

PRIVACY THRESHOLD ANALYSIS (PTA)

This form serves as the official determination by the DHS Privacy Office to identify the privacy compliance requirements for all Departmental uses of personally identifiable information (PII).

A Privacy Threshold Analysis (PTA) serves as the document used to identify information technology (IT) systems, information collections/forms, technologies, rulemakings, programs, information sharing arrangements, or pilot projects that involve PII and other activities that otherwise impact the privacy of individuals as determined by the Chief Privacy Officer, pursuant to Section 222 of the Homeland Security Act, and to assess whether there is a need for additional Privacy Compliance Documentation. A PTA includes a general description of the IT system, information collection, form, technology, rulemaking, program, pilot project, information sharing arrangement, or other Department activity and describes what PII is collected (and from whom) and how that information is used and managed.

Please complete the attached Privacy Threshold Analysis and submit it to your component Privacy Office. After review by your component Privacy Officer the PTA is sent to the Department's Senior Director for Privacy Compliance for action. If you do not have a component Privacy Office, please send the PTA to the DHS Privacy Office:

Senior Director, Privacy Compliance
The Privacy Office
U.S. Department of Homeland Security
Washington, DC 20528
Tel: 202-343-1717

PIA@hq.dhs.gov

Upon receipt from your component Privacy Office, the DHS Privacy Office will review this form and assess whether any privacy compliance documentation is required. If compliance documentation is required – such as Privacy Impact Assessment (PIA), System of Records Notice (SORN), Privacy Act Statement, or Computer Matching Agreement (CMA) – the DHS Privacy Office or component Privacy Office will send you a copy of the relevant compliance template to complete and return.

Specialized Template for Information Collections (IC) and Forms

The Forms-PTA is a specialized template for Information Collections and Forms. This specialized PTA must accompany all Information Collections submitted as part of the Paperwork Reduction Act process (any instrument for collection (form, survey, questionnaire, etc.) from ten or more members of the public). Components may use this PTA to assess internal, component-specific forms as well.

SPECIFIC IC/Forms PTA QUESTIONS

1. Purpose of the Information Collection or Form

- a. Describe the purpose of the information collection or form. *Please provide a general description of the project and its purpose, including how it supports the DHS mission, in a way a non-technical person could understand (you may use information from the Supporting Statement).*
If this is an updated PTA, please specifically describe what changes or upgrades are triggering the update to this PTA.

The Federal Emergency Management Agency (FEMA) conducts this new Privacy Threshold Analysis (PTA) as part of the Office of Management and Budget (OMB) Information Collection Resources (ICR) approval process. This PTA is part of OMB ICR 1660-NW94.

The FEMA Youth Preparedness Council (YPC) vision is to bring together youth leaders from across the country who are highly interested and engaged in advocating youth disaster preparedness and making a difference in their communities.

Members are expected to represent the youth perspective on emergency preparedness and take information back to their communities to share. Each Council member is expected to develop and complete one preparedness-related project specific to his/her region and interests. There is no minimum or maximum age requirement for YPC applicants but they must be at least in the 8th grade and not beyond 11th grade when they apply.

Youth apply using personal identifiable information (PII) such as a youth's demographic, contact information, along with information related to extracurricular activities and academic standing. FEMA Form 008-0-0-24 collects and retains, confidentially, the applicants PII for the purposes of providing acceptance/denial responses to applicants and determining a representative sample of applicants. Letters of recommendation are required, while supplemental materials highlighting past achievements are encouraged. Applicants are required to provide the name and contact telephone number of their parent(s) or guardian(s) as well as letters of recommendation that include the name and relationship of the individual providing the recommendation.

Applicants have the option to use video to record their responses to the application and submit the video as their application to the YPC.

- b. List the DHS (or component) authorities to collect, store, and use this information. *If this information will be stored and used by a specific DHS component, list the component-specific authorities.*

This collection meets the requirements of 6 U.S.C. §742, “National Preparedness”, and Presidential Policy Directive – 8 (PPD-8) which emphasize the need for involvement from all sectors of society in preparing for and responding to threats and hazards. The information collected from successful and non-successful applicants will be maintained per applicable retention schedules.

PRIVACY THRESHOLD REVIEW

(TO BE COMPLETED BY COMPONENT PRIVACY OFFICE)

Component Privacy Office Reviewer:	Christopher Rogers
Date submitted to component Privacy Office:	August 31, 2015
Date submitted to DHS Privacy Office:	Click here to enter a date.
Have you approved a Privacy Act Statement for this form? <i>(Only applicable if you have received a waiver from the DHS Chief Privacy Officer to approve component Privacy Act Statements.)</i>	<input checked="" type="checkbox"/> Yes. Please include it with this PTA submission. <input type="checkbox"/> No. Please describe why not. Click here to enter text.
Component Privacy Office Recommendation: <i>Please include recommendation below, including what existing privacy compliance documentation is available or new privacy compliance documentation is needed.</i>	
FEMA Privacy recommends interim PIA coverage under DHS/FEMA/PIA-029 – Citizen Corps Program and interim SORN coverage under DHS/ALL-011 – Department of Homeland Security Biographies and Awards, as the collection is already occurring. FEMA Privacy will work with the program area to develop a Youth Preparedness Council PIA. After the PIA development, we will begin work on a SORN.

DHS Privacy Office Comments: <i>Please describe rationale for privacy compliance determination above.</i>	
<p>DHS Privacy Office finds that FORM 1660-NW94 (Youth Preparedness Council (YPC)) is a privacy-sensitive collection, requiring both PIA and SORN coverage. The form collects sensitive Personally Identifiable Information (PII), including name, date of birth, age, home address, race/ethnicity, gender/sex, account number, email address, telephone number, education grade level, academic records and extracurricular activities, relationship to applicant, narrative about the applicant, and disaster preparedness/response experience from members of the public. Information collected in this form is used by FEMA for the purpose of providing acceptance/denial responses to applicants and determining a representative sample of applicants.</p> <p>DHS Privacy Office agrees with FEMA’s recommendation of interim PIA coverage under DHS/FEMA/PIA-029 Citizen Corps Program, which outlines FEMA’s collection, use, maintenance, retrieval, and dissemination of PII associated with points of contacts designated by Councils, CERTs, and other Citizen Corps partners. DHS Privacy Office disagrees with FEMA’s recommendation of interim SORN coverage under DHS/ALL-011 Department of Homeland Security Biographies and Awards, 73 FR 66654 (November 10, 2008). Instead DHS Privacy Office finds that better interim SORN coverage is provided under DHS/ALL-003 Department of Homeland Security General Training Records, 73 FR 71656 (November 25, 2008), which describes the Department’s collection and documentation of individuals who are provided DHS training, and DHS/FEMA-006 Citizen Corps Program, 78 FR 43890 (July 22, 2013), which describes the Department’s establishment and registration of Citizen Corps Councils and CERT programs.</p> <p>The YPC is a similar program to the Citizen Corps Program. Therefore, DHS Privacy Office recommends updating the DHS/FEMA/PIA-029 and the DHS/FEMA-006 to incorporate the YPC program and provide adequate coverage for the information being collected from this form (unique identifier, age, gender, race/ethnicity,</p>	

academic records, etc.) and the categories of individuals from which the form is collecting information (youth applicants, parent/guardian of applicant, and individuals submitting recommendations for applicant).

The Privacy Act Statement associated with this form has been updated to reflect the interim SORN coverage. The Privacy Act Statement also must be included on the application form. Once DHS/FEMA-006 has been updated, the Privacy Act Statement will need to be updated to reflect the new SORN coverage.

This PTA expires in 1 year.
