Research Assistant (RA): \_\_\_\_\_

*Thank you for your participation in this research study. We appreciate the time and effort you put forth.*

*As a reminder, your participation in this study was not connected to employment with your company. We have not shared your data with anyone at your company, including your individual PVT data, subjective sleepiness ratings, caffeine consumption, sleep/wake log responses, or actigraphically measured sleep and wake times. While your company and the FMCSA were aware of your participation in the study in order to grant you the necessary exemption, the data we collected from this study will continue to be kept confidential to the extent allowed by law.*

*I am now going to ask you a few questions about your experience with the study.*

Thinking back of the whole study period, what did you think of this study?

---

---

---

---

---

---

Did you frequently use the flexible sleeper berth option to split your sleep period? \_\_\_\_\_

Why or why not?

---

---

---

---

---

How did you feel on days when you chose to split your sleep? Do you think it had a positive or negative impact on your alertness or performance?

---

---

---

---

---

Have you taken any modules of the North American Fatigue Management Program since the beginning of this study?

OMB NO: XXXX-XXXX

Expiration Date: mm/dd/yyyy

---

---

Is there anything we haven't already discussed that you'd like to share about your experiences with the smartphone (including the sleep/wake caffeine log and the PVT testing), with the truck data collection equipment, with the wrist actigraph, or with anything else?

---

---

---

---

*Your study participation has officially come to an end. You are no longer allowed to operate under the flexible sleeper berth exemption. **You must now resume compliance with the consolidated sleeper berth regulation found in Part 395—Hours of Service of Drivers, as defined by the FMCSA. Do you understand?** \_\_\_\_\_*

Notes:
