

Public Reporting Burden for this collection of information is estimated to average 5 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. HUD may not conduct or sponsor, and an applicant is not required to respond to, a collection of information unless it displays a currently valid OMB control number. Response to this collection of information is mandatory to obtain a benefit. The information requested does not lend itself to confidentiality. The information submitted in response to the Notice of Funding Availability for the HOPE VI Main Street Program is subject to the disclosure requirements of the Department of Housing and Urban Development Reform Act of 1989 (Public Law 101-235, approved December 15, 1989, 42 U.S.C. 3545), as amended. Warning: HUD will prosecute false claims and statements. Conviction may result in the imposition of criminal and civil penalties. (18 U.S.C. 1001, 1010, 1012, 31 U.S.C. 3729, 3802)

Instructions: HOPE VI Main Street Application Data Sheet

Tips: Enter information only into cells with blue borders.
All other cells are locked, and all calculations are automated.
Print these Instructions for easy reference, then begin at **Step 1**.

Step 1. On the "Dev & Contact Info" page, fill in the required information.

Step 2. On the "Unit Mix" Page, Enter the Number of Each Type and Size of the Affordable Units that are Going to be Developed as part of the Main Street Affordable Housing Project Funded through this NOFA.

> Select the appropriate column(s) for the proposed units based on structure type, size and development method.

- Rent-to-Own units are to be counted as Rental Units.
- Possible development methods are Rehabilitation (of housing already owned by the applicant or partner owner entity only) or New Construction (which includes acquisition of housing with or without rehabilitation).

> Enter the number of units proposed, by Structure Type, in the appropriate row based on the Number of Bedrooms.

- TDC limit applies to all Main Street affordable housing project units where HOPE VI Main Street grant funds will be used for development.
- The TDC limit for rehabilitation of existing housing units is 90% of the published TDC limit for a given structure and unit type.
 - The "TDC Limit calculations" worksheet reflects all such applicability as described above.

- Definitions of the structure types specified on the Unit Mix worksheet:

- Detached: A structure that consists of a single living unit surrounded by permanent open space on all sides.
- Semi-detached: A structure containing two living units separated by a common vertical wall.
- Elevator: Any structure of four or more stories above ground in which an elevator is provided.

- Walk-up: A structure containing three or more living units separated only by vertical walls. Units are separated by a ceiling/floor from other housing units or mixed-use space.

Step 3. On the three "Permanent S&U" Pages, Fill in All Proposed Main Street Affordable Housing Project Costs that Will Have Been Incurred by the End of Development and All Sources of Funding that Paid for Those Costs.

- > Do not include construction financing that will be paid off when development is finished. Instead, include any permanent loans, grants or equity that are used to pay off the construction financing.
- > Entry areas for costs that are not allowable under the HOPE VI Main Street Program are grayed out.

Step 4. On the "Select City and State" Page, Choose the Applicant's City and State

- > Click on the down arrow for City
- > Click on the name of your city or your Metropolitan/Micropolitan Statistical Area
 - You can look up your MSA at OMB's website, <http://www.census.gov/population/www/estimates/metrodef.html> or call your local HUD office.
- > Click "OK"
- > Click on the down arrow for State
- > Click on the name of your State
- > Click "OK"

Step 5. Confirm that Sources are Equal to Uses

- > Confirm that the HOPE VI Main Street grant funds and any other sources of Public Housing Capital Assistance funds are included.
- > Confirm that sources of HOPE VI/Public Housing funds are equal to uses of HOPE VI/Public Housing funds.

Step 6. Review TDC Limit Calculation Results (note that HCC does not apply to the HOPE VI Main Street program)

- > Review the results of the TDC limit calculations.
 - The TDC limit analysis results are shown on the lower left "TDC Limit calculations" worksheet.

Step 7. Enter All Match and All Leverage Resources

- > The total value of the Match must be greater than 5 percent of the requested grant amount. It must be committed to the Main Street Affordable Housing Project.
- > The total value of Main Street Area Rejuvenation Effort Leverage is measured in a Rating Factor. It includes both Main Street Affordable Housing Project Leverage that is not used as Match and Main Street Area rejuvenation effort Leverage. Again, it does NOT include the Match amount.

Step 8. Save and Submit this Form With Your Application

- > To save this form so that your information cannot be changed without your permission:
 - Click on the File menu, then on the Save As... menu item;
 - In the upper right of the Save As window, click on Tools and then General Options;
 - In the Save Options window, enter a password in the Password to Modify block, then click OK;
 - In the Confirm Password window, re-enter the password to verify, then click OK;
 - In the Save As... window, click Save;
 - When prompted, click "Yes" to replace the form file with the password protected form file that you finished filling in.
- > To submit this form as part of your application, follow the instructions in Section IV. of the HOPE VI Main Street NOFA

TDC/Grant Limitations Worksheet

Step 6. Using the Drop-down Lists Provided, Select the City (or Metropolitan Area) and State that is located nearest to the Main Street Area rejuvenation effort.

[This workbook uses the TDC rules and limits published in HUD Notice: 2011-38 \(HA\) updated annually with HUD's most r](#)

Note 1: When you select a valid City/State combination, this table will show the TDC limits from the above-referenced HUD Notice.

Note 2: If the desired City/State combination is not included in the list here, contact the local HUD Field Office. They will assist in determining the most appropriate City/State combination.

Note 3: Total Development Cost limits from this table will be transferred automatically to the "TDC Limit calculations" worksheet.

City	BRIDGEPORT
StateName	CONNECTICUT

Bedrooms	Type	Data	
0	Detached/Semi-Detached	Sum of 0 Bedrooms, TDC	\$179,621.85

HOPE VI Main Street Total Development Cost Limit Analysis:

HOPE VI Main Street Cost as a Percentage of the TDC Limit.
 For calculation of this NOFA's grant amount, maximum grant amount will be the lesser of TDC or the maximum grant amount as stated in the Notice of Funding Availability (100% or less).
 For cost control calculation and grant closeout, the TDC that is based on the mix of developed Main Street units must meet or exceed the grant amount (100% or more).

List all funds and in-kind services that you are including as Match. Match resources must be used to fund the Main Street Affordable Housing Project, not the rest of the Main Street rejuvenation effort. The amounts stated on this list should be consistent with the amounts listed on the Sources & Uses portions of this form. Each Match resource must be backed up by a letter demonstrating firm commitment to development of the Main Street Affordable Housing Project. Match must exceed 5% of the requested grant amount or the application will not be rated or ranked and will not be eligible for award.
