

Attachment F: Learning Session Day 1 Evaluation

Culture of Continuous Learning Project: A Breakthrough Series Collaborative for Improving Child Care and Head Start Quality

The purpose of the information collection is to gather feedback on Core BSC Team Members' experiences for each of the two days of the Learning Session; Learning Sessions will occur four times over the course of the project. The Day 1 Evaluation collects information on what was most and least helpful, any burning questions participants have, and any other matter that the participants want to bring up. The Study Team will analyze this information secondarily to determine whether the training and support provided to the Core BSC Teams worked well and whether the Implementation Team was able to be responsive to the Core BSC Teams.

This information is planned to be used to further the proper performance of the functions of the agency by examining the perceived utility of the BSC Learning Sessions to support quality improvements in child care and Head Start settings.

Public reporting burden for this collection of information is estimated to average 10 minutes per response. This collection of information is voluntary and all responses collected will be kept private to the extent permitted by law.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB number for this information collection is 0970-XXXX and the expiration date is XX/XX/XXXX.

DAY ONE EVALUATION

This evaluation is intended to help assess how well this Learning Session was able to meet our goals. It is anonymous and is for planning purposes only, so please be candid!

1. What was most helpful today?

2. What was least helpful today?

3. What do you hope we will cover/explain/talk about tomorrow?

4. General feedback or suggestions for this Learning Session or the BSC overall?

HAVE A GREAT NIGHT!!!
