

Request for Approval under the “Generic Clearance for the Collection of Routine Customer Feedback” (OMB Control Number: 2900-0770)

TITLE OF INFORMATION COLLECTION: Income Verification Process Survey

PURPOSE: The Income Verification process audits the yearly income of nonservice-connected Veterans who receive free or discounted healthcare based on their household income. The rules VA uses are different than those used by the Internal Revenue Service (IRS). Due to most Veterans that are audited being converted to a co-pay status, it is critical to gather data to ensure the process is clearly explained and administered. This collection gathers information to support improvements in the Income Verification Process.

DESCRIPTION OF RESPONDENTS: This collection targets nonservice-connected Veterans who receive free or discounted VHA healthcare. These groups of Veterans are typically older and rely on a fixed income. The fixed income often changes on a year to year basis, affecting the Veterans co-pay status. Priority Group 5 and Priority 8 Veterans make up the majority of those matched.
