

FERC-153 (Generic Clearance for the Collection of Qualitative Feedback on Agency Service Delivery)
OMB Control No. 1902-0293
Non-substantive change Justification (9/5/2017)
ICR No. 201709-1902-002

Per OMB advisement, FERC submits this non-substantive change request in order to:

- Change the FERC-153 information collection to a “generic” collection; and
- Remove the IC titled “FERC-153, Generic Clearance”.

These changes will allow FERC to submit information collections concerning customer satisfaction surveys to the FERC-153 using the Fast Track procedure.
