

FORM 50900: ELEMENTS FOR THE ANNUAL MOVING TO WORK PLAN
AND ANNUAL MOVING TO WORK REPORT

ATTACHMENT B
TO THE MOVING TO WORK AGREEMENT
BETWEEN THE U.S. DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT
AND MOVING TO WORK AGENCIES

The information in this Form 50900 is being collected so that HUD can evaluate the impacts of Moving to Work (MTW) activities; respond to congressional and other inquiries regarding outcome measures; and identify promising practices learned through the MTW demonstration. The information collected through this Form 50900 is not confidential. MTW public housing agencies (MTW PHAs) will report outcome information on the effects of MTW policy changes on residents, operations, and the local community. The estimated burden per year, per MTW PHA, is 81 hours. Responses to this collection of information are required to obtain a benefit or to retain a benefit. HUD may not conduct or sponsor, and MTW PHAs are not required to respond to, a collection of information unless that collection displays a valid Office of Management and Budget (OMB) control number. All current MTW PHAs as of the effective date of this Form 50900, will provide the following required elements in the order and format given in this Form 50900 in Annual MTW Plans and Annual MTW Reports, consistent with the requirements in Section VII of the Standard MTW Agreement (or applicable successor section in future iterations of the MTW Agreement for current MTW PHAs).

GENERAL INSTRUCTIONS

Section Numbering: The sections are as follows: (I) Introduction, (II) General Operating Information, (III) Proposed MTW Activities, (IV) Approved MTW Activities, (V) Sources and Uses of MTW Funds, and (VI) Administrative.

Inapplicable Fields and Sections: For those text fields in the tables provided in Sections (II) and (V) that are not applicable, the MTW PHA should insert an "N/A." For those numerical fields in the tables provided in Sections (II) and (V) that are not applicable or have no value, the MTW PHA should insert a "0" (zero). Where a narrative portion of Sections (I), (III), (IV) or (VI) is not applicable, the MTW PHA should include the sub-section number and/or title and insert an "N/A."

Plan Year: The "Plan Year" is defined as the MTW PHA's fiscal year. The Plan Year is generally twelve months, but may be longer or shorter if the MTW PHA is transitioning the start and end of its fiscal year to different dates. The MTW PHA should discuss the impact of such transitioning on Annual MTW Plan/Report submissions with HUD Headquarters and the applicable local HUD Field Office.

Format Requirements: MTW PHAs are required to provide information according to the order in this Form 50900. For Section (II) and Section (V), MTW PHAs must insert the tables as they appear in this Form 50900. MTW PHAs must present the applicable Standard Metrics in Sections (III) and Section (IV) in the table format given in the "Standard HUD Metrics" section of this Form 50900. HUD prefers that MTW PHAs also report agency-developed metric information in a similar format. There is no prescribed format for presenting the required information in Sections (I), (III), (IV) or (VI) of this Form 50900, but all required information must be clearly provided. The submittal of separate Excel versions of Section (II) and Section (V) is not required.

Submission Requirements (dissemination): The MTW PHA shall follow the submission requirements as set forth in its current MTW Agreement. All initial and revised submissions of the Annual MTW Plan and the Annual MTW Report must be sent in an electronic format to HUD Headquarters and the applicable local HUD Field Office via email. The MTW Coordinator will send an email confirming receipt after the submission is

received.

Submission Requirements (file type): The electronic submission shall include a searchable PDF version (not a scanned PDF) of the Annual MTW Plan/Report or a Microsoft Word document version of the Annual MTW Plan/Report. The body of the Annual MTW Plan/Report shall be submitted as one file type and preferably in one file. The body shall include the HUD-generated tables for Sections (II) and (V) and the applicable Standard HUD Metrics tables incorporated into Sections (III) and (IV). Supplemental materials (e.g. signed Board Resolution and other appendix information) may be submitted in a different file type.

Submission Requirements (hard copy): A hard copy submission by the MTW PHA is only necessary at the request of HUD.

SECTION-BY-SECTION INSTRUCTIONS

SECTION I: INTRODUCTION

Generally: MTW PHAs will include both short-term and long-term MTW goals and objectives in this section.

SECTION II: GENERAL OPERATING INFORMATION

Generally: Pre-formatted tables have been provided in this Form 50900 for MTW PHAs to provide the required housing stock, leasing and waiting list information in this section. These tables must be included in the Annual MTW Plan/Report as provided. The MTW PHA may include clarifying text in addition to these tables in the Annual MTW Plan/Report. An MTW PHA may also include updates to its historical housing stock or leasing tables as an appendix to the Annual MTW Plan/Report. The MTW PHA may reference such an appendix in Section (II) to direct readers to this information.

Section II.A: Housing Stock Information

General Description of All Planned Capital Expenditures: MTW PHAs are required to provide a general description and amounts of planned capital expenditures by development.

Section II.B: Leasing Information

Definition of MTW Households Served: "MTW Households Served" include all households that receive housing assistance, directly or indirectly, using any amount of MTW funds. Housing assistance through local, non-traditional MTW programs is included, as long as the activity conforms to the requirements stipulated in the Standard MTW Agreement and PIH Notice 2011-45 (or applicable successor MTW Agreement and/or PIH Notice).

Categories of MTW Households Served: "MTW Households Served" data will be reported in the categories defined below. These categories are the only households that will be considered in the "Total Households Served/Units Leased" calculation used to determine if the MTW PHA is continuing to assist substantially the same total number of eligible low-income families as it would have, had the MTW PHA not combined its funds (as set forth in PIH Notice 2013-2 or successor PIH Notice).

- **MTW Public Housing Units Leased:** Number of households that reside in any unit of public housing authorized and funded under an Annual Contributions Contract (ACC) between the MTW PHA and HUD pursuant to the U.S. Housing Act of 1937.
- **MTW Housing Choice Vouchers (HCVs) Utilized:** Number of households that receive rental assistance through Housing Assistance Payment (HAP) Contracts (pursuant to an ACC between HUD and the MTW PHA) paid for with MTW funds at a location selected by the household and not tied to a specific location OR households that receive rental assistance through HAP Contracts (pursuant to an ACC between HUD and the PHA) paid for with MTW funds at a specific location that is not public housing. This number must not include port-in HCVs not paid for by the MTW PHA.

- **Local, Non-Traditional: Tenant-Based:** Number of households that receive assistance through an MTW tenant-based housing program outside of Sections 8 and 9 of the U.S. Housing Act of 1937. This includes all households at or below 80% area median income (AMI) that receive tenant-based housing assistance through MTW funds but not through traditional public housing or HCVs.

- **Local, Non-Traditional: Property-Based:** Number of households that receive assistance through an MTW property-based or project-based housing program outside of Sections 8 and 9 of the U.S. Housing Act of 1937. This includes all households at or below 80% AMI that receive property-based housing assistance through MTW funds but not through traditional public housing or HCVs.

- **Local, Non-Traditional: Homeownership:** Number of households that receive assistance through an MTW homeownership housing program outside of Sections 8 and 9 of the U.S. Housing Act of 1937. This includes all households at or below 80% AMI that receive homeownership housing assistance through MTW funds but not through traditional public housing or HCVs.

Households Receiving Services Only: HUD will track “Households Receiving Services Only through MTW-Funded Local, Non-Traditional Activities.” These households, however, will not be considered in the “Total Households Served/Units Leased” calculation used to determine if the MTW PHA is continuing to assist substantially the same total number of eligible low-income families as it would have had the MTW PHA not combined its funds (as set forth in PIH Notice 2013-2 or successor PIH Notice). The definition for households tracked in this category is:

- **Households Receiving Services Only:** Number of households at or below 80% AMI provided services through MTW funds and not assisted through any type of housing assistance for the Plan Year and over the course of the MTW PHA's participation in the demonstration. Households that are only receiving services and are also on one or more of the MTW PHA's housing waiting lists should be included in this category.

Section II.C: Waiting List Information

Waiting List Information Submittal: This section will include those waiting lists managed by the MTW PHA and those managed by a third party. MTW PHAs should provide information only on those waiting lists that contain households in the “MTW Households Served” categories defined above for Section II.B. Waiting lists for households receiving services only and households in other non-MTW housing programs should not be included.

SECTION III: PROPOSED MTW ACTIVITIES and SECTION IV: APPROVED MTW ACTIVITIES

Use of Standard HUD Metrics: MTW PHAs are required to track all applicable “Standard HUD Metrics” under each implicated statutory objective for each MTW activity. Standard HUD Metrics must be given in the table format provided in the “Standard HUD Metrics” section of this Form 50900 in order to allow analysis and aggregation across MTW PHAs for similar activities. When proposing an MTW activity, the MTW PHA should provide the Standard HUD Metrics it deems applicable to that activity. After review of the proposed activity, HUD will determine the Standard HUD Metrics that the MTW PHA must provide. After the activity has been approved, HUD will advise the MTW PHA of any necessary changes to the applicable Standard HUD Metrics.

Additional Metrics: MTW PHAs may report on agency-developed and previously established metrics in addition to the required Standard HUD Metrics.

SECTION IV: APPROVED MTW ACTIVITIES

Generally: This section includes four subsections: Implemented, Not Yet Implemented, On Hold, and Closed Out. Once an activity is approved it must be placed in Section (IV) under one of these four subsections. These subsections are defined below.

- **Implemented Activities:** MTW activities in which the MTW PHA is actively engaged.
- **Not Yet Implemented Activities:** MTW activities in which the MTW PHA is not actively engaged but is preparing to implement in the future.
- **On Hold Activities:** MTW activities that were previously implemented, that the MTW PHA stopped implementing, but that the MTW PHA plans to reactivate in the future.
- **Closed Out Activities:** MTW activities that: (1) were MTW activities, but are now obsolete because they no longer require MTW flexibility due to changes in regulation; (2) were completed because the MTW PHA accomplished its stated objectives and no longer requires the use of MTW flexibility; (3) the MTW PHA has decided to end before attaining the activity's objectives; or (4) the MTW PHA has never implemented and does not plan to implement at any point in the future. In the year the activity is ended the MTW PHA is required to provide information about the outcomes of the activity.

Use of Standard HUD Metrics: Standard HUD Metrics must be shown in the table format provided in the "Standard HUD Metrics" section of this Form 50900 in order to allow analysis and aggregation across MTW PHAs for similar activities. Standard HUD Metrics should appear in the Section (IV) subsections as follows:

- **Implemented Activities:** MTW PHAs are required to track all of the applicable Standard HUD Metrics under each statutory objective implicated.
- **Not Yet Implemented Activities:** Since the MTW PHA would not currently be engaged in this category of approved activities, it is not necessary to include applicable Standard HUD Metrics until implementation.
- **On Hold Activities:** Since the MTW PHA would not currently be engaged in this category of approved activities, it is not necessary to include applicable Standard HUD Metrics until implementation.
- **Closed Out Activities:** MTW PHAs are required to provide final information on all of the applicable Standard HUD Metrics under each statutory objective implicated for activities approved and implemented after calendar year 2012.

Closing Out Activities: An approved activity must be closed out in an Annual MTW Report. If an Annual MTW Plan is to be submitted after the MTW PHA has decided to close the activity but prior to the submission of an Annual MTW Report, the to-be-closed activity should be listed in the "Not Yet Implemented Activities" or the "On Hold Activities" subsection of the Annual MTW Plan as applicable. The associated discussion and timeline should indicate that the MTW PHA will close out the activity in the next Annual MTW Report.

Significant Changes to Activities: HUD requires MTW PHAs to re-propose activities that require "significant changes." A "significant change" occurs when the nature of the activity has changed such that an additional MTW authorization is needed OR when an MTW PHA fundamentally changes the nature and scope of an activity to the extent that there is the potential for a different impact on residents (e.g. changing the calculation of rent). In these cases, the activity must undergo a new public process. HUD reserves the right to determine on a case-by-case basis if the change made to an activity crosses this threshold and therefore requires the activity to be re-proposed.

SECTION V: SOURCES AND USES OF MTW FUNDS

Generally: Pre-formatted tables have been provided in this Form 50900 for MTW PHAs to provide the required information in this section. These tables must be included in the Annual MTW Plan/Report as provided. The MTW PHA may include clarifying text in addition to these tables in the Annual MTW Plan/Report.

SECTION VI: ADMINISTRATIVE

Board Resolution Submittal: There is no predetermined format for submission with the Annual MTW Plan of the required resolution signed by the Board of Commissioners (or other authorized MTW PHA governing body) adopting the Annual MTW Plan and the Annual MTW Plan Certifications of Compliance.

Certification of Meeting the MTW Statutory Requirements Submittal: There is no predetermined format for submission with the Annual MTW Report of the required certification that the MTW PHA has met the three MTW statutory requirements.

Certifications of Compliance Submittal: The format for submission with the Annual MTW Plan of the required Certifications of Compliance is provided in this Form 50900. The preamble to the Certifications of Compliance directs the MTW PHA to fill in the beginning of the Plan Year for which the certification is being made. This should be provided as the first day of the Plan Year to be covered by the Annual MTW Plan (for example, for a FY2017 Annual MTW Plan for an MTW PHA with a Plan Year of January 1 – December 31, this would be January 1, 2017).

ADDITIONAL ITEMS

Appendix Information Submittal: The MTW PHA may submit additional appendix items as it deems appropriate. Particular MTW PHAs may be required to submit additional appendix items depending on the content of the particular MTW Agreement and Annual MTW Plan (examples include RHF Plan, Local Asset Management Plan, RAD Significant Amendment, etc.) All appendices should be listed in the table of contents.

Submittal of Implementing Documents: As a part of the Annual MTW Plan and/or Annual MTW Report submission, the MTW PHA may not submit to HUD for approval implementing documents (such as Administrative Plans, ACOPs, etc.) or other materials that are superfluous to the items in this Form 50900. HUD may request that the MTW PHA separate such items from the Annual MTW Plan to be approved and/or Annual MTW Report to be accepted.

<p>B. OVERVIEW OF SHORT-TERM AND LONG-TERM MTW GOALS AND OBJECTIVES Short-term goals and objectives include those that Plan Year. Long-term goals and objectives include those that the MTW PHA plans to accomplish beyond the current Plan Year. MTW PHAs have the ability to define the level of specificity in the short-term and long-term goals and objectives. If the MTW PHA includes non-MTW components, the MTW PHA should clearly delineate which are MTW and which are non-MTW goals and objectives. MTW PHAs have the flexibility to include references to proposed and ongoing activities in this section if it assists in providing an explanation about short-term and long-term goals and objectives. However, this is not required.</p>	<p>B. D. INFORMATION ON STATUTORY OBJECTIVES AND REQUIREMENTS

i. 75% of Families Assisted Are Very Low Income

HUD will verify compliance with the statutory requirement that at least 75% of the households assisted by the MTW PHA are very low income for MTW public housing units and MTW HCVs through HUD systems. The MTW PHA should provide data for the actual families housed upon admission during the PHA's Plan Year reported in the "Local, Non-Traditional: Tenant-Based"; "Local, Non-Traditional: Property-Based"; and "Local, Non-Traditional: Homeownership" categories. Do not include households reported in the "Local, Non-Traditional Services Only" category.

80%-50% Area Median Income	#
49%-30% Area Median Income	#
Below 30% Area Median Income	#

Total Local, Non-Traditional Households Admitted

ii. Maintain Comparable Mix

HUD will verify compliance with the statutory requirement that MTW PHAs continue to serve a comparable mix of families by family size by first assessing a baseline mix of family sizes served by the MTW PHA prior to entry into the MTW demonstration (or the closest date with available family sizes served during the Plan Year.

#

BASELINE MIX OF FAMILY SIZES SERVED (upon entry to MTW)

4 Person	#	#	#	#	#%
5 Person	#	#	#	#	#%
6+ Person	#	#	#	#	#%
TOTAL	#	#	#	#	#%

* "Non-MTW Adjustments" are defined as factors that are outside the control of the MTW PHA. An example of an acceptable "Non-MTW Adjustment" would include demographic changes in the community's overall population. If the MTW PHA includes "Non-MTW Adjustments," a thorough justification, including information substantiating the numbers given, should be included below.

Please describe the justification for any "Non-MTW Adjustments" given above:

Description

6+ Person	#%	#	#%	#%
TOTAL	#%	#	#%	#%

- ** The "Baseline Mix Percentage" figures given in the "Mix of Family Sizes Served (in Plan Year)" table should match those in the column of the same name in the "Baseline Mix of Family Sizes Served (upon entry to MTW)" table.
- ^ The "Total" in the "Number of Households Served in Plan Year" column should match the "Actual Total" box in the "Actual Number of Households Served in the Plan Year" table in Section II.B.i of this Annual MTW Report.
- ^^ The percentages in this column should be calculated by dividing the number in the prior column for each family size by the "Total" number of households served in the Plan Year. These percentages will reflect adjustment to the mix of families served that are due to the decisions of the MTW PHA. Justification of percentages in the current Plan Year that vary by more than 5% from the Baseline Year must be provided below.

Please describe the justification for any variances of more than 5% between the Plan Year and Baseline Year:

PROPOSED MTW ACTIVITIES: HUD Approval Requested ANNUAL MTW PLAN

All required elements given below must be included in the body of the Annual MTW Plan, grouped by each proposed MTW activity. For metric # PHAs must follow the guidelines from the "Standard HUD Metrics" section of this Form 50900. MTW PHAs must report all applicable Standard HUD Metrics for each activity as assigned by HUD.

A. ACTIVITY DESCRIPTION

- i. Describe the proposed activity.
- ii. Describe how the proposed activity will achieve one or more of the three statutory objectives and the specific impacts on that statutory objective(s).
- iii. Provide the anticipated schedule for implementing the proposed activity.

B. ACTIVITY METRICS INFORMATION

- i. Provide the metrics from the "Standard HUD Metrics" section that are applicable to the proposed activity.
- ii. Give the baseline performance level for each metric (a numeric value) prior to the implementation of the proposed activity.
- iii. Give the annual benchmark for each metric (a numeric value).
- iv. If applicable, give the overall and/or long-term benchmark(s) for each metric (a numeric value).
- v. Give the data source from which the metric data will be compiled.

C. COST IMPLICATIONS

- i. State whether the proposed activity will result in any cost implications (positive and/or negative) for the MTW PHA.
- ii. If the proposed activity does result in cost implications, provide an estimate of the amount and discuss how the MTW PHA will manage the surplus or deficit anticipated.

D. NEED/JUSTIFICATION FOR MTW FLEXIBILITY

- i. Cite the authorization(s) detailed in Attachment C and/or D of the Standard MTW Agreement (or applicable successor section in future iterations of the MTW Agreement) that gives the MTW PHA flexibility to conduct the proposed activity.
- ii. Explain why the cited authorization(s) is needed to engage in the proposed activity.
Every reasonable effort should be made by the MTW PHA to reference the complete and correct authorization(s) that are applicable to a particular activity when proposing the activity. A failure to cite the correct or entire statute or regulation will require a technical revision to the activity to include the correct authorization(s).

E. RENT REFORM/TERM LIMIT INFORMATION (if applicable)

HUD defines “rent reform” as any change to how rent/tenant share is calculated for a household that would not be allowable absent the MTW activity. Any MTW activity that an MTW PHA enacts that alters the rent calculation (the amount a household contributes towards their housing costs) would be considered a type of rent reform. The following information must be provided for all rent reform activities. In addition, any MTW activity that seeks to adopt a term limit in the public housing program must include information on items (ii)-(iv).

i. IMPACT ANALYSIS

The MTW PHA may provide an impact analysis for each component of the rent reform activity or a comprehensive impact analysis of the rent reform activity. To assess the impacts of the rent reform activity, the following steps are suggested:

- (1) A description of how the proposed MTW activity will impact household rent/tenant share.
- (2) A description of how the MTW PHA will implement and track the rent reform activity and how that process will enable the identification of any unintended consequences/impacts.
- (3) A numerical analysis detailing the intended/possible impacts of the rent reform activity (including changes to the amount of rent/tenant share, rent burden increases/decreases, households affected, etc.)
- (4) A plan for how the MTW PHA will weigh the consequences/benefits of the rent reform activity to determine whether it should be adjusted/terminated/reduced/continued/expanded.

ii. HARDSHIP CASE CRITERIA

The MTW PHA must establish a hardship policy that clearly defines the circumstances under which households may be exempted or provided temporary relief from the activity. The MTW PHA must describe how such households could access the hardship policy and the associated process.

iii. DESCRIPTION OF ANNUAL REEVALUATION

The MTW PHA must provide an overview as to how the activity will be reevaluated on an annual basis in the Annual MTW Report, mitigating negative impacts and unintended consequences.

iv. TRANSITION PERIOD

The MTW PHA must develop a plan and timeline for transitioning households into the activity. If a rent reform activity, the MTW PHA should show how the impact analysis informed this transition period.

(III) PROPOSED MTW ACTIVITIES: HUD Approval Requested

ANNUAL MTW REPORT

Section III in the Annual MTW Report will be included and left blank. MTW PHAs should include a placeholder section with the statement that reads: “All proposed MTW activities that were granted approval by HUD are reported in Section IV as ‘Approved Activities’.”

STANDARD HUD METRICS

For all activities in Section (III) Proposed Activities and activities in Section (IV) Approved Activities in the "Implemented" category, the MTW PHA must use all of the applicable Standard HUD Metrics listed below. Standard HUD Metrics must be reported in the table format provided in order to allow analysis and aggregation across MTW PHAs for similar activities.

For Standard HUD Metrics that are different from the metrics the MTW PHA had been reporting on for an implemented MTW activity, the MTW PHA may set a baseline prior to when the MTW activity began (through historical records or extrapolation from available data). If such information is not available, the MTW PHA may set the baseline in the Annual MTW Report where the Standard HUD Metric is first presented. If one of the Standard HUD Metrics had not been used in previous Annual MTW Reports, the MTW PHA must begin tracking the MTW activity using the Standard HUD Metrics during the current Plan Year.

MTW PHAs should show the component variables that comprise figures (for example, in showing a "Total Cost," an MTW PHA would show the cost per transaction and number of transactions).

MTW PHAs have the flexibility to report on agency developed and previously established metrics in addition to the required Standard HUD Metrics.

COST EFFECTIVENESS

When citing the statutory objective to "reduce cost and achieve greater cost effectiveness in federal expenditures," include all of the following metrics that apply:

CE #1: Agency Cost Savings

Unit of Measurement	Baseline	Benchmark	Outcome	Benchmark Achieved?
Total cost of task in dollars (decrease).	Cost of task prior to implementation of the activity (in dollars).	Expected cost of task after implementation of the activity (in dollars). CE #2: Staff Time Savings

Unit of Measurement	Baseline	Benchmark	Outcome	Benchmark Achieved?
Total time to complete the task in staff hours (decrease).	Total amount of staff time dedicated to the task prior to implementation of the activity (in hours).	Expected amount of total staff time dedicated to the task after implementation of the activity (in hours).	Actual amount of total staff time dedicated to the task after implementation of the activity (in hours).	Whether the outcome meets or exceeds the benchmark.

CE #3: Decrease in Error Rate of Task Execution

Unit of Measurement	Baseline	Benchmark	Outcome	Benchmark Achieved?
Average error rate in completing a task as a percentage (decrease).	Average error rate of task prior to implementation of the activity (percentage).
