Dear CPP Program Participant,

The Office of Financial Stability's Compliance Office ("OFS Compliance") distributed several letters during 2010 and 2011 reminding your institution of its obligation to comply with the Interim Final Rule ("IFR") - TARP Standards for Compensation and Corporate Governance at 31 CFR Part 30. OFS Compliance is responsible for ensuring the TARP recipient's compliance with the IFR and any applicable guidance issued by Treasury relating to executive compensation. OFS Compliance is also responsible for monitoring compliance with the Securities Purchase Agreement ("SPA"), specifically Section 4, you executed with Treasury.¹

During 2011, OFS Compliance has been conducting on-site reviews of Capital Purchase Program ("CPP") participant's status of compliance with the IFR and Section 4 of the SPA during the TARP period.²

OFS Compliance has selected your institution, at this time, to participate in an off-site review of its compliance with the IFR and SPA during the TARP period. The off-site review **will require** your response to the items contained in the attachment titled "**Executive Compensation Off-Site Compliance Review.**" ("Compliance Review Document")

Please note that the off-site review does not waive OFS Compliance's right to commence a full on-site review of the TARP recipient's compliance should we deem it necessary. If an on-site review is requested, OFS Compliance will contact you directly to schedule a visit.

All documentation and records used to respond to the Compliance Review Document should be retained on-site should Treasury exercise its right to request complete and current copies of the

¹ TARP recipient as defined in IFR Section 30.1 which includes the bank holding company, the lead bank and any subsidiary in which the bank holding company owns at least 50% of the entity.

² TARP period as defined in IFR Section 30.1 means the period of time in which the TARP recipient received its financial obligation from Treasury and ends on the date which its financial obligation with Treasury is no longer outstanding excluding any warrant to purchase common stock held by Treasury.

documentation and records supporting the TARP recipient's certifications. See IFR Section 30.15(b). OFS Compliance may request follow-up information after the review of the responses contained in the Compliance Review Document.

Thank you.
