§1000.1 What is the applicability and scope of these regulations?

Under the Native American Housing Assistance and Self-Determination Act of 1996 (25 U.S.C. 4101 *et seq.*) (NAHASDA) the Department of Housing and Urban Development (HUD) provides grants, loan guarantees, and technical assistance to Indian tribes and Alaska Native villages for the development and operation of low-income housing in Indian areas. The policies and procedures described in this part apply to grants to eligible recipients under the Indian Housing Block Grant (IHBG) program for Indian tribes and Alaska Native villages. This part also applies to loan guarantee assistance under title VI of NAHASDA. The regulations in this part supplement the statutory requirements set forth in NAHASDA. This part, as much as practicable, does not repeat statutory language.

§1000.2 What are the guiding principles in the implementation of NAHASDA?

(a) The Secretary shall use the following Congressional findings set forth in section 2 of NAHASDA as the guiding principles in the implementation of NAHASDA:

(1) The Federal government has a responsibility to promote the general welfare of the Nation:

(i) By using Federal resources to aid families and individuals seeking affordable homes in safe and healthy environments and, in particular, assisting responsible, deserving citizens who cannot provide fully for themselves because of temporary circumstances or factors beyond their control;

(ii) By working to ensure a thriving national economy and a strong private housing market; and

(iii) By developing effective partnerships among the Federal government, state, tribal, and local governments, and private entities that allow government to accept responsibility for fostering the development of a healthy marketplace and allow families to prosper without government involvement in their day-to-day activities.

(2) There exists a unique relationship between the Government of the United States and the governments of Indian tribes and a unique Federal responsibility to Indian people.

(3) The Constitution of the United States invests the Congress with plenary power over the field of Indian affairs, and through treaties, statutes, and historical relations with Indian tribes, the United States has undertaken a unique trust responsibility to protect and support Indian tribes and Indian people.

(4) The Congress, through treaties, statutes, and the general course of dealing with Indian tribes, has assumed a trust responsibility for the protection and preservation of Indian tribes and for working with Indian tribes and their members to improve their housing conditions and socioeconomic status so that they are able to take greater responsibility for their own economic condition.

Indian Housing Block Grant Regulations

(5) Providing affordable homes in safe and healthy environments is an essential element in the special role of the United States in helping Indian tribes and their members to improve their housing conditions and socioeconomic status.

(6) The need for affordable homes in safe and healthy environments on Indian reservations, in Indian communities, and in Native Alaskan villages is acute and the federal government shall work not only to provide housing assistance, but also, to the extent practicable, to assist in the development of private housing finance mechanisms on Indian lands to achieve the goals of economic self-sufficiency and self-determination for Indian tribes and their members.

(7) Federal assistance to meet these responsibilities shall be provided in a manner that recognizes the right of Indian self-determination and tribal self-governance by making such assistance available directly to the Indian tribes or tribally designated entities under authorities similar to those accorded Indian tribes in Public Law 93-638 (25 U.S.C. 450 *et seq.*).

(b) Nothing in this section shall be construed as releasing the United States government from any responsibility arising under its trust responsibilities towards Indians or any treaty or treaties with an Indian tribe or nation.

(b) To ensure better access to private mortgage markets for Indian tribes and their members and to promote self-sufficiency of Indian tribes and their members;

§1000.6 What is the nature of the IHBG program?

The IHBG program is formula driven whereby eligible recipients of funding receive an equitable share of appropriations made by the Congress, based upon formula components specified under subpart D of this part. IHBG recipients must have the administrative capacity to undertake the affordable housing activities proposed, including the systems of internal control necessary to administer these activities effectively without fraud, waste, or mismanagement.

The negotiated rulemaking procedures and requirements set out in section 106(b) of NAHASDA shall be conducted as follows:

(a) *Committee membership.* In forming a negotiated rulemaking committee, HUD shall appoint as committee members representatives of the Federal Government and representatives of diverse tribes and program recipients.

§1000.14 What relocation and real property acquisition policies are applicable?

The following relocation and real property acquisition policies are applicable to programs developed or operated under NAHASDA:

(a) *Real Property acquisition requirements.* The acquisition of real property for an assisted activity is subject to 49 CFR part 24, subpart B. Whenever the recipient does not have the authority to acquire the real property through condemnation, it shall:

(1) Before discussing the purchase price, inform the owner:

(i) Of the amount it believes to be the fair market value of the property. Such amount shall be based upon one or more appraisals prepared by a qualified appraiser. However, this provision does not prevent the recipient from accepting a donation or purchasing the real property at less than its fair market value.

(ii) That it will be unable to acquire the property if negotiations fail to result in an amicable agreement.

(2) Request HUD approval of the proposed acquisition price before executing a firm commitment to purchase the property if the proposed acquisition payment exceeds the fair market value. The recipient

Indian Housing Block Grant Regulations

shall include with its request a copy of the appraisal(s) and a justification for the proposed acquisition payment. HUD will promptly review the proposal and inform the recipient of its approval or disapproval.

(b) *Minimize displacement.* Consistent with the other goals and objectives of this part, recipients shall assure that they have taken all reasonable steps to minimize the displacement of persons (households, businesses, nonprofit organizations, and farms) as a result of a project assisted under this part.

(c) *Temporary relocation.* The following policies cover residential tenants and homebuyers who will not be required to move permanently but who must relocate temporarily for the project. Such residential tenants and homebuyers shall be provided:

(1) Reimbursement for all reasonable out-of-pocket expenses incurred in connection with the temporary relocation, including the cost of moving to and from the temporarily occupied housing and any increase in monthly housing costs (e.g., rent/utility costs).

(2) Appropriate advisory services, including reasonable advance written notice of:

(i) The date and approximate duration of the temporary relocation;

(ii) The location of the suitable, decent, safe and sanitary dwelling to be made available for the temporary period;

(iii) The terms and conditions under which the tenant may occupy a suitable, decent, safe, and sanitary dwelling in the building/complex following completion of the repairs; and

(iv) The provisions of paragraph (c)(1) of this section.

(d) *Relocation assistance for displaced persons.* A displaced person (defined in paragraph (g) of this section) must be provided relocation assistance at the levels described in, and in accordance with the requirements of, the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended (URA) (42 U.S.C. 4601-4655) and implementing regulations at 49 CFR part 24.

(e) *Appeals to the recipient.* A person who disagrees with the recipient's determination concerning whether the person qualifies as a "displaced person," or the amount of relocation assistance for which the person is eligible, may file a written appeal of that determination with the recipient.

(f) *Responsibility of recipient.* (1) The recipient shall certify that it will comply with the URA, the regulations at 49 CFR part 24, and the requirements of this section. The recipient shall ensure such compliance notwithstanding any third party's contractual obligation to the recipient to comply with the provisions in this section.

(2) The cost of required relocation assistance is an eligible project cost in the same manner and to the same extent as other project costs. However, such assistance may also be paid for with funds available to the recipient from any other source.

(g) *Definition of displaced person.* (1) For purposes of this section, the term "displaced person" means any person (household, business, nonprofit organization, or farm) that moves from real property, or moves his or her personal property from real property, permanently, as a direct result of rehabilitation,

Indian Housing Block Grant Regulations

demolition, or acquisition for a project assisted under this part. The term “displaced person” includes, but is not limited to:

(i) A tenant-occupant of a dwelling unit who moves from the building/complex permanently after the submission to HUD of an IHP that is later approved.

(ii) Any person, including a person who moves before the date described in paragraph (g)(1)(i) of this section, that the recipient determines was displaced as a direct result of acquisition, rehabilitation, or demolition for the assisted project.

(iii) A tenant-occupant of a dwelling unit who moves from the building/complex permanently after the execution of the agreement between the recipient and HUD, if the move occurs before the tenant is provided written notice offering him or her the opportunity to lease and occupy a suitable, decent, safe and sanitary dwelling in the same building/complex, under reasonable terms and conditions, upon completion of the project. Such reasonable terms and conditions include a monthly rent and estimated average monthly utility costs that do not exceed the greater of:

(A) The tenant-occupant's monthly rent and estimated average monthly utility costs before the agreement; or

(B) 30 percent of gross household income.

(iv) A tenant-occupant of a dwelling who is required to relocate temporarily, but does not return to the building/complex, if either:

(A) The tenant-occupant is not offered payment for all reasonable out-of-pocket expenses incurred in connection with the temporary relocation, including the cost of moving to and from the temporarily occupied unit, any increased housing costs and incidental expenses; or

(B) Other conditions of the temporary relocation are not reasonable.

(v) A tenant-occupant of a dwelling who moves from the building/complex after he or she has been required to move to another dwelling unit in the same building/complex in order to carry out the project, if either:

(A) The tenant-occupant is not offered reimbursement for all reasonable out-of-pocket expenses incurred in connection with the move; or

(B) Other conditions of the move are not reasonable.

(2) Notwithstanding the provisions of paragraph (g)(1) of this section, a person does not qualify as a “displaced person” (and is not eligible for relocation assistance under the URA or this section), if:

(i) The person moved into the property after the submission of the IHP to HUD, but, before signing a lease or commencing occupancy, was provided written notice of the project, its possible impact on the person (e.g., the person may be displaced, temporarily relocated or suffer a rent increase) and the fact that the person would not qualify as a “displaced person” or for any assistance provided under this section as a result of the project.

(ii) The person is ineligible under 49 CFR 24.2(g)(2).

Indian Housing Block Grant Regulations

(iii) The recipient determines the person is not displaced as a direct result of acquisition, rehabilitation, or demolition for an assisted project. To exclude a person on this basis, HUD must concur in that determination.

(3) A recipient may at any time ask HUD to determine whether a specific displacement is or would be covered under this section.

(h) *Definition of initiation of negotiations.* For purposes of determining the formula for computing the replacement housing assistance to be provided to a person displaced as a direct result of rehabilitation or demolition of the real property, the term “initiation of negotiations” means the execution of the agreement covering the rehabilitation or demolition (See 49 CFR part 24).

§1000.16 What labor standards are applicable?

(a) *Davis-Bacon wage rates.* (1) As described in section 104(b) of NAHASDA, contracts and agreements for assistance, sale, or lease under NAHASDA must require prevailing wage rates determined by the Secretary of Labor under the Davis-Bacon Act (40 U.S.C. 3141-44, 3146, and 3147) to be paid to laborers and mechanics employed in the development of affordable housing.

(2) When NAHASDA assistance is only used to assist homebuyers to acquire single family housing, the Davis-Bacon wage rates apply to the construction of the housing if there is a written agreement with the owner or developer of the housing that NAHASDA assistance will be used to assist homebuyers to buy the housing.

(3) Prime contracts not in excess of \$2000 are exempt from Davis-Bacon wage rates.

(b) *HUD-determined wage rates.* Section 104(b) also mandates that contracts and agreements for assistance, sale or lease under NAHASDA require that prevailing wages determined or adopted (subsequent to a determination under applicable state, tribal or local law) by HUD shall be paid to maintenance laborers and mechanics employed in the operation, and to architects, technical engineers, draftsmen and technicians employed in the development, of affordable housing.

(c) *Contract Work Hours and Safety Standards Act.* Contracts in excess of \$100,000 to which Davis-Bacon or HUD-determined wage rates apply are subject by law to the overtime provisions of the Contract Work Hours and Safety Standards Act (40 U.S.C. 3701).

(d) *Volunteers.* The requirements in 24 CFR part 70 concerning exemptions for the use of volunteers on projects subject to Davis-Bacon and HUD-determined wage rates are applicable.

(e) Paragraphs (a) through (d) of this section shall not apply to any contract or agreement for assistance, sale, or lease pursuant to NAHASDA, or to any contract for construction, development, operations, or maintenance thereunder, if such contract or agreement for assistance, sale, or lease is otherwise covered by one or more laws or regulations adopted by an Indian tribe that requires the payment of not less than prevailing wages, as determined by the Indian tribe. Paragraphs (a) through (d) of this section shall also not apply to work performed directly by tribal or TDHE employees under a contract or agreement for assistance, sale, or lease, that is covered by one or more such laws or regulations adopted by an Indian tribe.

(f) *Other laws and issuances.* Recipients, contractors, subcontractors, and other participants must comply with regulations issued under the labor standards provisions cited in this section, other applicable

Indian Housing Block Grant Regulations

Federal laws and regulations pertaining to labor standards, and HUD Handbook 1344.1 (Federal Labor Standards Compliance in Housing and Community Development Programs).

§1000.18 What environmental review requirements apply?

The environmental effects of each activity carried out with assistance under this part must be evaluated in accordance with the provisions of the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321) and the related authorities listed in HUD's implementing regulations at 24 CFR parts 50 and 58. An environmental review does not have to be completed prior to HUD approval of an IHP.

[↑ Back to Top](#)

§1000.20 Is an Indian tribe required to assume environmental review responsibilities?

(a) No. It is an option an Indian tribe may choose. If an Indian tribe declines to assume the environmental review responsibilities, HUD will perform the environmental review in accordance with 24 CFR part 50. The timing of HUD undertaking the environmental review will be subject to the availability of resources. A HUD environmental review must be completed for any NAHASDA assisted activities not excluded from review under 24 CFR 50.19(b) before a recipient may acquire, rehabilitate, convert, lease, repair or construct property, or commit HUD or local funds used in conjunction with such NAHASDA assisted activities with respect to the property.

(b) If an Indian tribe assumes environmental review responsibilities:

(1) Its certifying officer must certify that he/she is authorized and consents on behalf of the Indian tribe and such officer to accept the jurisdiction of the Federal courts for the purpose of enforcement of the responsibilities of the certifying officer as set forth in section 105(c) of NAHASDA; and

(2) The Indian tribe must follow the requirements of 24 CFR part 58.

(3) No funds may be committed to a grant activity or project before the completion of the environmental review and approval of the request for release of funds and related certification required by sections 105(b) and 105(c) of NAHASDA, except as authorized by 24 CFR part 58 such as for the costs of environmental reviews and other planning and administrative expenses.

(c) Where an environmental assessment (EA) is appropriate under 24 CFR part 50, instead of an Indian tribe assuming environmental review responsibilities under paragraph (b) of this section or HUD preparing the EA itself under paragraph (a) of this section, an Indian tribe or TDHE may prepare an EA for HUD review. In addition to complying with the requirements of 40 CFR 1506.5(a), HUD shall make its own evaluation of the environmental issues and take responsibility for the scope and content of the EA in accordance with 40 CFR 1506.5(b).

§1000.21 Under what circumstances are waivers of the environmental review procedures available to tribes?

Indian Housing Block Grant Regulations

A tribe or recipient may request that the Secretary waive the requirements under section 105 of NAHASDA. The Secretary may grant the waiver if the Secretary determines that a failure on the part of a recipient to comply with provisions of this section:

(a) Will not frustrate the goals of the National Environmental Policy Act of 1969 (42 U.S.C. 4321 *et seq.*) or any other provision of law that furthers the goals of that Act;

(b) Does not threaten the health or safety of the community involved by posing an immediate or long-term hazard to residents of that community;

(c) Is a result of inadvertent error, including an incorrect or incomplete certification provided under section 105(c)(1) of NAHASDA; and

(d) May be corrected through the sole action of the recipient.

§1000.22 Are the costs of the environmental review an eligible cost?

(B) Letter of credit for 25 percent of the total contract price, unconditionally payable upon demand of the recipient, subject to reduction during any warranty period commensurate with potential risk; or

(C) Letter of credit for 10 percent of the total contract price unconditionally payable upon demand of the recipient, subject to reduction during any warranty period commensurate with potential risk, and compliance with the procedures for monitoring of disbursements by the contractor.

(iii) *De minimis procurement.* A recipient shall not be required to comply with §85.36 of this title with respect to any procurement, using a grant provided under NAHASDA, of goods and services with a value of less than \$5,000.

(c) The recipient may appeal any denial of reconsideration by filing an appeal with the Assistant Secretary within twenty calendar days of receiving the denial. The appeal shall set forth the reasons why the recipient does not agree with HUD's decision and set forth justification for the reconsideration.

(d) Within twenty calendar days of receipt of the appeal, the Assistant Secretary shall review the recipient's appeal and act on the appeal, setting forth the reasons for the decision.

in its admissions policy. The recipient shall ensure that housing activities funded under NAHASDA are subject to the preference.

§1000.122 May NAHASDA grant funds be used as matching funds to obtain and leverage funding, including any Federal or state program and still be considered an affordable housing activity?

There is no prohibition in NAHASDA against using grant funds as matching funds.

§1000.124 What maximum and minimum rent or homebuyer payment can a recipient charge a low-income rental tenant or homebuyer residing in housing units assisted with NAHASDA grant amounts?

A recipient can charge a low-income rental tenant or homebuyer rent or homebuyer payments not to exceed 30 percent of the adjusted income of the family. The recipient may also decide to compute its rental and homebuyer payments on any lesser percentage of adjusted income of the family. This requirement applies only to units assisted with NAHASDA grant amounts. NAHASDA does not set minimum rents or homebuyer payments; however, a recipient may do so.

[↑ Back to Top](#)

§1000.126 May a recipient charge flat or income-adjusted rents?

Yes, providing the rental or homebuyer payment of the low-income family does not exceed 30 percent of the family's adjusted income.

[↑ Back to Top](#)

§1000.128 Is income verification required for assistance under NAHASDA?

(a) Yes, the recipient must verify that the family is income eligible based on anticipated annual income. The family is required to provide documentation to verify this determination. The recipient is required to maintain the documentation on which the determination of eligibility is based.

(b) The recipient may require a family to periodically verify its income in order to determine housing payments or continued occupancy consistent with locally adopted policies. When income verification is required, the family must provide documentation which verifies its income, and this documentation must be retained by the recipient.

§1000.130 May a recipient charge a non low-income family rents or homebuyer payments which are more than 30 percent of the family's adjusted income?

§1000.132 Are utilities considered a part of rent or homebuyer payments?

Utilities may be considered a part of rent or homebuyer payments if a recipient decides to define rent or homebuyer payments to include utilities in its written policies on rents and homebuyer payments required by section 203(a)(1) of NAHASDA. A recipient may define rents and homebuyer payments to exclude utilities.

§1000.134 When may a recipient (or entity funded by a recipient) demolish or dispose of current assisted stock?

(a) A recipient (or entity funded by a recipient) may undertake a planned demolition or disposal of current assisted stock owned by the recipient or an entity funded by the recipient when:

(1) A financial analysis demonstrates that it is more cost-effective or housing program-effective for the recipient to demolish or dispose of the unit than to continue to operate or own it; or

(2) The housing unit has been condemned by the government which has authority over the unit; or

(3) The housing unit is an imminent threat to the health and safety of housing residents; or

(4) Continued habitation of a housing unit is inadvisable due to cultural or historical considerations.

(b) No action to demolish or dispose of the property other than performing the analysis cited in paragraph (a) of this section can be taken until HUD has been notified in writing of the recipient's intent to demolish or dispose of the housing units consistent with section 102(c)(4)(H) of NAHASDA. The written notification must set out the analysis used to arrive at the decision to demolish or dispose of the property and may be set out in a recipient's IHP or in a separate submission to HUD.

(c) In any disposition sale of a housing unit, a sale process designed to maximize the sale price will be used. However, where the sale is to a low-income Indian family, the home may be disposed of without maximizing the sale price so long as such price is consistent with a recipient's IHP. The sale proceeds from the disposition of any housing unit are program income under NAHASDA and must be used in accordance with the requirements of NAHASDA and these regulations.

§1000.136 What insurance requirements apply to housing units assisted with NAHASDA grants?

(a) The recipient shall provide adequate insurance either by purchasing insurance or by indemnification against casualty loss by providing insurance in adequate amounts to indemnify the recipient against loss from fire, weather, and liability claims for all housing units owned or operated by the recipient.

(b) The recipients shall not require insurance on units assisted by grants to families for privately owned housing if there is no risk of loss or exposure to the recipient or if the assistance is in an amount less than \$5000, but will require insurance when repayment of all or part of the assistance is part of the assistance agreement.

Indian Housing Block Grant Regulations

(c) The recipient shall require contractors and subcontractors to either provide insurance covering their activities or negotiate adequate indemnification coverage to be provided by the recipient in the contract.

(d) These requirements are in addition to applicable flood insurance requirements under §1000.38.

[↑ Back to Top](#)

§1000.138 What constitutes adequate insurance?

Insurance is adequate if it is a purchased insurance policy from an insurance provider or a plan of self-insurance in an amount that will protect the financial stability of the recipient's IHBG program. Recipients may purchase the required insurance without regard to competitive selection procedures from nonprofit insurance entities which are owned and controlled by recipients and which have been approved by HUD.

[↑ Back to Top](#)

§1000.139 What are the standards for insurance entities owned and controlled by recipients?

(a) *General.* A recipient may provide insurance coverage required by section 203(c) of NAHASDA and §§1000.136 and 1000.138 through a self-insurance plan, approved by HUD in accordance with this section, provided by a nonprofit insurance entity that is wholly owned and controlled by IHBG recipients.

(b) *Self-insurance plan.* An Indian housing self-insurance plan must be shown to meet the requirements of paragraph (c) of this section.

(c) *Application.* For a self-insurance plan to be approved by HUD, an application and supporting materials must be submitted containing the information specified in paragraphs (c)(1) through (c)(9) of this section. Any material changes made to these documents after initial approval must be submitted to HUD. Adverse material changes may cause HUD to revoke its approval of a self-insurance entity. The application submitted to HUD must show that:

(1) The plan is organized as an insurance entity, tribal self-insurance plan, tribal risk retention group, or Indian housing self-insurance risk pool;

(2) The plan limits participation to IHBG recipients;

(3) The plan operates on a nonprofit basis;

(4)(i) The plan employs or contracts with a third party to provide competent underwriting and management staff;

(A) The underwriting staff must be composed of insurance professionals with an average of at least five years of experience in large risk commercial underwriting exceeding \$100,000 in annual premiums or at least five years of experience in underwriting risks for public entity plans of self-insurance;

(B) The management staff must have at least one senior manager who has a minimum of five years of insurance experience at the level of vice president of a property or casualty insurance entity; as a senior branch manager of a branch office with annual property or casualty premiums exceeding five million dollars; or as a senior manager of a public entity self-insurance risk pool;

Indian Housing Block Grant Regulations

(ii) Satisfaction of this requirement may be demonstrated by evidence such as résumés and employment history of the underwriting staff for the plan and of the key management staff with day-to-day operational oversight of the plan;

(5) The plan maintains internal controls and cost containment measures, as shown by the annual budget;

(6) The plan maintains sound investments consistent with its articles of incorporation, charter, bylaws, risk pool agreement, or other applicable organizational document or agreement concerning investments;

(7) The plan maintains adequate surplus and reserves, as determined by HUD, for undischarged liabilities of all types, as shown by a current audited financial statement and an actuarial review conducted in accordance with paragraph (e) of this section;

(8) The plan has proper organizational documentation, as shown by copies of the articles of incorporation, charter, bylaws, subscription agreement, business plan, contracts with third-party administrators, and other organizational documents; and

(9) A plan's first successful application for approval under this section must also include an opinion from the plan's legal counsel that the plan is properly chartered, incorporated, or otherwise formed under applicable law.

(d) *HUD consideration of plan.* HUD will consider an application for approval of a self-insurance plan submitted under this section and approve or disapprove that application no later than 90 days from the date of receipt of a complete application. If an application is disapproved, HUD shall notify the applicant of the reasons for disapproval and may offer technical assistance to a recipient to help the recipient correct the deficiencies in the application. The recipient may then resubmit the application under this section.

(e) *Annual reporting.* An approved plan must undergo an audit and actuarial review annually. In addition, an evaluation of the plan's management must be performed by an insurance professional every three years. These audits, actuarial reviews, and management reviews must be submitted to HUD within 90 days after the end of the insuring entity's fiscal year and be prepared in accordance with the following standards:

(1) The annual financial statement must be prepared in accordance with generally accepted accounting principles (GAAP) and audited by an independent auditor in accordance with generally accepted government auditing standards. The independent auditor shall state in writing an opinion on whether the plan's financial statement is presented fairly, in accordance with GAAP;

(2) The actuarial review of the plan shall be done consistently with requirements established by the Association of Governmental Risk Pools and conducted by an independent property or casualty actuary who is a member of a recognized professional actuarial organization, such as the American Academy of Actuaries. The report issued and submitted to HUD must include the actuary's written opinion on any over- or under-reserving and the adequacy of the reserve maintained for open claims and for incurred but unreported claims;

(3) The management review must be prepared by an independent insurance consultant who has received the professional designation of a chartered property/casualty underwriter (CPCU), associate in risk management (ARM), or associate in claims (AIC), and must cover the following:

(i) The efficiency of the management or third-party administrator of the plan;

Indian Housing Block Grant Regulations

- (ii) Timeliness of the claim payments and reserving practices; and
- (iii) The adequacy of reinsurance or excess insurance coverage.

(f) *Revocation of approval.* HUD may revoke its approval of a plan under this section when the plan no longer meets the requirements of this section. The plan's management will be notified in writing of the proposed revocation of its approval and of the manner and time in which to request a hearing to challenge the determination, in accordance with the dispute resolution procedures set forth in this part for model housing activities (§1000.118).

(g) *Preemption.* In order that tribally owned Indian housing insurance entities that provide insurance for IHBG-assisted housing will not be subject to conflicting state laws and widely varying and costly requirements, any self-insurance plan under this section that meets the requirements of this section and that has been approved by HUD shall be governed by the regulations of this subpart in its provision of insurance for IHBG-assisted housing.

To the extent required in the IHP, each recipient shall describe its determination of the useful life of the assisted housing units in its developments in accordance with the local conditions of the Indian area of the recipient. By approving the plan, HUD determines the useful life in accordance with section 205(a)(2) of NAHASDA and for purposes of section 209.

[↑ Back to Top](#)

§1000.156 Is affordable housing developed, acquired, or assisted under the IHBG program subject to limitations on cost or design standards?

Yes. Affordable housing must be of moderate design. For these purposes, moderate design is defined as housing that is of a size and with amenities consistent with unassisted housing offered for sale in the Indian tribe's general geographic area to buyers who are at or below the area median income. The local determination of moderate design applies to all housing assisted under an affordable housing activity, including development activities (e.g., acquisition, new construction, reconstruction, moderate or substantial rehabilitation of affordable housing and homebuyer assistance) and model activities. Acquisition includes assistance to a family to buy housing. Units with the same number of bedrooms must be comparable with respect to size, cost and amenities.

[66 FR 49790, Sept. 28, 2001]

[↑ Back to Top](#)

§1000.158 How will a NAHASDA grant recipient know that the housing assisted under the IHBG program meets the requirements of §1000.156?

(a) A recipient must use one of the methods specified in paragraph (b) or (c) of this section to determine if an assisted housing project meets the moderate design requirements of §1000.156. For purposes of this requirement, a project is one or more housing units, of comparable size, cost, amenities and design, developed with assistance provided by the Act.

(b) The recipient may adopt written standards for its affordable housing programs that reflect the requirement specified in §1000.156. The standards must describe the type of housing, explain the basis for the standards, and use similar housing in the Indian tribe's general geographic area. For each affordable housing project, the recipient must maintain documentation substantiating compliance with the adopted housing standards. The standards and documentation substantiating compliance for each activity must be available for review by the general public and, upon request, by HUD. Prior to awarding a contract for the construction of housing or beginning construction using its own workforce, the recipient must complete a comparison of the cost of developing or acquiring/rehabilitating the affordable housing with the limits provided by the TDC discussed in paragraph (c) of this section and may not, without prior HUD approval, exceed by more than 10 percent the TDC maximum cost for the project. In developing standards under this paragraph, the recipient must establish, maintain, and follow policies that determine a local definition of moderate design which considers:

- (1) Gross area;
- (2) Total cost to provide the housing;
- (3) Environmental concerns and mitigations;
- (4) Climate;
- (5) Comparable housing in geographical area;

Indian Housing Block Grant Regulations

(6) Local codes, ordinances and standards;

(7) Cultural relevance in design;

(8) Design and construction features that are reasonable, and necessary to provide decent, safe, sanitary and affordable housing; and

(9) Design and construction features that are accessible to persons with a variety of disabilities.

(c) If the recipient has not adopted housing standards specified in paragraph (b) of this section, Total Development Cost (TDC) limits published periodically by HUD establish the maximum amount of funds (from all sources) that the recipient may use to develop or acquire/rehabilitate affordable housing. The recipient must complete a comparison of the cost of developing or acquiring/rehabilitating the affordable housing with the limits provided by the TDC and may not, without prior HUD approval, exceed the TDC maximum cost for the project.

§1000.160 Are non-dwelling structures developed, acquired or assisted under the IHBG program subject to limitations on cost or design standards?

Yes. Non-dwelling structures must be of a design, size and with features or amenities that are reasonable and necessary to accomplish the purpose intended by the structures. The purpose of a non-dwelling structure must be to support an affordable housing activity, as defined by the Act.

[66 FR 49790, Sept. 28, 2001]

 [Back to Top](#)

§1000.162 How will a recipient know that non-dwelling structures assisted under the IHBG program meet the requirements of 1000.160?

(a) The recipient must use one of the methods described in paragraph (b) or (c) of this section to determine if a non-dwelling structure meets the limitation requirements of §1000.160. If the recipient develops, acquires, or rehabilitates a non-dwelling structure with funds from NAHASDA and other sources, then the cost limit standard established under these regulations applies to the entire structure. If funds are used from two different sources, the standards of the funding source with the more restrictive rules apply.

(b)(1) The recipient may adopt written standards for non-dwelling structures. The standards must describe the type of structures and must clearly describe the criteria to be used to guide the cost, size, design, features, amenities, performance or other factors. The standards for such structures must be able to support the reasonableness and necessity for these factors and to clearly identify the affordable housing activity that is being provided.

(2) When the recipient applies a standard to particular structures, it must document the following: (i) Identification of targeted population to benefit from the structures;

(ii) Identification of need or problem to be solved;

Indian Housing Block Grant Regulations

- (iii) Affordable housing activity provided or supported by the structures;
- (iv) Alternatives considered;
- (v) Provision for future growth and change;
- (vi) Cultural relevance of design;
- (vii) Size and scope supported by population and need;
- (viii) Design and construction features that are accessible to persons with a variety of disabilities;
- (ix) Cost; and
- (x) Compatibility with community infrastructure and services.

(c) If the recipient has not adopted program standards specified in paragraph (b) of this section, then it must demonstrate and document that the non-dwelling structure is of a cost, size, design and with amenities consistent with similarly designed and constructed structures in the recipient's general geographic area.

- (a) By resolution of the Indian tribe; or

(b) In the absence of a designation by the Indian tribe, the default designation as provided in section 4(21) of NAHASDA shall apply.

[↑ Back to Top](#)

§1000.208 What happens if an Indian tribe had two IHAs as of September 30, 1996?

Indian tribes which had established and were operating two IHAs as of September 30, 1996, under the 1937 Act shall be allowed to form and operate two TDHEs under NAHASDA. Nothing in this section shall affect the allocation of funds otherwise due to an Indian tribe under the formula.

[↑ Back to Top](#)

§1000.210 What happens to existing 1937 Act units in those jurisdictions for which Indian tribes do not or cannot submit an IHP?

NAHASDA does not provide the statutory authority for HUD to grant NAHASDA grant funds to an Indian housing authority, Indian tribe or to a default TDHE which cannot obtain a tribal certification, if the requisite IHP is not submitted by an Indian tribe or is determined to be out of compliance by HUD. There may be circumstances where this may happen, and in those cases, other methods of tribal, Federal, or private market support may have to be sought to maintain and operate those 1937 Act units.

[↑ Back to Top](#)

§1000.212 Is submission of an IHP required?

Yes. An Indian tribe or, with the consent of its Indian tribe(s), the TDHE, must submit an IHP to HUD to receive funding under NAHASDA, except as provided in section 101(b)(2) of NAHASDA. If a TDHE has been designated by more than one Indian tribe, the TDHE can submit a separate IHP for each Indian tribe or it may submit a single IHP based on the requirements of §1000.220 with the approval of the Indian tribes.

[↑ Back to Top](#)

§1000.214 What is the deadline for submission of an IHP?

Indian Housing Block Grant Regulations

IHPs must be initially sent by the recipient to the Area ONAP no later than 75 days before the beginning of a tribal program year. Grant funds cannot be provided until the plan due under this section is determined to be in compliance with section 102 of NAHASDA and funds are available.

 [Back to Top](#)

§1000.216 What happens if the recipient does not submit the IHP to the Area ONAP by no later than 75 days before the beginning of the tribal program year?

If the IHP is not initially sent by at least 75 days before the beginning of the tribal program year, the recipient will not be eligible for IHBG funds for that fiscal year. Any funds not obligated because an IHP was not received before this deadline has passed shall be distributed by formula in the following year.

 [Back to Top](#)

§1000.220 What are the requirements for the IHP?

The IHP requirements are set forth in section 102(b) of NAHASDA. In addition, §§1000.56, 1000.108, 1000.120, 1000.134, 1000.142, 1000.238, 1000.302, and 1000.328 require or permit additional items to be set forth in the IHP for HUD determinations required by those sections. Recipients are only required to provide IHPs that contain these elements in a form prescribed by HUD. If a TDHE is submitting a single IHP that covers two or more Indian tribes, the IHP must contain a separate certification in accordance with section 102(d) of NAHASDA and IHP Tables for each Indian tribe when requested by such Indian tribes. However, Indian tribes are encouraged to perform comprehensive housing needs assessments and develop comprehensive IHPs and not limit their planning process to only those housing efforts funded by NAHASDA. An IHP should be locally driven.

§1000.222 Are there separate IHP requirements for small Indian tribes and small TDHEs?

No. HUD requirements for IHPs are reasonable.

 [Back to Top](#)

§1000.224 Can any part of the IHP be waived?

Indian Housing Block Grant Regulations

Yes. HUD has general authority under section 101(b)(2) of NAHASDA to waive any IHP requirements when an Indian tribe cannot comply with IHP requirements due to exigent circumstances beyond its control, for a period of not more than 90 days. The waiver authority under section 101(b)(2) of NAHASDA provides flexibility to address the needs of every Indian tribe, including small Indian tribes. The waiver may be requested by the Indian tribe or its TDHE (if such authority is delegated by the Indian tribe), and such waiver shall not be unreasonably withheld.

 [Back to Top](#)

§1000.227 What shall HUD do upon receipt of an IHP submission deadline waiver request?

The waiver shall be decided upon by HUD within 45 days of receipt of the waiver request. HUD shall notify the recipient in writing within 45 days of receipt of the waiver request whether the request is approved or denied.

§1000.228 If HUD changes its IHP format will Indian tribes be involved?

Yes. HUD will first consult with Indian tribes before making any substantial changes to HUD's IHP format.

§1000.230 What is the process for HUD review of IHPs and IHP amendments?

HUD will conduct the IHP review in the following manner:

(a) HUD will conduct a limited review of the IHP to ensure that its contents:

Indian Housing Block Grant Regulations

(1) Comply with the requirements of section 102 of NAHASDA, which outlines the IHP submission requirements; however, the recipient may use either the HUD-estimated IHBG amount or the IHBG amount from their most recent compliant IHP;

(2) Are consistent with information and data available to HUD;

(3) Are not prohibited by or inconsistent with any provision of NAHASDA or other applicable law; and

(4) Include the appropriate certifications.

(b) If the IHP complies with the provisions of paragraphs (a)(1), (a)(2), and (a)(3) of this section, HUD will notify the recipient of IHP compliance within 60 days after receiving the IHP. If HUD fails to notify the recipient, the IHP shall be considered to be in compliance with the requirements of section 102 of NAHASDA and the IHP is approved.

(c) If the submitted IHP does not comply with the provisions of paragraphs (a)(1), and (a)(3) of this section, HUD will notify the recipient of the determination of non-compliance. HUD will provide this notice no later than 60 days after receiving the IHP. This notice will set forth:

(1) The reasons for noncompliance;

(2) The modifications necessary for the IHP to meet the submission requirements; and

(3) The date by which the revised IHP must be submitted.

(d) If the recipient does not submit a revised IHP by the date indicated in the notice provided under paragraph (c) of this section, the IHP will be determined by HUD to be in non-compliance unless a waiver is requested and approved under section 101(b)(2) of NAHASDA. If the IHP is determined by HUD to be in non-compliance and no waiver is granted, the recipient may appeal this determination following the appeal process in §1000.234.

(e)(1) If the IHP does not contain the certifications identified in paragraph (a)(4) of this section, the recipient will be notified within 60 days of submission of the IHP that the plan is incomplete. The notification will include a date by which the certification must be submitted.

(2) If the recipient has not complied or cannot comply with the certification requirements due to circumstances beyond the control of the Indian tribe(s), within the timeframe established, the recipient can request a waiver in accordance with section 101(b)(2) of NAHASDA. If the waiver is approved, the recipient is eligible to receive its grant in accordance with any conditions of the waiver.

§1000.232 Can an Indian tribe or TDHE amend its IHP?

Yes. Section 103(c) of NAHASDA specifically provides that a recipient may submit modifications or revisions of its IHP to HUD. Unless the initial IHP certification provided by an Indian tribe allowed for the submission of IHP amendments without further tribal certifications, a tribal certification must accompany submission of IHP amendments by a TDHE to HUD. HUD's review of an amendment and determination of compliance will be limited to modifications of an IHP which adds new activities or involve a decrease in the amount of funds provided to protect and maintain the viability of housing assisted under the 1937 Act.

Indian Housing Block Grant Regulations

HUD will consider these modifications to the IHP in accordance with §1000.230. HUD will act on amended IHPs within 30 days.

[↑ Back to Top](#)

§1000.234 Can HUD's determination regarding the non-compliance of an IHP or a modification to an IHP be appealed?

(a) Yes. Within 30 days of receiving HUD's disapproval of an IHP or of a modification to an IHP, the recipient may submit a written request for reconsideration of the determination. The request shall include the justification for the reconsideration.

(b) Within 21 days of receiving the request, HUD shall reconsider its initial determination and provide the recipient with written notice of its decision to affirm, modify, or reverse its initial determination. This notice will also contain the reasons for HUD's decision.

(c) The recipient may appeal any denial of reconsideration by filing an appeal with the Assistant Secretary within 21 days of receiving the denial. The appeal shall set forth the reasons why the recipient does not agree with HUD's decision and include justification for the reconsideration.

(d) Within 21 days of receipt of the appeal, the Assistant Secretary shall review the recipient's appeal and act on the appeal. The Assistant Secretary will provide written notice to the recipient setting forth the reasons for the decision. The Assistant Secretary's decision constitutes final agency action.

§1000.236 What are eligible administrative and planning expenses?

(a) Eligible administrative and planning expenses of the IHBG program include, but are not limited to:

- (1) Costs of overall program and/or administrative management;
- (2) Coordination monitoring and evaluation;
- (3) Preparation of the IHP including data collection and transition costs;
- (4) Preparation of the annual performance report;
- (5) Challenge to and collection of data for purposes of challenging the formula; and

(6) Administrative and planning expenses associated with expenditure of non-IHBG funds on affordable housing activities if the source of the non-IHBG funds limits expenditure of its funds on such administrative expenses.

(b) Staff and overhead costs directly related to carrying out affordable housing activities or comprehensive and community development planning activities can be determined to be eligible costs of the affordable housing activity or considered as administration or planning at the discretion of the recipient.

§1000.238 What percentage of the IHBG funds can be used for administrative and planning expenses?

Recipients receiving in excess of \$500,000 may use up to 20 percent of their annual expenditures of grant funds or may use up to 20 percent of their annual grant amount, whichever is greater. Recipients receiving \$500,000 or less may use up to 30 percent of their annual expenditures of grant funds or up to 30 percent of their annual grant amount, whichever is greater. When a recipient is receiving grant funds on behalf of one or more grant beneficiaries, the recipient may use up to 30 percent of the annual expenditure of grant funds or up to 30 percent of the annual grant amount, whichever is greater, of each grant beneficiary whose allocation is \$500,000 or less, and up to 20 percent of the annual expenditure of grant funds or up to 20 percent of the annual grant amount, whichever is greater, of each grant beneficiary whose allocation is greater than \$500,000. HUD approval is required if a higher percentage is requested by the recipient. Recipients combining grant funds with other funding may request HUD approval to use a higher percentage based on its total expenditure of funds from all sources for that year. When HUD approval is required, HUD must take into consideration any cost of preparing the IHP, challenges to and collection of data, the recipient's grant amount, approved cost allocation plans, and any other relevant information with special consideration given to the circumstances of recipients receiving minimal funding.

§1000.239 May a recipient establish and maintain reserve accounts for administration and planning?

Yes. In addition to the amounts established for planning and administrative expenses under §§1000.236 and 1000.238, a recipient may establish and maintain separate reserve accounts only for the purpose of accumulating amounts for administration and planning relating to affordable housing activities. These amounts may be invested in accordance with §1000.58(c). Interest earned on reserves is not program income and shall not be included in calculating the maximum amount of reserves. The maximum amount of reserves, whether in one or more accounts, that a recipient may have available at any one time is calculated as follows:

(a) Determine the 5-year average of administration and planning amounts, not including reserve amounts, expended in a tribal program year.

(b) Establish $\frac{1}{4}$ of that amount for the total eligible reserve.

§1000.244 If the recipient has made a good-faith effort to negotiate a cooperation agreement and tax-exempt status but has been unsuccessful through no fault of its own, may the Secretary waive the requirement for a cooperation agreement and a tax exemption?

Yes. Recipients must submit a written request for waiver to the recipient's Area ONAP. The request must detail a good faith effort by the recipient, identify the housing units involved, and include all pertinent background information about the housing units. The recipient must further demonstrate that it has pursued and exhausted all reasonable channels available to it to reach an agreement to obtain tax-exempt status, and that failure to obtain the required agreement and tax-exempt status has been through no fault of its own. The Area ONAP will forward the request, its recommendation, comments, and any additional relevant documentation to the Deputy Assistant Secretary for Native American Programs for processing to the Assistant Secretary.

§1000.246 How must HUD respond to a request for waiver of the requirement for a cooperation agreement and a tax exemption?

(a) HUD shall make a determination to such request for a waiver within 30 days of receipt or provide a reason to the requestor for the delay, identify all additional documentation necessary, and provide a timeline within which a determination will be made.

(b) If the waiver is granted, HUD shall notify the recipient of the waiver in writing and inform the recipient of any special condition or deadlines with which it must comply. Such waiver shall remain effective until revoked by the Secretary.

(c) If the waiver is denied, HUD shall notify the recipient of the denial and the reason for the denial in writing. If the request is denied, IHBG funds may not be spent on the housing units. If IHBG funds have been spent on the housing units prior to the denial, the recipient must reimburse the grant for all IHBG funds expended.

Subpart D—Allocation Formula

[↑ Back to Top](#)

§1000.301 What is the purpose of the IHBG formula?

Indian Housing Block Grant Regulations

The IHBG formula is used to allocate equitably and fairly funds made available through NAHASDA among eligible Indian tribes. A TDHE may be a recipient on behalf of an Indian tribe.

 [Back to Top](#)

§1000.302 What are the definitions applicable for the IHBG formula?

Allowable Expense Level (AEL) factor. In rental projects, AEL is the per-unit per-month dollar amount of expenses which was used to compute the amount of operating subsidy used prior to October 1, 1997 for the Low Rent units developed under the 1937 Act. The “AEL factor” is the relative difference between a local area AEL and the national weighted average for AEL.

Date of Full Availability (DOFA) means the last day of the month in which substantially all the units in a housing development are available for occupancy.

Fair Market Rent (FMR) factors are gross rent estimates; they include shelter rent plus the cost of all utilities, except telephones. HUD estimates FMRs on an annual basis for 354 metropolitan FMR areas and 2,355 non-metropolitan county FMR areas. The “FMR factor” is the relative difference between a local area FMR and the national weighted average for FMR.

Formula Annual Income. For purposes of the IHBG formula, annual income is a household's total income as currently defined by the U.S. Census Bureau.

Formula area. (1) Formula areas are:

- (i) Reservations for federally recognized Indian tribes, as defined by the U.S. Census;
- (ii) Trust lands;
- (iii) Department of the Interior Near-Reservation Service Areas;
- (iv) Former Indian Reservation Areas in Oklahoma Indian Areas, as defined by the U.S. Census as Oklahoma Tribal Statistical Areas (OTSAs);
- (v) Congressionally Mandated Service Areas;
- (vi) State Tribal Areas as defined by the U.S. Census as State Designated American Indian Statistical Areas (SDAISAs);
- (vii) Tribal Designated Statistical Areas (TDSAs);
- (viii) California Tribal Jurisdictional Areas established or reestablished by federal court judgment; and
- (ix) Alaska formula areas described in paragraph (4) of this definition.

(2)(i) For a geographic area not identified in paragraph (1) of this definition, and for expansion or re-definition of a geographic area from the prior year, including those identified in paragraph (1) of this definition, the Indian tribe must submit, on a form agreed to by HUD, information about the geographic area it wishes to include in its Formula Area, including proof that the Indian tribe, where applicable, has agreed to provide housing services pursuant to a Memorandum of Agreement (MOA) with the tribal and public governing entity or entities of the area, or has attempted to establish such an MOA; and either:

Indian Housing Block Grant Regulations

(A) Could exercise court jurisdiction; or

(B) Is providing substantial housing services and will continue to expend or obligate funds for substantial housing services, as reflected in its Indian Housing Plan and Annual Performance Report for this purpose.

(ii) Upon receiving a request for recognition of a geographic area not identified in paragraph (1) of this definition, HUD shall make a preliminary determination. HUD shall notify all potentially affected Indian tribes of the basis for its preliminary determination by certified mail and provide the Indian tribes with the opportunity to comment for a period of not less than 90 days. After consideration of the comments, HUD shall announce its final determination through FEDERAL REGISTER notice.

(iii) No Indian tribe may expand or redefine its Formula Area without complying with the requirements of paragraphs (2)(i) and (ii) of this definition, notwithstanding any changes recognized by the U.S. Census Bureau.

(iv) The geographic area into which an Indian tribe may expand under this paragraph (2) shall be the smallest U.S. Census unit or units encompassing the physical location where substantial housing services have been provided by the Indian tribe.

(3) Subject to a challenge by an Indian tribe with a Formula Area described under paragraph (1)(iv) of this definition, any federally recognized Indian tribe assigned Formula Area geography in Fiscal Year 2003 not identified in paragraphs (1) and (2) of this definition, shall continue to be assigned such Formula Area in subsequent fiscal years, provided that the Indian tribe continues to provide an appropriate level of housing services within the Formula Area as monitored by HUD using the definition of substantial housing services contained in this section as a guideline but not as a requirement.

(4) Notwithstanding paragraphs (1), (2), and (3) of this definition, Alaska needs data shall be credited as set forth in §1000.327 to the Alaska Native Village (ANV), the regional Indian tribe, or to the regional corporation established pursuant to the Alaska Native Claims Settlement Act (33 U.S.C. 1601 *et seq.*) (ANCSA). For purposes of §1000.327 and this definition:

(i) The formula area of the ANV shall be the geographic area of the village or that area delineated by the TDSA established for the ANV for purposes of the 1990 U.S. Census or the Alaska Native Village Statistical Area (ANVSA) established for the ANV. To the extent that the area encompassed by such designation may substantially exceed the actual geographic area of the village, such designation is subject to challenge pursuant to §1000.336. If the ANVSA or the TDSA is determined pursuant to such challenge to substantially exceed the actual area of the village, then the geographic formula area of the ANV for purposes of §1000.327 shall be such U.S. Census designation as most closely approximates the actual geographic area of the village.

(ii) The geographic formula area of the regional corporation shall be the area established for the corporation by the ANCSA.

(iii) An Indian tribe may seek to expand its Alaska formula area within its ANCSA region pursuant to the procedures set out in paragraph (2) of this definition. Formula Area added in this way shall be treated as overlapping pursuant to §1000.326, unless the Indian tribe's members in the expanded area are less than 50 percent of the AIAN population. In cases where the Indian tribe is not treated as overlapping, the Indian tribe shall be credited with population and housing data only for its own tribal member residents within the new or added area. All other population and housing data for the area shall remain with the Indian tribe or tribes previously credited with such data.

(5) In some cases the population data for an Indian tribe within its Formula Area is greater than its tribal enrollment. In general, to maintain fairness for all Indian tribes, the tribe's population data will not be

Indian Housing Block Grant Regulations

allowed to exceed twice an Indian tribe's enrolled population. However, an Indian tribe subject to this cap may receive an allocation based on more than twice its total enrollment if it can show that it is providing housing assistance to substantially more non-member Indians and Alaska Natives who are members of another federally recognized Indian tribe than it is to members. For state-recognized Indian tribes, the population data and formula allocation shall be limited to their tribal enrollment figures as determined under enrollment criteria in effect in 1996.

(6) In cases where an Indian tribe is seeking to receive an allocation more than twice its total enrollment, the tribal enrollment multiplier will be determined by the total number of Indians and Alaska Natives to whom the Indian tribe is providing housing assistance (on July 30 of the year before funding is sought) divided by the number of members to whom the Indian tribe is providing housing assistance. For example, an Indian tribe that provides housing to 300 Indians and Alaska Natives, of which 100 are members, the Indian tribe would then be able to receive an allocation for up to three times its tribal enrollment if the Indian and Alaska Native population in the area is three or more times the tribal enrollment.

Formula Median Income. For purposes of the formula median income is determined in accordance with section 567 of the Housing and Community Development Act of 1987 (42 U.S.C. 1437a note).

Formula Response Form is the form recipients use to report changes to their Formula Current Assisted stock, formula area, and other formula related information before each year's formula allocation.

Indian Housing Authority (IHA) financed means a homeownership program where title rests with the homebuyer and a security interest rests with the IHA.

Mutual Help Occupancy Agreement (MHOA) means a lease with option to purchase contract between an IHA and a homebuyer under the 1937 Act.

National per unit subsidy is the Fiscal Year 1996 national per unit subsidy (adjusted to full funding level) multiplied by an adjustment factor for inflation.

Overcrowded means households with more than 1.01 persons per room as defined by the U.S. Decennial Census.

Section 8 means the making of housing assistance payments to eligible families leasing existing housing pursuant to the provisions of the 1937 Act.

Section 8 unit means the contract annualized housing assistance payments (certificates, vouchers, and project based) under the Section 8 program.

Substantial housing services are:

(1) Affordable housing activities funded from any source provided to AIAN households with incomes 80 percent of the median income as defined in NAHASDA (25 U.S.C. 4103 (14)) or lower, equivalent to 100 percent or more of the increase in the IHBG formula allocation that the Indian tribe would receive as a result of adding the proposed geography; or

(2) Affordable housing activities funded with IHBG funds provided to AIAN households with incomes 80 percent of the median income as defined in NAHASDA (25 U.S.C. 4104(14)) or lower, equivalent to 51 percent or more of the Indian tribe's current total IHBG grant; and either:

(i) Fifty-one percent or more of the Indian tribe's official enrollment resides within the geographic area; or

Indian Housing Block Grant Regulations

(ii) The Indian tribe's official enrollment constitutes 51 percent or more of the total AIAN persons within the geography.

(3) HUD shall require that the Indian tribe annually provide written verification, in its Indian Housing Plan and Annual Performance Report, that the affordable housing activities it is providing meet the definition of substantial housing services.

Total Development Cost (TDC) is the sum of all costs for a project including all undertakings necessary for administration, planning, site acquisition, demolition, construction or equipment and financing (including payment of carrying charges) and for otherwise carrying out the development of the project, excluding off site water and sewer. Total Development Cost amounts will be based on a moderately designed house and will be determined by averaging the current construction costs as listed in not less than two nationally recognized residential construction cost indices.

Without kitchen or plumbing means, as defined by the U.S. Decennial Census, an occupied house without one or more of the following items:

- (1) Hot and cold piped water;
- (2) A flush toilet;
- (3) A bathtub or shower;
- (4) A sink with piped water;
- (5) A range or cookstove; or
- (6) A refrigerator.

§1000.304 May the IHBG formula be modified?

Yes, as long as any modification does not conflict with the requirements of NAHASDA.

[↑ Back to Top](#)

§1000.306 How can the IHBG formula be modified?

(a) The IHBG formula can be modified upon development of a set of measurable and verifiable data directly related to Indian and Alaska Native housing need. Any data set developed shall be compiled with the consultation and involvement of Indian tribes and examined and/or implemented not later than 5 years from the date of issuance of these regulations and periodically thereafter.

(b) The IHBG Formula shall be reviewed not later than May 21, 2012 to determine if a subsidy is needed to operate and maintain NAHASDA units or if any other changes are needed in respect to funding under the Formula Current Assisted Stock component of the formula.

Indian Housing Block Grant Regulations

(c) During the five year review of housing stock for formula purposes, the Section 8 units shall be reduced by the same percentage as the current assisted rental stock has diminished since September 30, 1999.

§1000.308 Who can make modifications to the IHBG formula?

HUD can make modifications in accordance with §1000.304 and §1000.306 provided that any changes proposed by HUD are published and made available for public comment in accordance with applicable law before their implementation.

[↑ Back to Top](#)

§1000.310 What are the components of the IHBG formula?

The IHBG formula consists of two components:

- (a) Formula Current Assisted Housing Stock (FCAS); and
- (b) Need.

[↑ Back to Top](#)

§1000.312 What is current assisted stock?

Current assisted stock consists of housing units owned or operated pursuant to an ACC. This includes all low rent, Mutual Help, and Turnkey III housing units under management as of September 30, 1997, as indicated in the Formula Response Form.

[↑ Back to Top](#)

§1000.314 What is formula current assisted stock?

Formula current assisted stock is current assisted stock as described in §1000.312 plus 1937 Act units in the development pipeline when they become owned or operated by the recipient and are under management as indicated in the Formula Response Form. Formula current assisted stock also includes Section 8 units when their current contract expires and the Indian tribe continues to manage the assistance in a manner similar to the Section 8 program, as reported on the Formula Response Form.

[↑ Back to Top](#)

§1000.315 Is a recipient required to report changes to the Formula Current Assisted Stock (FCAS) on the Formula Response Form?

(a) A recipient shall report changes to information related to the IHBG formula on the Formula Response Form, including corrections to the number of Formula Current Assisted Stock (FCAS), during the time period required by HUD. This time period shall be not less than 60 days from the date of the HUD letter transmitting the form to the recipient.

Indian Housing Block Grant Regulations

(b) The Formula Response Form is the only mechanism that a recipient shall use to report changes to the number of FCAS.

[72 FR 20025, Apr. 20, 2007]

[↑ Back to Top](#)

§1000.316 How is the Formula Current Assisted Stock (FCAS) Component developed?

The Formula Current Assisted Stock component consists of two elements. They are:

(a) *Operating subsidy*. The operating subsidy consists of three variables which are:

(1) The number of low-rent FCAS units multiplied by the national per unit subsidy;

(2) The number of Section 8 units whose contract has expired but had been under contract on September 30, 1997, multiplied by the FY 1996 national per unit subsidy; and

(3) The number of Mutual Help and Turnkey III FCAS units multiplied by the national per unit subsidy.

(b) *Modernization allocation*. (1) For Indian tribes with an Indian Housing Authority that owned or operated 250 or more public housing units on October 1, 1997, the modernization allocation equals the number of Low Rent, Mutual Help, and Turnkey III FCAS units multiplied by the national per-unit amount of allocation for FY 1996 modernization multiplied by an adjustment factor for inflation.

(2) For Indian tribes with an Indian Housing Authority that owned or operated fewer than 250 public housing units on October 1, 1997, the modernization allocation equals the average amount of funds received under the assistance program authorized by section 14 of the 1937 Act (not including funds provided as emergency assistance) for FYs 1992 through 1997.

[↑ Back to Top](#)

§1000.317 Who is the recipient for funds for current assisted stock which is owned by state-created Regional Native Housing Authorities in Alaska?

If housing units developed under the 1937 Act are owned by a state-created Regional Native Housing Authority in Alaska, and are not located on an Indian reservation, then the recipient for funds allocated for the current assisted stock portion of NAHASDA funds for the units is the regional Indian tribe.

[↑ Back to Top](#)

§1000.318 When do units under Formula Current Assisted Stock cease to be counted or expire from the inventory used for the formula?

(a) Mutual Help and Turnkey III units shall no longer be considered Formula Current Assisted Stock when the Indian tribe, TDHE, or IHA no longer has the legal right to own, operate, or maintain the unit, whether such right is lost by conveyance, demolition, or otherwise, provided that:

Indian Housing Block Grant Regulations

(1) Conveyance of each Mutual Help or Turnkey III unit occurs as soon as practicable after a unit becomes eligible for conveyance by the terms of the MHOA; and

(2) The Indian tribe, TDHE, or IHA actively enforce strict compliance by the homebuyer with the terms and conditions of the MHOA, including the requirements for full and timely payment.

(b) Rental units shall continue to be included for formula purposes as long as they continue to be operated as low income rental units by the Indian tribe, TDHE, or IHA.

(c) Expired contract Section 8 units shall continue as rental units and be included in the formula as long as they are operated as low income rental units as included in the Indian tribe's or TDHE's Formula Response Form.

 [Back to Top](#)

§1000.319 What would happen if a recipient misreports or fails to correct Formula Current Assisted Stock (FCAS) information on the Formula Response Form?

(a) A recipient is responsible for verifying and reporting changes to their Formula Current Assisted Stock (FCAS) on the Formula Response Form to ensure that data used for the IHBG Formula are accurate (see §1000.315). Reporting shall be completed in accordance with requirements in this Subpart D and the Formula Response Form.

(b) If a recipient receives an overpayment of funds because it failed to report such changes on the Formula Response Form in a timely manner, the recipient shall be required to repay the funds within 5 fiscal years. HUD shall subsequently distribute the funds to all Indian tribes in accordance with the next IHBG Formula allocation.

(c) A recipient will not be provided back funding for any units that the recipient failed to report on the Formula Response Form in a timely manner.

(d) HUD shall have 3 years from the date a Formula Response Form is sent out to take action against any recipient that fails to correct or make appropriate changes on that Formula Response Form. Review of FCAS will be accomplished by HUD as a component of A-133 audits, routine monitoring, FCAS target monitoring, or other reviews.

§1000.320 How is Formula Current Assisted Stock adjusted for local area costs?

There are two adjustment factors that are used to adjust the allocation of funds for the Current Assisted Stock portion of the formula. They are:

(a) Operating Subsidy as adjusted by the greater of the AEL factor or FMR factor (AELFMR); and

(b) Modernization as adjusted by TDC.

§1000.322 Are IHA financed units included in the determination of Formula Current Assisted Stock?

No. If these units are not owned or operated at the time (September 30, 1997) pursuant to an ACC then they are not included in the determination of Formula Current Assisted Stock.

§1000.324 How is the need component developed?

After determining the FCAS allocation, remaining funds are allocated by need component. The need component consists of seven criteria. They are:

- (a) American Indian and Alaskan Native (AIAN) Households with housing cost burden greater than 50 percent of formula annual income weighted at 22 percent;
- (b) AIAN Households which are overcrowded or without kitchen or plumbing weighted at 25 percent;
- (c) Housing Shortage which is the number of AIAN households with an annual income less than or equal to 80 percent of formula median income reduced by the combination of current assisted stock and units developed under NAHASDA weighted at 15 percent;
- (d) AIAN households with annual income less than or equal to 30 percent of formula median income weighted at 13 percent;
- (e) AIAN households with annual income between 30 percent and 50 percent of formula median income weighted at 7 percent;
- (f) AIAN households with annual income between 50 percent and 80 percent of formula median income weighted at 7 percent;
- (g) AIAN persons weighted at 11 percent.

§1000.325 How is the need component adjusted for local area costs?

The need component is adjusted by the TDC.

§1000.326 What if a formula area is served by more than one Indian tribe?

(a) If an Indian tribe's formula area overlaps with the formula area of one or more other Indian tribes, the funds allocated to that Indian tribe for the geographic area in which the formula areas overlap will be divided based on:

- (1) The Indian tribe's proportional share of the population in the overlapping geographic area; and
- (2) The Indian tribe's commitment to serve that proportional share of the population in such geographic area.

Indian Housing Block Grant Regulations

(3) In cases where a State recognized Indian tribe's formula area overlaps with a Federally recognized Indian tribe, the Federally recognized Indian tribe receives the allocation for the overlapping area.

Suggested data sources include tribal enrollment lists, the U.S. Census, Indian Health Service User Data, and Bureau of Indian Affairs data.

§1000.327 What is the order of preference for allocating the IHBG formula needs data for Indian tribes in Alaska not located on reservations due to the unique circumstances in Alaska?

(a) Data in areas without reservations. The data on population and housing within an Alaska Native Village is credited to the Alaska Native Village. Accordingly, the village corporation for the Alaska Native Village has no needs data and no formula allocation. The data on population and housing outside the Alaska Native Village is credited to the regional Indian tribe, and if there is no regional Indian tribe, the data will be credited to the regional corporation.

(b) Deadline for notification on whether an IHP will be submitted. By September 15 of each year, each Indian tribe in Alaska not located on a reservation, including each Alaska Native village, regional Indian tribe, and regional corporation, or its TDHE must notify HUD in writing whether it or its TDHE intends to submit an IHP. If an Alaska Native village notifies HUD that it does not intend either to submit an IHP or to designate a TDHE to do so, or if HUD receives no response from the Alaska Native village or its TDHE, the formula data which would have been credited to the Alaska Native village will be credited to the regional Indian tribe, or if there is no regional Indian tribe, to the regional corporation.

(3) Within 20 calendar days of receiving the request, HUD shall reconsider the Indian tribe or TDHE's submission and either affirm or reverse its initial decision in writing, setting forth HUD's reasons for the decision.

(4) Pursuant to resolution of the dispute:

(i) If the Indian tribe or TDHE prevails, an adjustment to the Indian tribe's or TDHE's subsequent allocation for the subsequent year shall be made retroactive to include only the disputed fiscal year(s); or

(ii) If HUD prevails, it shall issue a written decision denying the Indian tribe or TDHE's petition for reconsideration, which shall constitute final agency action.

(f) In the event HUD questions that the data contained in the formula does not accurately represent the Indian tribe's need, HUD shall request the Indian tribe to submit supporting documentation to justify the data and to provide a commitment to serve the population indicated in the geographic area.

In reviewing each recipient's performance, HUD may consider the following:

(a) The approved IHP and any amendments thereto;

(b) Reports prepared by the recipient;

(c) Records maintained by the recipient;

(d) Results of HUD's monitoring of the recipient's performance, including on-site evaluation of the quality of the work performed;

(e) Audit reports;

(f) Records of drawdown(s) of grant funds;

(g) Records of comments and complaints by citizens and organizations within the Indian area;

(h) Litigation; and

§1000.528 What are the procedures for the recipient to comment on the result of HUD's review when HUD issues a report under section 405(b) of NAHASDA?

HUD will issue a draft report to the recipient and Indian tribe within 60 days of the completion of HUD's review. The recipient will have at least 60 days to review and comment on the draft report, as well as provide any additional information relating to the draft report. Upon written notification to HUD, the recipient may exercise the right to take an additional 30 days to complete its review and comment to the

draft report. Additional extensions of time for the recipient to complete review and comment may be mutually agreed upon in writing by HUD and the recipient. HUD shall consider the comments and any additional information provided by the recipient. HUD may also revise the draft report based on the comments and any additional information provided by the recipient. HUD shall make the recipient's comments and a final report readily available to the recipient, grant beneficiary, and the public not later than 30 days after receipt of the recipient's comments and additional information.

§1000.530 What corrective and remedial actions will HUD request or recommend to address performance problems prior to taking action under §1000.532?

(a) The following actions are designed, first, to prevent the continuance of the performance problem(s); second, to mitigate any adverse effects or consequences of the performance problem(s); and third, to prevent a recurrence of the same or similar performance problem. The following actions, at least one of which must be taken prior to a sanction under paragraph (b), may be taken by HUD singly or in combination, as appropriate for the circumstances:

(1) Issue a letter of warning advising the recipient of the performance problem(s), describing the corrective actions that HUD believes should be taken, establishing a completion date for corrective actions, and notifying the recipient that more serious actions may be taken if the performance problem(s) is not corrected or is repeated;

(2) Request the recipient to submit progress schedules for completing activities or complying with the requirements of this part;

(3) Recommend that the recipient suspend, discontinue, or not incur costs for the affected activity;

(4) Recommend that the recipient redirect funds from affected activities to other eligible activities;

(5) Recommend that the recipient reimburse the recipient's program account in the amount improperly expended; and

(6) Recommend that the recipient obtain appropriate technical assistance using existing grant funds or other available resources to overcome the performance problem(s).

(b) Failure of a recipient to address performance problems specified in paragraph (a) of this section may result in the imposition of sanctions as prescribed in §1000.532.

§1000.532 What are the remedial actions that HUD may take in the event of recipient's substantial noncompliance?

(a) If HUD finds after reasonable notice and opportunity for hearing that a recipient has failed to comply substantially with any provision of NAHASDA or the regulations in this part, HUD shall carry out any of the following actions with respect to the recipient's current or future grants, as appropriate:

Indian Housing Block Grant Regulations

- (1) Terminate payments under NAHASDA to the recipient;
 - (2) Reduce payments under NAHASDA to the recipient by an amount equal to the amount of such payments that were not expended in accordance with NAHASDA or these regulations;
 - (3) Limit the availability of payments under NAHASDA to programs, projects, or activities not affected by the failure to comply; or
 - (4) In the case of noncompliance described in §1000.542, provide a replacement TDHE for the recipient.
- (b) Before undertaking any action in accordance with paragraph (a) of this section, HUD will notify the recipient in writing of the action it intends to take and provide the recipient an opportunity for an informal meeting to resolve the deficiency. Before taking any action under paragraph (a) of this section, HUD shall provide the recipient with the opportunity for a hearing no less than 30 days prior to taking the proposed action. The hearing shall be held in accordance with §1000.540. The amount in question shall not be reallocated under the provisions of §1000.536, until 15 days after the hearing has been conducted and HUD has rendered a final decision.
- (c) Notwithstanding paragraphs (a) and (b) of this section, if HUD makes a determination that the failure of a recipient to comply substantially with any material provision of NAHASDA or these regulations is resulting, and would continue to result, in a continuing expenditure of funds provided under NAHASDA in a manner that is not authorized by law, HUD may, in accordance with section 401(a)(4) of NAHASDA, take action under paragraph (a)(3) of this section prior to conducting a hearing under paragraph (b) of this section. HUD shall provide notice to the recipient at the time that HUD takes that action and conducts a hearing, in accordance with section 401(a)(4)(B) of NAHASDA, within 60 days of such notice.
- (d) Notwithstanding paragraph (a) of this section, if HUD determines that the failure to comply substantially with the provisions of NAHASDA or these regulations is not a pattern or practice of activities constituting willful noncompliance, and is a result of the limited capability or capacity of the recipient, if the recipient requests, HUD shall provide technical assistance for the recipient (directly or indirectly) that is designed to increase the capability or capacity of the recipient to administer assistance under NAHASDA in compliance with the requirements under NAHASDA. A recipient's eligibility for technical assistance under this subsection is contingent on the recipient's execution of, and compliance with, a performance agreement pursuant to Section 401(b) of NAHASDA.
- (e) In lieu of, or in addition to, any action described in this section, if the Secretary has reason to believe that the recipient has failed to comply substantially with any provisions of NAHASDA or these regulations, HUD may refer the matter to the Attorney General of the United States, with a recommendation that appropriate civil action be instituted.

§1000.534 What constitutes substantial noncompliance?

HUD will review the circumstances of each noncompliance with NAHASDA and the regulations on a case-by-case basis to determine if the noncompliance is substantial. This review is a two step process. First, there must be a noncompliance with NAHASDA or these regulations. Second, the noncompliance must be substantial. A noncompliance is substantial if:

Indian Housing Block Grant Regulations

(a) The noncompliance has a material effect on the recipient meeting its planned activities as described in its Indian Housing Plan;

(b) The noncompliance represents a material pattern or practice of activities constituting willful noncompliance with a particular provision of NAHASDA or the regulations, even if a single instance of noncompliance would not be substantial;

(c) The noncompliance involves the obligation or expenditure of a material amount of the NAHASDA funds budgeted by the recipient for a material activity; or

(d) The noncompliance places the housing program at substantial risk of fraud, waste or abuse.

§1000.542 When may HUD require replacement of a recipient?

(a) In accordance with section 402 of NAHASDA, as a condition of HUD making a grant on behalf of an Indian tribe, the Indian tribe shall agree that, notwithstanding any other provisions of law, HUD may, only in the circumstances discussed below, require that a replacement TDHE serve as the recipient for the Indian tribe.

(b) HUD may require a replacement TDHE for an Indian tribe only upon a determination by HUD on the record after opportunity for hearing that the recipient for the Indian tribe has engaged in a pattern or practice of activities that constitute substantial or willful noncompliance with the requirements of NAHASDA.

§1000.544 What audits are required?

Pursuant to NAHASDA section 405(a), the recipient must comply with the requirements of the Single Audit Act (chapter 75 of title 31, United States Code), including OMB Circular A-133, which require annual audits of recipients that expend federal funds equal to or in excess of an amount specified by the Office of

Indian Housing Block Grant Regulations

Management and Budget (OMB), as set out in OMB Circular A-133, subpart B, section 200. If applicable, a certification that the recipient has not expended federal funds in excess of the audit threshold that is set by OMB shall be included in the recipient's Annual Performance Report.

[↑ Back to Top](#)

§1000.546 Are audit costs eligible program or administrative expenses?

Yes, audit costs are an eligible program or administrative expense. If the Indian tribe is the recipient then program funds can be used to pay a prorated share of the tribal audit or financial review cost that is attributable to NAHASDA funded activities. For a recipient not covered by the Single Audit Act, but which chooses to obtain a periodic financial review, the cost of such a review would be an eligible program expense.

§1000.548 Must a copy of the recipient's audit pursuant to the Single Audit Act relating to NAHASDA activities be submitted to HUD?

Yes. A copy of the latest recipient audit under the Single Audit Act relating to NAHASDA activities must be submitted to the appropriate HUD ONAP area office at the same time it is submitted to the Federal Audit Clearinghouse pursuant to OMB Circular A-133.

§1000.550 If the TDHE is the recipient, does it have to submit a copy of its audit to the Indian tribe?

Yes. The Indian tribe as the grant beneficiary must receive a copy of the audit report so that it can fully carry out its oversight responsibilities with NAHASDA.

[↑ Back to Top](#)

§1000.552 How long must the recipient maintain program records?

(a) This section applies to all financial and programmatic records, supporting documents, and statistical records of the recipient which are required to be maintained by the statute, regulation, or grant agreement.

(b) Except as otherwise provided herein, records must be retained for 3 years from the end of the tribal program year during which the funds were expended.

(c) If any litigation, claim, negotiation, audit or other action involving the records has been started before the expiration of the 3-year period, the records must be retained until completion of the action and resolution of all issues which arise from it, or until the end of the regular 3-year period, whichever is later.

Appendix A to Part 1000—Indian Housing Block Grant Formula Mechanics

This appendix shows the different components of the IHBG formula. The following text explains how each component of the IHBG formula is calculated.

1. The Indian Housing Block Grant (IHBG) formula is calculated by initially determining the amount a tribe receives for Formula Current Assisted Stock (FCAS) (See §§1000.310 and 1000.312). FCAS funding is comprised of two components, Operating subsidy (§1000.316(a)) and Modernization (§1000.316(b)).

2. The operating subsidy component is calculated based on the national per unit subsidy (§1000.302 National Per Unit Subsidy) for operations for each of the following types of programs—Low Rent, Homeownership (Mutual Help and Turnkey III), and Section 8. A tribe's total count of units in each of the above categories is multiplied by the relevant national per unit subsidy. That amount is summed and multiplied by a local area cost adjustment factor for management.

3. The local area cost adjustment factor for management is called AELFMR. AELFMR is the greater of a tribe's Allowable Expense Level (AEL) or Fair Market Rent (FMR) factor, where the AEL and FMR factors are determined by dividing each tribe's AEL and FMR by their respective national weighted average (weighted on the unadjusted allocation under FCAS operating subsidy). The adjustment made to the FCAS component of the IHBG formula is then the new AELFMR factor divided by the national weighted average of the AELFMR (See §1000.320).

Indian Housing Block Grant Regulations

4. The Modernization component is determined using two methods depending on the number of public housing units that a tribe's housing authority operated prior to NAHASDA.

(a) For Indian tribes with an Indian housing authority (IHA) that owned or operated 250 or more public housing units on October 1, 1997, the modernization allocation equals the number of Low Rent, Mutual Help, and Turnkey III FCAS units multiplied by the national per-unit amount of allocation for FY 1996 modernization multiplied by an adjustment factor for inflation (See §1000.316(b)(1)).

(b) For Indian tribes with an IHA that owned or operated fewer than 250 units on October 1, 1997, the modernization allocation equals the average amount of funds received under the assistance program authorized by section 14 of the 1937 Act (not including funds provided as emergency assistance) for FYs 1992 through 1997 (See §1000.316(b)(2)).

(c) The modernization amount is then multiplied times a local area cost adjustment factor for construction, the TDC. The construction adjustment factor is the TDC for the area divided by the weighted national average for TDC (weighted on the unadjusted allocation for modernization (See §1000.320).

5. After determining the total amount allocated under FCAS for each tribe, it is summed for every tribe. The national total amount for FCAS is subtracted from the remaining available funds to determine the total amount to be allocated under the Need component of the IHBG formula.

6. The Need component of the IHBG formula is calculated using seven factors using data from sources defined in §1000.330 weighted as set forth in §1000.324 as follows: 22 percent of the allocated funds will be allocated by a tribe's share of the total Native American households paying more than 50 percent of their income for housing and living in the Indian tribe's formula area, 25 percent of the funds allocated under Need will be allocated by a tribe's share of the total Native American households overcrowded and/or without kitchen or plumbing living in their formula area, and so on. The current national totals for each of the need variables will be distributed annually by HUD with the Formula Response Form (See §1000.332). The national totals will change as tribes update information about their formula area and data for individual areas are challenged (See §§1000.334 and 1000.336). The Need component is then calculated by multiplying a tribe's share of housing need by a local area cost adjustment factor for construction (the TDC) (See §1000.338).

7. Tribes that receive less than \$200,000 under the FCAS component of the IHBG formula and that can demonstrate the presence of any households at or below 80 percent of median income are guaranteed to receive no less than a specified minimum under the Needs component of the formula. The specified minimum amount shall equal .007826 percent of the available appropriations for that FY after set asides. The increase in funding for the tribes receiving the minimum need amount is funded by a reallocation from other tribes whose needs allocation exceeds the minimum need amount. This is necessary in order to keep the total allocation within the appropriation level (See §1000.328).

8. A tribe's preliminary grant is calculated by summing the FCAS and Need allocations. This amount is subject to two final adjustments:

(a) If an Indian tribe with an IHA that owned or operated fewer than 250 units on October 1, 1997, is allocated less funding under the averaging method (§1000.316(b)(2)) than the calculation of the number of Low Rent, Mutual Help, and Turnkey III FCAS multiplied by the national per-unit amount of allocation for FY 1996 modernization multiplied by an adjustment factor for inflation, the Indian tribe's modernization allocation is calculated under §1000.316(b)(1). The grants of all other tribes are proportionately adjusted to keep the allocation within available appropriations.

(b) Next, this preliminary grant is compared to how much a tribe received in FY 1996 for operating subsidy and modernization. If a tribe received more in FY 1996 for operating subsidy and modernization than it does under the IHBG formula allocation, its grant is adjusted up to the FY 1996 level (See

Indian Housing Block Grant Regulations

§1000.340(b)). Indian tribes receiving more under the IHBG formula than in FY 1996 “pay” for the upward adjustment for the other tribes by having their own grants adjusted downward. Because many more Indian tribes have grant amounts above the FY 1996 level than those with grants below the FY 1996 level, each tribe contributes very little, relative to their total grant, to fund the adjustment.

Appendix B to Part 1000—IHBG Block Grant Formula Mechanisms

1. The Indian Housing Block Grant (IHBG) formula consists of two components, the Formula Current Assisted Stock (FCAS) and Need. Therefore, the formula allocation before adjusting for the statutory requirement that a tribe's minimum grant will not be less than the tribe's Fiscal Year (FY) 1996 Operating Subsidy and Modernization funding, can be represented by:

$$\text{unadjGRANT} = \text{FCAS} + \text{NEED}.$$

2. NAHASDA requires that the FCAS be provided for before allocating funds based on need. Therefore, FCAS must be calculated first. FCAS consists of two components, Operating Subsidy (OPSUB) and Modernization (MOD), such that:

$$\text{FCAS} = \text{OPSUB} + \text{MOD}.$$

3. OPSUB consists of three main parts: number of Low-Rent units; number of Section 8 units; and number of Mutual Help and Turnkey III units. Each of these main parts are adjusted by the national per unit subsidy (§1000.302 National Per Unit Subsidy) and local area costs as reflected by the greater of the AEL factor or FMR factor. The AEL factor is defined in §1000.302 as the relative difference between a local area Allowable Expense Level (AEL) and the national weighted average for AEL (NAEL). The FMR factor is also defined in §1000.302 as the relative difference between a local area Fair Market Rent (FMR) and the national weighted average for FMR.

$$\text{OPSUB} = [\text{LR} * \text{LRSUB} + (\text{MH} + \text{TK}) * \text{HOSUB} + \text{S8} * \text{S8SUB}] * \text{AELFMR}$$

Where:

LR = number of Low-Rent units.

LRSUB = national per unit subsidy for Low-Rent units (\$2,440*INF).

MH + TK = number of Mutual Help and Turnkey III units.

HOSUB = national per unit subsidy for Homeownership units (\$528*INF).

S8 = number of Section 8 units.

S8SUB = national per unit subsidy for Section 8 units = (\$3,625*INF).

AELFMR = greater of AEL Factor or FMR Factor weighted by national average of AEL Factor and FRM Factor.

AEL FACTOR = AEL/NAEL.

AEL = local Allowable Expense Level.

Indian Housing Block Grant Regulations

NAEL = national weighted average for AEL.

FMR FACTOR = FMR/NFMR.

FMR = local Fair Market Rent.

NFMR = national weighted average for FMR.

NAELFMR = national weighted average for greater of AEL Factor or FMR factor.

Where:

INF = adjustment for inflation since 1995, as determined by the Consumer Price Index for housing.

4. The modernization component, MOD, is calculated by two different methods, depending on whether the tribe had an Indian housing authority (IHA) that owned or operated more than 250 public housing units on October 1, 1997.

a. MOD1996 is calculated for all tribes and considers the number of Low-Rent, and Mutual Help and Turnkey III FCAS units. Each of these is adjusted by the national per-unit modernization amount in 1996 adjusted for inflation.

$MOD1996 = [LR + MH + TK] * MODPU * INF.$

Where:

LR = number of Low-Rent units.

MH = number of Mutual Help units.

TK = number of Turnkey III units.

MODPU = national per-unit amount for modernization in 1996 (\$1,974).

INF = adjustment for inflation since 1995, as determined by the Consumer Price Index for housing.

b. MODAVG is calculated only for tribes that had an IHA that owned or operated fewer than 250 public housing units on October 1, 1997, as the annual average amount they received for FYs 1992 through 1997 under the assistance program authorized by section 14 of the 1937 Act (not including emergency assistance).

MODAVG = Average (FY 1992 to FY 1997) amount received by Section 14 of the 1937 Act.

c. For Indian tribes with an IHA that owned or operated 250 or more public housing units on October 1, 1997, the modernization calculation is based on MOD1996, adjusted for local area costs:

$MOD = MOD1996 * TDC/NTDC.$

Where:

TDC = Local Total Development Costs defined in §1000.302.

NTDC = weighted national average for TDC of tribes with CAS.

Indian Housing Block Grant Regulations

d. For Indian tribes with an IHA that owned or operated fewer than 250 units on October 1, 1997, the modernization calculation is based on MODAVG, adjusted for local area costs.

$MOD = MODAVG * TDC / NTDC$.

5. Now that calculation for FCAS is complete, funds available for allocation using the Need component of the formula can be determined:

$NEED\ FUNDS = APPROPRIATION - NATCAS$.

Where:

$APPROPRIATION$ = dollars provided for distribution through the IHBG formula.

$NATCAS$ = National summation of FCAS allocation for all tribes.

6. Two iterations are necessary to compute the final Need allocation. The first iteration consists of seven weighted criteria that allocate need funds based on a tribe's population and housing data. This allocation is then adjusted for local area cost differences based on TDC relative to the national weighted average. This can be represented by:

$NEED1 = [(0.11 * PER / NPER) + (0.13 * HHLE30 / NHHLE30) + (0.07 * HH30T50 / NHH30T50) + (0.07 * HH50T80 / NHH50T80) + (0.25 * OCRPR / NOCRPR) + (0.22 * SCBTOT / NSCBTOT) + (0.15 * HOUSHOR / NHOUSHOR)] * NEED\ FUNDS * (TDC / NATDC)$.

Where:

PER = American Indian and Alaskan Native (AIAN) persons.

$NPER$ = national total of PER .

$HHLE30$ = AIAN households less than 30% of median income.

$NHHLE30$ = national total of $HHLE30$.

$HH30T50$ = AIAN households 30% to 50% of median income.

$NHH30T50$ = national total of $HH30T50$.

$HH50T80$ = AIAN households 50% to 80% of median income.

$NHH50T80$ = national total of $HH50T80$.

$OCRPR$ = AIAN households crowded or without complete kitchen or plumbing.

$NOCRPR$ = national total of $OCRPR$.

$SCBTOT$ = AIAN households paying more than 50% of their income for housing.

$NSCBTOT$ = national total $SCBTOT$.

$HOUSHOR$ = AIAN households with an annual income less than or equal to 80% of formula median income reduced by the combination of current assisted stock and units developed under NAHASDA.

$NHOUSHOR$ = national total of $HOUSHOR$.

Indian Housing Block Grant Regulations

TDC = Local Total Development Costs defined in §1000.302.

NATDC = weighted national average for TDC of tribes with need.

7. The second iteration in computing the Need allocation consists of adjusting the Need allocation computed above to take into account the minimum needs provision. Tribes that receive less than \$200,000 under the FCAS component of the IHBG formula and that can demonstrate the presence of any households at or below 80 percent of median income are guaranteed to receive no less than a specified minimum amount under the Needs component of the formula. The specified minimum amount shall equal .007826 percent of the available appropriations for that fiscal year after set asides.

$\text{MINFUNDING} = \text{APPROPRIATION} * .00007826$

If in the first Need computation, a qualified tribe is allocated less than the minimum Needs funding level, its Need allocation will go up. Other tribes whose Needs allocations are greater than the minimum needs amount will have their allocations adjusted downward to keep the total allocation within available funds:

If $\text{NEED1} < \text{MINFUNDING}$ and $\text{FCAS} < \$200,000$ and $(\text{HHLE30} + \text{HH30T50} + \text{HH50T80}) > 0$, then $\text{NEED 2} = \text{MINFUNDING}$.

If $\text{NEED1} \geq \text{MINFUNDING}$, then $\text{NEED2} = \text{NEED1} - \{ \text{UNDERMIN\$} * [(\text{NEED1} - \text{MINFUNDING}) / \text{OVERMIN\$}] \}$.

Where:

MINFUNDING = minimum needs amount

$\text{UNDERMIN\$}$ = for all tribes qualifying for an increase under the minimum needs provision, sum of the differences between MINFUNDING and NEED1 .

$\text{OVERMIN\$}$ = for all tribes with needs allocations larger than the minimum needs amount, the sum of the difference between NEED1 and MINFUNDING .

8. The next step is to compute a preliminary unadjusted grant allocation (unadjGRANT) that will serve as the basis for further adjustments called for in §1000.340.

$\text{unadjGRANT} = \text{FCAS} + \text{NEED}$, where both FCAS and NEED are calculated above.

9. As required by §1000.340(a), if an Indian tribe with an IHA that owned or operated fewer than 250 units on October 1, 1997, is allocated less funding under the averaging method (§1000.316(b)(2)) than the calculation of the number of Low-Rent, Mutual Help, and Turnkey III FCAS is multiplied by the national per-unit amount of allocation for FY 1996 modernization multiplied by an adjustment factor for inflation, then, the Indian tribe's modernization allocation is calculated under §1000.316(b)(1). The grants of all other tribes are proportionately adjusted to keep the allocation within available appropriations.

If $\text{MODAVG} < \text{MOD1996}$,

then $\text{GRANT1} = \text{unadjGRANT} + (\text{MOD1996} * (\text{TDC} / \text{NTDC})) - (\text{MODAVG} * (\text{TDC} / \text{NTDC}))$.

Otherwise,

$\text{GRANT1} = \text{unadjGRANT} - [\text{UNDERMOD\$} * (\text{unadjGRANT} / \text{OVERMODGRANT\$})]$

Where:

Indian Housing Block Grant Regulations

UNDERMOD\$ = for all tribes qualifying for an increase to modernization, the sum of the differences between local cost adjusted MOD1996 and local cost adjusted MODAVG.

OVERMODGRANT\$ = for all tribes not qualifying for an increase to modernization, the sum of their unadjusted grant amounts.

10. As called for in §1000.340(b), a final adjustment occurs to ensure that no tribe is allocated less funding under the formula than an IHA received on its behalf in FY 1996 for operating subsidy and modernization. Indian tribes receiving more under the IHBG formula than in FY 1996 “pay” for the upward adjustment for the other tribes by having their grants adjusted downward, so long as the adjustment does not reduce their grant below the minimum funding amount.

Let $TEST = GRANT1 - OPMOD96$.

If $TEST$ is less than 0, then $GRANT2 = OPMOD96$.

If $TEST$ is greater than 0 and $GRANT1 > MINFUNDING$, then $GRANT2 = GRANT1 - [UNDER1996 * (TEST / OVER1996)]$.

Where:

$OPMOD96$ = funding received by tribe in FY 1996 for Operating Subsidy and Modernization.

$UNDER1996$ = for all tribes with $TEST$ less than 0, sum of the absolute value of $TEST$.

$OVER1996$ = for all tribes with $TEST$ greater than 0, sum of $TEST$.
