[S. 468]

To improve the effectiveness and performance of Federal financial assistance programs, simplify Federal financial assistance application and reporting requirements, and improve the delivery of services to the public.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

Federal Financial

SECTION 1. SHORT TITLE.

This Act may be cited as the “Federal Financial Assistance Management Improvement Act of 1999”.

SEC. 2. FINDINGS.

Congress finds that—

(1) there are over 600 different Federal financial assistance programs to implement domestic policy;

(2) while the assistance described in paragraph (1) has been directed at critical problems, some Federal administrative requirements may be duplicative, burdensome or conflicting, thus impeding cost-effective delivery of services at the local level;

(3) the Nation’s State, local, and tribal governments and private, nonprofit organizations are dealing with increasingly complex problems which require the delivery and coordination of many kinds of services; and

(4) streamlining and simplification of Federal financial assistance administrative procedures and reporting requirements will improve the delivery of services to the public.
