A. Overview of Information Collection

Title of Information Collection: Congregate Housing Services Program.
OMB Approved Number: 2502-0485.
Type of Request: Extension of currently approved collection.
Form Number: SF-424, 425, HUD-90003, HUD-90006, HUD-90198, HUD-91180-A, HUD-91178-A.

Description of the Need for the Information and Proposed Use: Completion of the Annual Report by grantees provides HUD with essential information about whom the grant is serving and what sort of services the beneficiaries receive using grant funds.

The Summary Budget and the Annual Program Budget make up the budget of the grantee's annual extension request. Together the forms provide itemized expenses for anticipated program costs and a matrix of budgeted yearly costs. The budget forms show the services funded through the grant and demonstrate how matching funds, participant fees, and grant funds will be used in tandem to operate the grant program. Field staff approve the annual budget and request annual extension funds according to the budget. Field staff can also determine if grantees are meeting statutory and regulatory requirements through the evaluation of this budget.

HUD will use the Payment Voucher to monitor use of grant funds for eligible activities over the term of the grant. The Grantee may similarly use the Payment Voucher to track and record their requests for payment reimbursement for grant-funded activities.

A. Overview of Information Collection

Title of Information Collection: Pre-Purchase Homeownership Counseling Demonstration and Impact Evaluation collection.

OMB Approval Number: 2528-0293.

Type of Request: Revision of currently approved collection.

Form Number: N/A.

Description of the need for the information and proposed use: The U.S. Department of Housing and Urban Development (HUD) is conducting a national study on the effectiveness of pre-purchase homeownership counseling services. This request covers four data collection activities: (1) Administering a final follow-up survey to study participants; (2) extending OMB approval #2528-0293 so that the study can continue to collect updated tracking information from study participants; and (3) extending OMB approval #2528-0293 so that the study can continue to collect consent from the co-borrowers of study participants; and (4) extending OMB approval #2528-0293 so that the study can continue to collect loan origination and servicing data from lenders. The final follow-up survey will be administered to study participants approximately 48 months after they completed the baseline survey. The final survey will provide a comparison of study participants' characteristics from the baseline survey and allow the study to better understand, document, and explain the impacts of first-time homebuyer education and counseling. As part of OMB approval #2528-0293, the study collects updated study participant contact information to locate study participants for the final follow-up survey. Maintaining contact with study participants over time is critical to minimizing attrition and ensuring high response rates to the follow-up surveys. Additionally, the collection of consent
