Title: Voluntary Labeling Program for Biobased Products.

OMB Control Number: 0503–0020.

Summary of Collection: Section 9002(h) of the Farm Security and Rural Investment Act (FSRIA) of 2002, as amended by the Food, Conservation, and Energy Act (FCEA) of 2008 and the Agricultural Act of 2014, requires the Secretary of Agriculture to implement a voluntary labeling program that would enable qualifying biobased products to be certified with a “USDA Certified Biobased Product” label. The voluntary labeling program is required to be consistent, where possible, with the guidelines implementing the preferred procurement of biobased products by Federal agencies (referred to hereafter as the preferred procurement program), which is also authorized under section 9002 of FSRIA. Under the preferred procurement program, Federal agencies are required to purchase with certain exceptions, biobased products that are identified, by rulemaking, for preferred procurement. The BioPreferred Program is implemented by USDA’s Office of Procurement and Property Management (OPPM).

Need and Use of the Information: Under the voluntary labeling program, manufacturers and vendors must complete an application for each stand-alone biobased product or biobased product family for which they wish to use the label. The application process is electronic and is accessible through the voluntary labeling program Web site. In addition manufacturers and vendors whose applications have been conditionally approved must provide to OPPM certain information for posting by OPPM on the voluntary labeling program Web site. For each product approved by the Agency for use of the label, the manufacturer or vendor must keep that information for each certified product up-to-date. The information requested for inclusion in the application are: (1) Contact information (of the manufacturer or vendor and preparer of application) and (2) product identification information, including brand name(s), the applicable designated item category or categories or equivalent, and the biobased content of the product.
