PURPOSE: To obtain level of satisfaction with Home Health services/staff. Information collected will be reviewed by a committee. The information will provide feedback from Veterans and their caregivers, so we are informed of their satisfaction with services, verify they are receiving services, and additional feedback. This information will be used to track home health agency performance and deliverance of authorized services. Data collected will be tracked and follow up with agencies by the VA as appropriate. The questionnaire will be sent to 10% of the service census each quarter. After questionnaires are received the data will be collected and results placed on a spreadsheet. If the agency is below a certain percentage then the committee will make contact and discuss results. The agencies must maintain a percentage of compliance with services provided to Veterans to remain on active list of home health agencies.
