The National Park Service has sought from OMB clearance for the collection of information associated with the implementation of 36 CFR 61, "Procedures for State, Tribal, and Local Government Historic Preservation Programs." OMB has given its clearance (OMB Control Number 1024-0038) for this set of information collections. NPS and OMB carried out clearance procedures pursuant to the Paperwork Reduction Act of 1995, as amended, (44 U.S.C. 3507 g fillil.) and the Office of Management and Budget's (OMB's) procedures (5 CFR 1320). This OMB Approval (which expires on October 31, 2017) specifically covers the Baseline Questionnaires for CLGs.

NPS collects the information as part of the process for reviewing the procedures and programs of State, Tribal, and local governments participating in the national historic preservation program and the Historic Preservation Fund grant program. The information will be used to evaluate those programs and procedures for consistency with 54 U.S.C. 300101 et seq. (commonly known as the National Historic Preservation Act) and compliance with government-wide grant requirements. Note that a Federal agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. NPS provides no assurance of confidentiality to respondents with the exception of some location information concerning some properties included in government historic preservation property inventories. Pursuant to 54 U.S.C. 307103 (commonly known as Section 304 of the National Historic Preservation Act), release of information is tightly controlled when such release could have the potential of damaging those qualities that make a property historic.

The public reporting burden for the collection of this information is estimated to average six hours per response, including the time for reviewing instructions, searching existing data sources, gathering the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing the burden, to the Chief, State, Tribal, and Local Plans & Grants Division (Org. Code 2256), National Park Service, 1849 C Street NW, Stop 7360, Washington, DC 20240
