

equipment, inspections and tests, and natural and manmade hazards near the proposed pipeline route. BSEE uses the information to review pipeline designs prior to approving an application for a ROW or lease term pipeline to ensure that the pipeline, as constructed, will provide for safe transportation of minerals through the submerged lands of the OCS. BSEE reviews proposed pipeline routes to ensure that the pipelines would not conflict with any State requirements or unduly interfere with other OCS activities. BSEE reviews proposals for taking pipeline safety equipment out of service to ensure alternate measures are used that will properly provide for the safety of the pipeline and associated facilities (platform, etc.). BSEE reviews notifications of relinquishment of ROW grants and requests to decommission pipelines for regulatory compliance and to ensure that all legal obligations are met. BSEE monitors the records concerning pipeline inspections and tests to ensure safety of operations and protection of the environment and to schedule witnessing trips and inspections. Information is also necessary to determine the point at which the DOI or Department of Transportation (DOT) has regulatory responsibility for a pipeline and to be informed of the identified operator if not the same as the pipeline ROW holder.

We use the information in Form BSEE-0149, Assignment of Federal OCS Pipeline Right-of-Way Grant, to track pipeline ROW holders; as well as use this information to update the corporate database that is used to determine what leases are available for a Lease Sale and the ownership of all OCS leases.

We are adding a new Form BSEE-0135, Designation of Right-of-Way Operator, to identify who has the authority to act on the ROW grant holder's behalf to fulfill obligations under the OCS Lands Act; as well as, BSEE may provide to the designated ROW operator written or oral instructions in securing compliance with the ROW grant in accordance with applicable laws and regulations.

Title of Collection: 30 CFR part 250, subpart J, *Pipelines and Pipeline Rights-of-Way (ROW)*.

OMB Control Number: 1014-0016.
Form Number: BSEE-0149—Assignment of Federal OCS Pipeline Right-of-Way Grant, and Form BSEE-0135—Designation of Right-of-Way Operator.

Type of Review: Revision of a currently approved collection.

Respondents/Affected Public: Potential respondents comprise Federal

OCS oil, gas, and sulfur lessees/operators and holders of pipeline rights-of-way.

Total Estimated Number of Annual Respondents: Not all of the potential respondents will submit information in any given year, and some may submit multiple times.

Total Estimated Number of Annual Responses: 3,031.

Estimated Completion Time per Response: Varies from 30 minutes to 107 hours, depending on activity.

Total Estimated Number of Annual Burden Hours: 36,546.

Respondent's Obligation: Most responses are mandatory, while others are required to obtain or retain benefits.

Frequency of Collection: On occasion and varies by section.

Total Estimated Annual Nonhour Burden Cost: This IC request includes seven non-hour cost burdens, all of which are the cost recovery fees required under 30 CFR 250, subpart J. The total of the non-hour cost burden (cost recovery fees) in this IC request is an estimated \$1,508,968.

The non-hour cost burdens required in 30 CFR 250, subpart J (and respective cost-recovery fee amount per transaction) are required under:

- § 250.1000(b)—New Pipeline Application (lease term)—\$3,541
- § 250.1000(b)—Pipeline Application Modification (lease term)—\$2,056
- § 250.1000(b)—Pipeline Application Modification (ROW)—\$4,169
- § 250.1008(e)—Pipeline Repair Notification—\$388
- § 250.1015(a)—Pipeline ROW Grant Application—\$2,771
- § 250.1015(a)—Pipeline Conversion from Lease Term to ROW—\$236
- § 250.1018(b)—Pipeline ROW Assignment—\$201

An agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

The authority for this action is the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*)

Dated: September 27, 2017.

Lakeisha Harrison,

Chief, Regulations and Standards Branch.

BILLING CODE 4310-VH-P

DEPARTMENT OF THE INTERIOR

Bureau of Safety and Environmental Enforcement

[Docket ID BSEE-2017-0006; 189E1700D2 ET1SF0000.PSB000 EEEE500000; OMB Control Number 1014-0021]

Agency Information Collection Activities; Operations in the Outer Continental Shelf for Minerals Other Than Oil, Gas, and Sulphur

AGENCY: Bureau of Safety and Environmental Enforcement, Interior.

ACTION: Notice of information collection; request for comment.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, we, the Bureau of Safety and Environmental Enforcement (BSEE) are proposing to renew an information collection with revisions.

DATES: Interested persons are invited to submit comments on or before January 16, 2018.

ADDRESSES: Send your comments on this information collection request (ICR) by either of the following methods listed below:

- Electronically go to <http://www.regulations.gov>. In the Search box, enter BSEE-2017-0006 then click search. Follow the instructions to submit public comments and view all related materials. We will post all comments.

- Email kye.mason@bsee.gov, fax (703) 787-1546, or mail or hand-carry comments to the Department of the Interior, Bureau of Safety and Environmental Enforcement, Regulations and Standards Branch, ATTN: Nicole Mason; 45600 Woodland Road, Sterling, VA 20166. Please reference OMB Control Number 1014-0021 in the subject line of your comments.

FOR FURTHER INFORMATION CONTACT: To request additional information about this ICR, contact Nicole Mason by email at kye.mason@bsee.gov or by telephone at (703) 787-1607.

SUPPLEMENTARY INFORMATION: In accordance with the Paperwork Reduction Act of 1995, we provide the general public and other Federal agencies with an opportunity to comment on new, proposed, revised, and continuing collections of information. This helps us assess the impact of our information collection requirements and minimize the public's reporting burden. It also helps the public understand our information collection requirements and provide the requested data in the desired format.

We are soliciting comments on the proposed ICR that is described below. We are especially interested in public comment addressing the following issues: (1) Is the collection necessary to the proper functions of BSEE; (2) Will this information be processed and used in a timely manner; (3) Is the estimate of burden accurate; (4) How might BSEE enhance the quality, utility, and clarity of the information to be collected; and (5) How might BSEE minimize the burden of this collection on the respondents, including through the use of information technology.

Comments that you submit in response to this notice are a matter of public record. We will include or summarize each comment in our request to OMB to approve this ICR. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Abstract: BSEE will use the information required by 30 CFR 282 to determine if lessees are complying with the regulations that implement the mining operations program for minerals other than oil, gas, and sulphur. Specifically, BSEE will use the information:

- To ensure that operations for the production of minerals other than oil, gas, and sulphur in the OCS are conducted in a manner that will result in orderly resource recovery, development, and the protection of the human, marine, and coastal environments.
- To ensure that adequate measures will be taken during operations to prevent waste, conserve the natural resources of the OCS, and to protect the environment, human life, and correlative rights.
- To determine if suspensions of activities are in the national interest, to facilitate proper development of a lease including reasonable time to develop a mine and construct its supporting facilities, and to allow for the construction or negotiation for use of transportation facilities.
- To identify and evaluate the cause(s) of a hazard(s) generating a suspension, the potential damage from a hazard(s) and the measures available to mitigate the potential for damage.
- For technical evaluations that provide a basis for BSEE to make

informed decisions to approve, disapprove, or require modification of the proposed activities.

Title of Collection: 30 CFR part 282—Operations in the Outer Continental Shelf for Minerals Other than Oil, Gas, and Sulphur.

OMB Control Number: 1014–0021.

Form Number: None.

Type of Review: Revision of a currently approved collection.

Respondents/Affected Public: Potential respondents comprise Federal OCS oil, gas, and sulphur lessees/operators.

Total Estimated Number of Annual Respondents: As there are no active respondents, we estimated the potential annual number of respondents to be one.

Total Estimated Number of Annual Responses: 16.

Estimated Completion Time per Response: Varies from 1 hour to 20 hours, depending on activity.

Total Estimated Number of Annual Burden Hours: 56.

Respondent's Obligation: Most responses are mandatory, while others are required to obtain or retain benefits, or are voluntary.

Frequency of Collection: On occasion and varies by section.

Total Estimated Annual Nonhour Burden Cost: We have identified one non-hour cost burden. Pursuant to § 282.13(e)(1), a site-specific study to determine and evaluate hazards that results in a suspension of operation would have a non-hour cost burden. Since this has not been done to date, we estimated that the cost of such a study for industry would be approximately \$100,000 to comply with the requirement. We have not identified any other non-hour cost burdens associated with this collection of information.

An agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

The authority for this action is the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*).

Dated: October 11, 2017.

Doug Morris,

Chief, Office of Offshore Regulatory Programs.

BILLING CODE 4310–VH–P

INTERNATIONAL TRADE COMMISSION

[Investigation No. 337–TA–1071]

Certain Wireless Audio Systems and Components Thereof; Commission Determination Not To Review an Initial Determination Granting Complainant's Motion for Leave To Amend the Complaint

AGENCY: U.S. International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that the U.S. International Trade Commission has determined not to review an initial determination (“ID”) (Order No. 9) of the presiding administrative law judge (“ALJ”), granting complainant’s motion for leave to amend the complaint in the above-captioned investigation

FOR FURTHER INFORMATION CONTACT: Cathy Chen, Esq., Office of the General Counsel, U.S. International Trade Commission, 500 E Street SW., Washington, DC 20436, telephone (202) 205–2392. Copies of non-confidential documents filed in connection with this investigation are or will be available for inspection during official business hours (8:45 a.m. to 5:15 p.m.) in the Office of the Secretary, U.S. International Trade Commission, 500 E Street SW., Washington, DC 20436, telephone (202) 205–2000. General information concerning the Commission may also be obtained by accessing its Internet server at <https://www.usitc.gov>. The public record for this investigation may be viewed on the Commission’s electronic docket (EDIS) at <https://edis.usitc.gov>. Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission’s TDD terminal on (202) 205–1810.

SUPPLEMENTARY INFORMATION: The Commission instituted this investigation on September 15, 2017, based on a complaint filed by Broadcom Limited of San Jose, California; and Avago Technologies General IP (Singapore) Pte. Ltd. of Singapore (collectively, “Broadcom”). 82 FR 43404 (Sep. 15, 2017). The complaint, as supplemented, alleges violations of section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337, in the importation into the United States, the sale for importation, and the sale within the United States after importation of certain wireless audio systems and components thereof by reason of infringement of claim 20 of U.S. Patent No. 6,684,060. The complaint further alleges that an
