MANDATORY ADVANCED ELECTRONIC INFORMATION FOR CARGO AND OTHER IMPROVED CUSTOMS REPORTING PROCEDURES

Pub. L. 107-210, div. A, title III, § 343(a), (c), Aug. 6, 2002, 116 Stat. 981, 985, as amended by Pub. L. 107-295, title I, § 108(b), Nov. 25, 2002, 116 Stat. 2089; Pub. L. 109-59, title XI, § 11165(a), Aug. 10, 2005, 119 Stat. 1976, provided that:

“(a) CARGO INFORMATION.—

“(1) IN GENERAL.—(A) Subject to paragraphs (2) and (3), the Secretary is authorized to promulgate regulations providing for the transmission to the Customs Service, through an electronic data interchange system, of information pertaining to cargo to be brought into the United States or to be sent from the United States, prior to the arrival or departure of the cargo.

“(B) The Secretary shall endeavor to promulgate an initial set of regulations under subparagraph (A) not later than October 1, 2003.

“(2) INFORMATION REQUIRED.—The cargo information required by the regulations promulgated pursuant to

paragraph (1) under the parameters set forth in paragraph (3) shall be such information on cargo as the Secretary determines to be reasonably necessary to ensure cargo safety and security pursuant to those laws enforced and administered by the Customs Service. The Secretary shall provide to appropriate Federal departments and agencies cargo information obtained pursuant to paragraph (1).

“(3) PARAMETERS.—In developing regulations pursuant to paragraph (1), the Secretary shall adhere to the following parameters:

“(A) The Secretary shall solicit comments from and consult with a broad range of parties likely to be affected by the regulations, including importers, exporters, carriers, customs brokers, and freight forwarders, among other interested parties.

“(B) In general, the requirement to provide particular information shall be imposed on the party most likely to have direct knowledge of that information. Where requiring information from the party with direct knowledge of that information is not practicable, the regulations shall take into account how, under ordinary commercial practices, information is acquired by the party on which the requirement is imposed, and whether and how such party is able to verify the information. Where information is not reasonably verifiable by the party on which a requirement is imposed, the regulations shall permit that party to transmit information on the basis of what it reasonably believes to be true.

“(C) The Secretary shall take into account the existence of competitive relationships among the parties on which requirements to provide particular information are imposed.

“(D) Where the regulations impose requirements on carriers of cargo, they shall take into account differences among different modes of transportation, including differences in commercial practices, operational characteristics, and technological capacity to collect and transmit information electronically.

“(E) The regulations shall take into account the extent to which the technology necessary for parties to transmit and the Customs Service to receive and analyze data in a timely fashion is available. To the extent that the Secretary determines that the necessary technology will not be widely available to particular modes of transportation or other affected parties until after promulgation of the regulations, the regulations shall provide interim requirements appropriate for the technology that is available at the time of promulgation.

“(F) The information collected pursuant to the regulations shall be used exclusively for ensuring cargo safety and security and preventing smuggling, and shall not be used for determining merchandise entry or for any other commercial enforcement purposes. Notwithstanding the preceding sentence, nothing in this section [enacting section 1431a of this title and this note] shall be treated as amending, repealing, or otherwise modifying title IV of the Tariff Act of 1930 [19 U.S.C. 1401 et seq.] or regulations promulgated thereunder.

“(G) The regulations shall protect the privacy of business proprietary and any other confidential cargo information provided to the Customs Service pursuant to such regulations, except for the manifest information collected pursuant to section 431 of the Tariff Act of 1930 [19 U.S.C. 1431] and required to be available for public disclosure pursuant to section 431(c) of such Act. [sic]

“(H) In determining the timing for transmittal of any information, the Secretary shall balance likely impact on flow of commerce with impact on cargo safety and security. With respect to requirements that may be imposed on carriers of cargo, the timing for transmittal of information shall take into account differences among different modes of transportation, as described in subparagraph (D).

“(I) Where practicable, the regulations shall avoid imposing requirements that are redundant

with one another or that are redundant with requirements in other provisions of law.

“(J) The Secretary shall determine whether it is appropriate to provide transition periods between promulgation of the regulations and the effective date of the regulations and shall prescribe such transition periods in the regulations, as appropriate. The Secretary may determine that different transition periods are appropriate for different classes of affected parties.

“(K) With respect to requirements imposed on carriers, the Secretary, in consultation with the Postmaster General, shall determine whether it is appropriate to impose the same or similar requirements on shipments by the United States Postal Service. If the Secretary determines that such requirements are appropriate, then they shall be set forth in the regulations.

“(L) Not later than 15 days prior to publication of a final rule pursuant to this section, the Secretary shall transmit to the Committees on Finance and Commerce, Science, and Transportation of the Senate and the Committees on Ways and Means and Transportation and Infrastructure of the House of Representatives a report setting forth—

“(i) the proposed regulations;

“(ii) an explanation of how particular requirements in the proposed regulations meet the needs of cargo safety and security;

“(iii) an explanation of how the Secretary expects the proposed regulations to affect the commercial practices of affected parties;

“(iv) an explanation of how the proposed regulations address particular comments received from interested parties; and

“(v) if the Secretary determines to amend the proposed regulations after they have been transmitted to the Committees pursuant to this subparagraph, the Secretary shall transmit the amended regulations to such Committees no later than 5 days prior to the publication of the final rule.

“(4) TRANSMISSION OF DATA.—Pursuant to paragraph (2), not later than 1 year after the date of enactment of this paragraph [Aug. 10, 2005], the Secretary of Homeland Security, after consultation with the Secretary of the Treasury, shall establish an electronic data interchange system through which the United States Customs and Border Protection shall transmit to the Internal Revenue Service information pertaining to cargoes of any taxable fuel (as defined in section 4083 of the Internal Revenue Code of 1986 [26 U.S.C. 4083]) that the United States Customs and Border Protection has obtained electronically under its regulations adopted in accordance with paragraph (1). For this purpose, not later than 1 year after the date of enactment of this paragraph, all filers of required cargo information for such taxable fuels (as so defined) must provide such information to the United States Customs and Border Protection through such electronic data interchange system.

“(c) SECRETARY.—For purposes of this section [enacting section 1431a of this title and this note], the term ‘Secretary’ means the Secretary of the Treasury. If, at the time the regulations required by subsection (a)(1) are promulgated, the Customs Service is no longer located in the Department of the Treasury, then the Secretary of the Treasury shall exercise the authority under subsection (a) jointly with the Secretary of the Department in which the Customs Service is located.”
