

Justification for Change

Generic Clearance for IMLS Grant Program Application and Post-Award Report Forms

Native American Basic Budget A&B and Native American Basic Final Financial and Performance Report

IMLS has submitted a request to separate some forms (Native American Basic Budget A&B and Native American Basic Final Financial and Performance Report) from the IMLS Grant Program Application and Post-Award Report Forms OMB ICR # 201606-3137-013. This request is to remove these grant forms from 3137-0071 once a new separate clearance number has been approved. At this time, the remaining items within information collection 3137-0071 will remain the same. Because IMLS is working toward parsing out the documentation for like programs in order to implement a new process for renewal and updates on like forms rather than a bulk submission of all forms, there will be additional removal requests to follow.
