[Patient's full name and address (keep top line at 2.5" )]

Dear REVAMP user:

We would greatly appreciate your feedback about REVAMP, the website helping you to manage your sleep apnea. Please complete the enclosed survey and return it in the enclosed envelope.

If you haven't looked at your CPAP results lately, login to REVAMP using your MyHealthVet user name and password or other secure logon. When you login to REVAMP, you will see how much you are using your CPAP, how well it is treating your sleep apnea, and the amount of air leak (a measure of how well your mask fits).

<https://mobile.va.gov/app/revamp-veterans>

When you have your next CPAP follow-up appointment, remind your sleep provider that you are on REVAMP. More and more Veterans on REVAMP are receiving their routine follow-up CPAP care by phone instead of traveling to the clinic. You can complete electronic questionnaires on REVAMP to report how you are doing. Your sleep provider can use your information on REVAMP to provide care by phone. If you are interested in follow-up by phone, please discuss this with your sleep provider at your next sleep clinic appointment.

Please return the enclosed survey about REVAMP as quickly as possible. Your feedback will be a great help to us.

Sincerely,

Samuel T. Kuna, MD  
Chief, Sleep Medicine Section  
Corporal Michael J. Crescenz VA Medical Center
