

Attachment C. Expert Commentary Response Form

Submit Response on Expert Commentary

The National Quality Measures Clearinghouse™ (NQMC), sponsored by the Agency for Healthcare Research and Quality (AHRQ), U.S. Department of Health and Human Services, welcomes responses to our posted expert commentaries on the NQMC Web site.

All responses will be reviewed by NQMC Staff and NQMC's [Editorial Board](#). Please keep your response brief and to the point. Responses must be presented in clear statements. We reserve the right to 1) publish your response, 2) copyedit your response, and 3) invite the author of the Expert Commentary to reply to a posted response. Excessively long or offensive and nonobjective responses will be disregarded.

Please complete the form below if you wish to have your response made accessible to our users or if you wish for NQMC to act on your response. **NOTE:** Providing such information however, does not ensure that your comment will be published or made available or that NQMC will take any course of action. That will be determined by NQMC staff in conjunction with our Editorial Board after review of the information you supply. Criteria for publication of responses to commentaries include:

- relevance of response to the subject of the commentary
- responses that provide a unique perspective to the commentary
- responses that offer an alternative view than the commentary
- responses that are clearly articulated
- responses that are neither excessively long or offensive and/or nonobjective

Public reporting burden for this collection of information is estimated to average 90 seconds per response, the estimated time required to complete the survey. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to: AHRQ Reports Clearance Officer Attention: PRA, Paperwork Reduction Project (0935-0106) AHRQ, 540 Gaither Road, Room # 5036, Rockville, MD 20850.

Note: Responses accepted for publication will be posted to the NQMC Web site along with the submitter's name. Current position or occupation, organizational affiliation, and disclosed potential conflicts of interest are optional and will be posted when provided. Email and other address are for internal use only and will not be published with responses or made publicly available.

I agree with the article, but find it very difficult to keep the vision before the practice/physician to transform to PCMH when payment reform seems so distance (or non-existent). It also seems like the government wants to change things all the time so no one knows who/what is on first. I think we need to see payment for the changes discussed above OR we will NOT see the outcomes with PCMH we would like to see.
