		360,000		9,000		\$300,600

* On average, there are 150,000 NICCS website users on a monthly basis. This equals 1,800,000 users on a yearly basis. Only users that visit 4 or more pages will receive the survey, which is approximately 20% of users. Of the 1.8 million users, this means 360,000 users will receive the survey (1,800,000 x 20% = 360,000).

**The above Average Hourly Wage Rate is the [May 2016 Bureau of Labor Statistics](#) average wage for “All Occupations” of \$23.86 times the wage rate benefit multiplier of 1.4 (to account for fringe benefits) equaling \$33.40. The selection of “All Occupations” (for example) was chosen as the expected respondents for this collection could be expected to be from any occupation.

FEDERAL COST: The estimated annual cost to the Federal government is \$4,379.47.

- The annual Survey Monkey license is \$4,379.47
- There is no marginal cost to the program to administer this survey. It falls within the O&M annual costs of the NICCS program.

STATISTICAL METHOD:

If you are conducting a focus group, survey, or plan to employ statistical methods, please provide answers to the following questions:

The selection of your targeted respondents
