

We are especially interested in public comment addressing the following issues: (1) Is the collection necessary to the proper functions of the USGS; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the USGS enhance the quality, utility, and clarity of the information to be collected; and (5) how might the USGS minimize the burden of this collection on the respondents, including through the use of information technology.

Comments that you submit in response to this notice are a matter of public record. We will include or summarize each comment in our request to OMB to approve this ICR. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you may ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Abstract: This notice concerns the collection of information to inform evaluation and selection of proposals for NGGDPP funding. Annual NGGDPP data preservation priorities are provided in the Program Announcement. Proposals are accepted from state geological surveys requesting funds to inventory, preserve, and make publicly available geoscience collections and data. Financial assistance is awarded annually on a competitive basis following the evaluation and ranking of state proposals by a review panel composed of representatives from the Department of the Interior, state geological surveys, and academic and museum institutions. Since its inception in 2007, NGGDPP has awarded 46 states \$7,043,000, which, when matched or exceeded by the states, amounts to over \$14 million invested in the rescue and preservation of valuable geoscientific samples and data for research. To submit a proposal, respondents must complete a project narrative and submit the application via www.grants.gov. Grant recipients must complete a final technical report at the end of the project period. Narrative and report guidance is available at <http://datapreservation.usgs.gov> and in the Program Announcement. Information provided by respondents is proprietary under the Freedom of Information Act (5 U.S.C. 552), implementation regulations (43 CFR part 2), and data and information public disclosure

limitations (30 CFR 250.197). Responses are voluntary. Information about NGGDPP-funded projects conducted by state geological surveys is available to the public at <http://datapreservation.usgs.gov>.

Title of Collection: National Geological and Geophysical Data Preservation Program (NGGDPP) Grant Announcement Opportunity.

OMB Control Number: 1028–0087.

Form Number: NA.

Type of Review: Extension of a currently approved collection.

Respondents/Affected Public: All state geological surveys may apply for NGGDPP grants.

Total Estimated Number of Annual Respondents: 35.

Total Estimated Number of Annual Responses: 70 (35 applications, 35 final technical report submissions).

Estimated Completion Time per Response: Grant application time estimate is 80 hours; final technical report completion time estimate is 10 hours.

Total Estimated Number of Annual Burden Hours: 3,150.

Respondent's Obligation: Required to Obtain a Benefit.

Frequency of Collection: Annually.

Total Estimated Annual Non-hour Burden Cost: None.

An agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

The authorities for this action are the Paperwork Reduction Act of 1995 (44 U.S.C. 3501, *et seq.*).

Lindsay Powers,

NGGDPP Coordinator.

DEPARTMENT OF THE INTERIOR

Geological Survey

[GX18GC009PLSG00; OMB Control Number 1028–0088]

Agency Information Collection Activities; National Cooperative Geologic Mapping Program (EDMAP and STATEMAP)

AGENCY: U.S. Geological Survey, Interior.

ACTION: Notice of information collection; request for comment.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, the U.S. Geological Survey (USGS) is proposing to renew an information collection (IC).

DATES: Interested persons are invited to submit comments on or before June 18, 2018.

ADDRESSES: Send your comments on the information collection request (ICR) by mail to the U.S. Geological Survey, Information Collection Clearance Officer, 12201 Sunrise Valley Drive MS 159, Reston, VA 20192; or by email to gs-info_collections@usgs.gov. Please reference OMB Control Number 1028–0088, in the subject line of your comments.

FOR FURTHER INFORMATION CONTACT: To request additional information about this ICR, contact Darcy McPhee by email at dmcphoe@usgs.gov, or by telephone at 703–648–6973.

SUPPLEMENTARY INFORMATION: We, the U.S. Geological Survey, in accordance with the Paperwork Reduction Act of 1995, provide the general public and other Federal agencies with an opportunity to comment on proposed, revised, and continuing collections of information. This helps us assess the impact of our information collection requirements and minimize the public's reporting burden. It also helps the public understand our information collection requirements and provide the requested data in the desired format.

We are soliciting comments on the proposed ICR that is described below. We are especially interested in public comment addressing the following issues: (1) Is the collection necessary to the proper functions of the USGS; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the USGS enhance the quality, utility, and clarity of the information to be collected; and (5) how might the USGS minimize the burden of this collection on the respondents, including through the use of information technology.

Comments that you submit in response to this notice are a matter of public record. We will include or summarize each comment in our request to OMB to approve this ICR. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you may ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Abstract: EDMAP is the educational component of the NCGMP that is intended to train the next generation of

geologic mappers. The primary objective of the STATEMAP component of the NCGMP is to establish the geologic framework of areas that are vital to the welfare of individual States.

The NCGMP EDMAP program allocates funds to colleges and universities in the United States and Puerto Rico through an annual competitive cooperative agreement process. Every Federal dollar awarded is matched with university funds.

Geology professors, who are skilled in geologic mapping, request EDMAP funding to support undergraduate and graduate students at their college or university in a one-year mentored geologic mapping project that focuses on a specific geographic area.

Only State Geological Surveys are eligible to apply to the STATEMAP component of the NCGMP pursuant to the National Geologic Mapping Act (Pub. L. 106–148). Since many State Geological Surveys are organized under a state university system, such universities may submit a proposal on behalf of the State Geological Survey.

Each fall, the program announcements are posted to the *Grants.gov* website and respondents are required to submit applications (comprising Standard Form 424, 424A, 424B, Proposal Summary Sheet, the Proposal, and Budget Sheets. Additionally, EDMAP proposals must include a Negotiated Rate Agreement and a Support letter from a State Geologist or USGS Project Chief).

Since 1996, more than \$5 million from the NCGMP has supported geologic mapping efforts of more than 1,200 students working with more than 260 professors at 161 universities in 44 states, the District of Columbia, and Puerto Rico. Funds for graduate projects are limited to \$17,500 and undergraduate project funds limited to \$10,000. These funds are used to cover field expenses and student salaries, but not faculty salaries or tuition. The authority for both programs is listed in the National Geologic Mapping Act (Pub. L. 106–148).

We will protect information from respondents considered proprietary under the Freedom of Information Act (5 U.S.C. 552) and its implementing regulations (43 CFR part 2), and under regulations at 30 CFR 250.197, “Data and information to be made available to the public or for limited inspection.” Responses are voluntary. No questions of a “sensitive” nature are asked.

Title: National Cooperative Geologic Mapping Program (NCGMP–EDMAP and STATEMAP).

OMB Control Number: 1028–0088.

Form Number: None.

Type of Review: Renewal without change.

Respondents/Affected Public: University or College faculty and State Geological Surveys.

Total Estimated Number of Annual Respondents: Approximately 50 University or College faculty and 45 State Geological Survey respondents.

Total Estimated Number of Responses: Approximately 95 responses.

Estimated Completion Time per Response: 36 hours.

Total Estimated Number of Annual Burden Hours: 3,420 hours total.

Respondent’s Obligation: None. Participation is voluntary, though necessary to receive funding.

Frequency of Collections: Annually.
Total Estimated Annual Non-hour Burden Cost: There are no “non-hour cost” burdens associated with this IC.

An agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

The authorities for this action are the Paperwork Reduction Act of 1995 (44 U.S.C. 3501, *et seq.*).

Darcy McPhee,

Associate Program Coordinator, National Cooperative Geologic Mapping Program.

DEPARTMENT OF THE INTERIOR

National Park Service

[NPS–WASO–NRNHL–DTS #25358; PPWOCRADIO, PCU00RP14.R50000]

National Register of Historic Places; Notification of Pending Nominations and Related Actions

AGENCY: National Park Service, Interior.

ACTION: Notice.

SUMMARY: The National Park Service is soliciting comments on the significance of properties nominated before March 31, 2018, for listing or related actions in the National Register of Historic Places.

DATES: Comments should be submitted by May 3, 2018.

ADDRESSES: Comments may be sent via U.S. Postal Service and all other carriers to the National Register of Historic Places, National Park Service, 1849 C St. NW, MS 7228, Washington, DC 20240.

SUPPLEMENTARY INFORMATION: The properties listed in this notice are being considered for listing or related actions in the National Register of Historic Places. Nominations for their

consideration were received by the National Park Service before March 31, 2018. Pursuant to Section 60.13 of 36 CFR part 60, written comments are being accepted concerning the significance of the nominated properties under the National Register criteria for evaluation.

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.
