Not at all Positive

Very Positive

Comments:

3. How successful was the Summit in achieving the following goals?

Not at all  
Successful

(1)

(2)

(3)

(4)

Very Successful

(5)

Bringing stakeholders together to actively plan for future data collection efforts.

Surfacing ideas that can be incorporated into an action plan for library data collection.

Comments:

4. The Summit was designed to inform development of a library data action plan. What are the two most important things that you believe this plan should include?

1)

2)

5. What should the action plan avoid doing or what should not be included?

6. What needs to be done to keep you engaged in the conversation about building a more effective library data system?

7. What else should we know about the Summit and an action plan for data collection, storage, use and access?
