** The Drug Enforcement Administration (DEA), in coordination with the U.S. Customs and Border Protection (CPB), is conducting a pilot test of the International Trade System Data System (ITDS). During the pilot test registrants will be able to print/save their DEA-36 forms using the "Print DEA-161/DEA-36" link. Registrants that do not participate in the pilot test are not authorized to print their DEA-36 forms so the DEA will continue to mail these forms to the registrant. DEA encourages all registrants to participate in the pilot test by contacting the DEA at ITDSPilot@usdoj.gov

Certification

☐ I certify the controlled substances listed herein are necessary and intended for medical or scientific needs in the country of import and will not be re-exported therefrom; and the information I'm providing to the Drug Enforcement Administration is, to the best of my knowledge and belief, complete and accurate.

☐ The packages to be exported are labeled in conformance with 21 C.F.R. Part 302 and, to the best of my knowledge and belief, the importing country has instituted and maintains a system for the control of these substances; the drugs are consigned to a holder of such permits or licenses as may be required under the laws of the country of import; the substances are to be applied exclusively to medical or scientific uses within the country of import; there is an actual need for the controlled substances for medical or scientific uses within such country; the substances will not be re-exported therefrom; except, in the case of bulk cocaine alkaloid, the substance will be processed within the country of import and the products therefrom may be re-exported in accordance with Paragraph 2, Article 31 of the Single Convention on Narcotic Drugs, 1961.
