(1) IN GENERAL.—The Corporation shall offer a catastrophic risk protection plan to indemnify producers for crop loss due to loss of yield or prevented planting, if provided by the Corporation, when the producer is unable, because of

drought, flood, or other natural disaster (as determined by the Secretary), to plant other crops for harvest on the acreage for the crop year.

(2) AMOUNT OF COVERAGE.—

(A) IN GENERAL.—Subject to subparagraph (B)—

(i) in the case of each of the 1995 through 1998 crop years, catastrophic risk protection shall offer a producer coverage for a 50 percent loss in yield, on an individual yield or area yield basis, indemnified at 60 percent of the expected market price, or a comparable coverage (as determined by the Corporation); and

(ii) in the case of each of the 1999 and subsequent crop years, catastrophic risk protection shall offer a producer coverage for a 50 percent loss in yield, on an individual yield or area yield basis, indemnified at 55 percent of the expected market price, or a comparable coverage (as determined by the Corporation).

(B) REDUCTION IN ACTUAL PAYMENT.—The amount paid to a producer on a claim under catastrophic risk protection may reflect a reduction that is proportional to the out-of-pocket expenses that are not incurred by the producer as a result of not planting, growing, or harvesting the crop for which the claim is made, as determined by the Corporation.

(3) ALTERNATIVE CATASTROPHIC COVERAGE.—Beginning with the 2001 crop year, the Corporation shall offer producers of an agricultural commodity the option of selecting either of the following:

(A) The catastrophic risk protection coverage available under paragraph (2)(A).

(B) An alternative catastrophic risk protection coverage that—

(i) indemnifies the producer on an area yield and loss basis if such a policy or plan of insurance is offered for the agricultural commodity in the county in which the farm is located;

(ii) provides, on a uniform national basis, a higher combination of yield and price protection than the coverage available under paragraph (2)(A); and

(iii) the Corporation determines is comparable to the coverage available under paragraph (2)(A) for purposes of subsection (e)(2)(A).

(4) SALE OF CATASTROPHIC RISK COVERAGE.—

(A) IN GENERAL.—Catastrophic risk coverage may be offered by—

(i) approved insurance providers, if available in an area; and

(ii) at the option of the Secretary that is based on considerations of need, local offices of the Department.

(B) NEED.—For purposes of considering need under subparagraph (A)(ii), the Secretary may take into account the most efficient and cost-effective use of resources, the availability of personnel, fairness to local producers, the

needs and convenience of local producers, and the availability of private insurance carriers.

(C) DELIVERY OF COVERAGE.—

(i) IN GENERAL.—In full consultation with approved insurance providers, the Secretary may continue to offer catastrophic risk protection in a State (or a portion of a State) through local offices of the Department if the Secretary determines that there is an insufficient number of approved insurance providers operating in the State or portion of the State to adequately provide catastrophic risk protection coverage to producers.

(ii) COVERAGE BY APPROVED INSURANCE PROVIDERS.—To the extent that catastrophic risk protection coverage by approved insurance providers is sufficiently available in a State (or a portion of a State) as determined by the Secretary, only approved insurance providers may provide the coverage in the State or portion of the State.

(iii) TIMING OF DETERMINATIONS.—Not later than 90 days after the date of enactment of this subparagraph, the Secretary shall announce the results of the determinations under clause (i) for policies for the 1997 crop year. For subsequent crop years, the Secretary shall make the announcement not later than April 30 of the year preceding the year in which the crop will be produced, or at such other times during the year as the Secretary finds practicable in consultation with affected crop insurance providers for those States (or portions of States) in which catastrophic coverage remains available through local offices of the Department.

(iv) CURRENT POLICIES.—This clause shall take effect beginning with the 1997 crop year. Subject to clause (ii) all catastrophic risk protection policies written by local offices of the Department shall be transferred to the approved insurance provider for performance of all sales, service, and loss adjustment functions. Any fees in connection with such policies that are not yet collected at the time of the transfer shall be payable to the approved insurance providers assuming the policies. The transfer process for policies for the 1997 crop year with sales closing dates before January 1, 1997, shall begin at the time of the Secretary's announcement under clause (iii) and be completed by the sales closing date for the crop and county. The transfer process for all subsequent policies (including policies for the 1998 and subsequent crop years) shall begin at a date that permits the process to be completed not later than 45 days before the sales closing date.

(5) ADMINISTRATIVE FEE.—

(A)<sup>1</sup> BASIC FEE.—Each producer shall pay an administrative fee for catastrophic risk protection in an amount equal to 10 percent of the premium for the catastrophic risk protection or \$100 per crop per county, whichever is greater, as determined by the Corporation.

(B) PAYMENT ON BEHALF OF PRODUCERS.—

(i) PAYMENT AUTHORIZED.—If State law permits a licensing fee or other payment to be paid by an insurance provider to a cooperative association or trade association and rebated to a producer with catastrophic risk protection or additional coverage, a cooperative association or trade association located in that State may pay, on behalf of a member of the association in that State or a contiguous State who consents to be insured under such an arrangement, all or a portion of the administrative fee required by this paragraph for catastrophic risk protection.

(ii) TREATMENT OF LICENSING FEES.—A licensing fee or other payment made by an insurance provider to the cooperative association or trade association in connection with the issuance of catastrophic risk protection or additional coverage to members of the cooperative association or trade association shall be subject to the laws regarding rebates of the State in which the fee or other payment is made.

(iii) SELECTION OF PROVIDER.—Nothing in this subparagraph limits the option of a producer to select the licensed insurance agent or other approved insurance provider from whom the producer will purchase a policy or plan of insurance or to refuse coverage for which a payment is offered to be made under clause (i).

(iv) DELIVERY OF INSURANCE.—A policy or plan of insurance for which a payment is made under clause (i) shall be delivered by a licensed insurance agent or other approved insurance provider.

(v) ADDITIONAL COVERAGE ENCOURAGED.—A cooperative association or trade association, and any approved insurance provider with whom a licensing fee or other arrangement under this subparagraph is made, shall encourage producer members to purchase appropriate levels of additional coverage in order to meet the risk management needs of the member producers.

(vi) REPORT.—Not later than April 1, 2002, the Secretary shall submit to the Committee on Agri-

<sup>1</sup>Section 748 of the Agriculture, Rural Development, Food and Drug Administration, and Related Agencies Appropriations Act, 1999 (as contained in section 101(a) of division A of Public Law 105-277; 7 U.S.C. 1508 note), and amended by section 103(b)(2) of the Agricultural Risk Protection Act of 2000 (Public Law 106-224; 114 Stat. 365), provides as follows: “Notwithstanding the provisions of section 508(b)(5)(A) of the Federal Crop Insurance Act (7 U.S.C. 1508(b)(5)(A)), for the 1999 reinsurance and subsequent reinsurance years, no producer shall pay more than \$100 per crop per county as an administrative fee for catastrophic risk protection under section 508(b)(5)(A) of the Act.” Although the limitation is contained in a one-year appropriations Act, because of the reference to “the 1999 reinsurance and subsequent reinsurance years”, the limitation continues to apply in fiscal year 2000 and subsequent fiscal years.

culture of the House of Representatives and the Committee on Agriculture, Nutrition, and Forestry of the Senate a report that evaluates—

(I) the operation of this subparagraph; and

(II) the impact of this subparagraph on participation in the Federal crop insurance program, including the impact on levels of coverage purchased.

(C) TIME FOR PAYMENT.—The administrative fee required by this paragraph shall be paid by the producer on the date that premium for a policy of additional coverage would be paid by the producer.

(D) USE OF FEES.—

(i) IN GENERAL.—The amounts paid under this paragraph shall be deposited in the crop insurance fund established under section 516(c), to be available for the programs and activities of the Corporation.

(ii) LIMITATION.—No funds deposited in the crop insurance fund under this subparagraph may be used to compensate an approved insurance provider or agent for the delivery of services under this subsection.

(E) WAIVER OF FEE.—The Corporation shall waive the amounts required under this paragraph for limited resource farmers, as defined by the Corporation.

(6) PARTICIPATION REQUIREMENT.—A producer may obtain catastrophic risk coverage for a crop of the producer on land in the county only if the producer obtains the coverage for the crop on all insurable land of the producer in the county.

(7) ELIGIBILITY FOR DEPARTMENT PROGRAMS.—

(A) IN GENERAL.—Effective for the spring-planted 1996 and subsequent crops (and fall-planted 1996 crops at the option of the Secretary), to be eligible for any payment or loan under the Agricultural Market Transition Act, for the conservation reserve program, or for any benefit described in section 371 of the Consolidated Farm and Rural Development Act (7 U.S.C. 2008f), a person shall—

(i) obtain at least the catastrophic level of insurance for each crop of economic significance in which the person has an interest; or

(ii) provide a written waiver to the Secretary that waives any eligibility for emergency crop loss assistance in connection with the crop.

(B) DEFINITION OF CROP OF ECONOMIC SIGNIFICANCE.—

As used in this paragraph, the term “crop of economic significance” means a crop that has contributed, or is expected to contribute, 10 percent or more of the total expected value of all crops grown by the producer.

(8) LIMITATION DUE TO RISK.—The Corporation may limit catastrophic risk coverage in any county or area, or on any farm, on the basis of the insurance risk concerned.

(9) TRANSITIONAL COVERAGE FOR 1995 CROPS.—Effective only for a 1995 crop planted or for which insurance attached prior to January 1, 1995, the Corporation shall allow producers

of the crops until not later than the end of the 180-day period beginning on the date of enactment of the Federal Crop Insurance Reform Act of 1994 to obtain catastrophic risk protection for the crop. On enactment of such Act, a producer who made timely purchases of a crop insurance policy before the date of enactment of such Act, under the provisions of this title then in effect, shall be eligible for the same benefits to which a producer would be entitled under comparable additional coverage under subsection (c).

(10) SIMPLIFICATION.—

(A) CATASTROPHIC RISK PROTECTION PLANS.—In developing and carrying out the policies and procedures for a catastrophic risk protection plan under this title, the Corporation shall, to the maximum extent practicable, minimize the paperwork required and the complexity and costs of procedures governing applications for, processing, and servicing of the plan for all parties involved.

(B) OTHER PLANS.—To the extent that the policies and procedures developed under subparagraph (A) may be applied to other plans of insurance offered under this title without jeopardizing the actuarial soundness or integrity of the crop insurance program, the Corporation shall apply the policies and procedures to the other plans of insurance within a reasonable period of time (as determined by the Corporation) after the effective date of this paragraph.

(11) LOSS ADJUSTMENT.—The rate for reimbursing an approved insurance provider or agent for expenses incurred by the approved insurance provider or agent for loss adjustment in connection with a policy of catastrophic risk protection shall not exceed 8 percent of the premium for catastrophic risk protection that is used to define loss ratio.

(c) GENERAL COVERAGE LEVELS.—

(1) ADDITIONAL COVERAGE GENERALLY.—

(A) IN GENERAL.—The Corporation shall offer to producers of agricultural commodities grown in the United States plans of crop insurance that provide additional coverage.

(B) PURCHASE.—To be eligible for additional coverage, a producer must apply to an approved insurance provider for purchase of additional coverage if the coverage is available from an approved insurance provider. If additional coverage is unavailable privately, the Corporation may offer additional coverage plans of insurance directly to producers.

(2) TRANSFER OF RELEVANT INFORMATION.—If a producer has already applied for catastrophic risk protection at the local office of the Department and elects to purchase additional coverage, the relevant information for the crop of the producer shall be transferred to the approved insurance provider servicing the additional coverage crop policy.

(3) YIELD AND LOSS BASIS.—A producer shall have the option of purchasing additional coverage based on an individual yield and loss basis or on an area yield and loss basis, if both options are offered by the Corporation.

(4) LEVEL OF COVERAGE.—The level of coverage shall be dollar denominated and may be purchased at any level not to exceed 85 percent of the individual yield or 95 percent of the area yield (as determined by the Corporation). Not later than the beginning of the 1996 crop year, the Corporation shall provide producers with information on catastrophic risk and additional coverage in terms of dollar coverage (within the allowable limits of coverage provided in this paragraph).

(5) EXPECTED MARKET PRICE.—

(A) ESTABLISHMENT OR APPROVAL.—For the purposes of this title, the Corporation shall establish or approve the price level (referred to in this title as the “expected market price”) of each agricultural commodity for which insurance is offered.

(B) GENERAL RULE.—Except as otherwise provided in subparagraph (C), the expected market price of an agricultural commodity shall be not less than the projected market price of the agricultural commodity, as determined by the Corporation.

(C) OTHER AUTHORIZED APPROACHES.—The expected market price of an agricultural commodity—

(i) may be based on the actual market price of the agricultural commodity at the time of harvest, as determined by the Corporation;

(ii) in the case of revenue and other similar plans of insurance, may be the actual market price of the agricultural commodity, as determined by the Corporation;

(iii) in the case of cost of production or similar plans of insurance, shall be the projected cost of producing the agricultural commodity, as determined by the Corporation; or

(iv) in the case of other plans of insurance, may be an appropriate amount, as determined by the Corporation.

(6) PRICE ELECTIONS.—

(A) IN GENERAL.—Subject to subparagraph (B), insurance coverage shall be made available to a producer on the basis of any price election that equals or is less than the price election established by the Corporation. The coverage shall be quoted in terms of dollars per acre.

(B) MINIMUM PRICE ELECTIONS.—The Corporation may establish minimum price elections below which levels of insurance shall not be offered.

(C) WHEAT CLASSES AND MALTING BARLEY.—The Corporation shall, as the Corporation determines practicable, offer producers different price elections for classes of wheat and malting barley (including contract prices in the case of malting barley), in addition to the standard price election, that reflect different market prices, as determined by the Corporation. The Corporation shall, as the Corporation determines practicable, offer additional coverage for each class determined under this subparagraph and charge a premium for each class that is actuarially sound.

(7) FIRE AND HAIL COVERAGE.—For levels of additional coverage equal to 65 percent or more of the recorded or appraised average yield indemnified at 100 percent of the expected market price, or an equivalent coverage, a producer may elect to delete from the additional coverage any coverage against damage caused by fire and hail if the producer obtains an equivalent or greater dollar amount of coverage for damage caused by fire and hail from an approved insurance provider. On written notice of the election to the company issuing the policy providing additional coverage and submission of evidence of substitute coverage on the commodity insured, the premium of the producer shall be reduced by an amount determined by the Corporation to be actuarially appropriate, taking into account the actuarial value of the remaining coverage provided by the Corporation. In no event shall the producer be given credit for an amount of premium determined to be greater than the actuarial value of the protection against losses caused by fire and hail that is included in the additional coverage for the crop.

(8) STATE PREMIUM SUBSIDIES.—The Corporation may enter into an agreement with any State or agency of a State under which the State or agency may pay to the approved insurance provider an additional premium subsidy to further reduce the portion of the premium paid by producers in the State.

(9) LIMITATIONS ON ADDITIONAL COVERAGE.—The Board may limit the availability of additional coverage under this subsection in any county or area, or on any farm, on the basis of the insurance risk involved. The Board shall not offer additional coverage equal to less than 50 percent of the recorded or appraised average yield indemnified at 100 percent of the expected market price, or an equivalent coverage.

(10) ADMINISTRATIVE FEE.—

(A) FEE REQUIRED.—If a producer elects to purchase coverage for a crop at a level in excess of catastrophic risk protection, the producer shall pay an administrative fee for the additional coverage of \$30 per crop per county.

(B) USE OF FEES; WAIVER.—Subparagraphs (D) and (E) of subsection (b)(5) shall apply with respect to the collection and use of administrative fees under this paragraph.

(d) PREMIUMS.—

(1) PREMIUMS REQUIRED.—The Corporation shall fix adequate premiums for all the plans of insurance of the Corporation at such rates as the Board determines are actuarially sufficient to attain an expected loss ratio of not greater than 1.1 through September 30, 1998, and not greater than 1.075 after October 1, 1998.

(2) PREMIUM AMOUNTS.—The premium amounts for catastrophic risk protection under subsection (b) and additional coverage under subsection (c) shall be fixed as follows:

(A) In the case of catastrophic risk protection, the amount of the premium shall be sufficient to cover anticipated losses and a reasonable reserve.

(B) In the case of additional coverage equal to or greater than 50 percent of the recorded or appraised aver-

age yield indemnified at not greater than 100 percent of the expected market price, or a comparable coverage for a policy or plan of insurance that is not based on individual yield, the amount of the premium shall—

(i) be sufficient to cover anticipated losses and a reasonable reserve; and

(ii) include an amount for operating and administrative expenses, as determined by the Corporation, on an industry-wide basis as a percentage of the amount of the premium used to define loss ratio.

(3) PERFORMANCE-BASED DISCOUNT.—The Corporation may provide a performance-based premium discount for a producer of an agricultural commodity who has good insurance or production experience relative to other producers of that agricultural commodity in the same area, as determined by the Corporation.

(e) PAYMENT OF PORTION OF PREMIUM BY CORPORATION.—

(1) IN GENERAL.—For the purpose of encouraging the broadest possible participation of producers in the catastrophic risk protection provided under subsection (b) and the additional coverage provided under subsection (c), the Corporation shall pay a part of the premium in the amounts provided in accordance with this subsection.

(2) AMOUNT OF PAYMENT.—Subject to paragraph (4), the amount of the premium to be paid by the Corporation shall be as follows:

(A) In the case of catastrophic risk protection, the amount shall be equivalent to the premium established for catastrophic risk protection under subsection (d)(2)(A).

(B) In the case of additional coverage equal to or greater than 50 percent, but less than 55 percent, of the recorded or appraised average yield indemnified at not greater than 100 percent of the expected market price, or a comparable coverage for a policy or plan of insurance that is not based on individual yield, the amount shall be equal to the sum of—

(i) 67 percent of the amount of the premium established under subsection (d)(2)(B)(i) for the coverage level selected; and

(ii) the amount determined under subsection (d)(2)(B)(ii) for the coverage level selected to cover operating and administrative expenses.

(C) In the case of additional coverage equal to or greater than 55 percent, but less than 65 percent, of the recorded or appraised average yield indemnified at not greater than 100 percent of the expected market price, or a comparable coverage for a policy or plan of insurance that is not based on individual yield, the amount shall be equal to the sum of—

(i) 64 percent of the amount of the premium established under subsection (d)(2)(B)(i) for the coverage level selected; and

(ii) the amount determined under subsection (d)(2)(B)(ii) for the coverage level selected to cover operating and administrative expenses.

(D) In the case of additional coverage equal to or greater than 65 percent, but less than 75 percent, of the recorded or appraised average yield indemnified at not greater than 100 percent of the expected market price, or a comparable coverage for a policy or plan of insurance that is not based on individual yield, the amount shall be equal to the sum of—

(i) 59 percent of the amount of the premium established under subsection (d)(2)(B)(i) for the coverage level selected; and

(ii) the amount determined under subsection (d)(2)(B)(ii) for the coverage level selected to cover operating and administrative expenses.

(E) In the case of additional coverage equal to or greater than 75 percent, but less than 80 percent, of the recorded or appraised average yield indemnified at not greater than 100 percent of the expected market price, or a comparable coverage for a policy or plan of insurance that is not based on individual yield, the amount shall be equal to the sum of—

(i) 55 percent of the amount of the premium established under subsection (d)(2)(B)(i) for the coverage level selected; and

(ii) the amount determined under subsection (d)(2)(B)(ii) for the coverage level selected to cover operating and administrative expenses.

(F) In the case of additional coverage equal to or greater than 80 percent, but less than 85 percent, of the recorded or appraised average yield indemnified at not greater than 100 percent of the expected market price, or a comparable coverage for a policy or plan of insurance that is not based on individual yield, the amount shall be equal to the sum of—

(i) 48 percent of the amount of the premium established under subsection (d)(2)(B)(i) for the coverage level selected; and

(ii) the amount determined under subsection (d)(2)(B)(ii) for the coverage level selected to cover operating and administrative expenses.

(G) Subject to subsection (c)(4), in the case of additional coverage equal to or greater than 85 percent of the recorded or appraised average yield indemnified at not greater than 100 percent of the expected market price, or a comparable coverage for a policy or plan of insurance that is not based on individual yield, the amount shall be equal to the sum of—

(i) 38 percent of the amount of the premium established under subsection (d)(2)(B)(i) for the coverage level selected; and

(ii) the amount determined under subsection (d)(2)(B)(ii) for the coverage level selected to cover operating and administrative expenses.

(3) PREMIUM REDUCTION.—If an approved insurance provider determines that the provider may provide insurance more efficiently than the expense reimbursement amount established by the Corporation, the approved insurance provider may reduce, subject to the approval of the Corporation, the premium charged the insured by an amount corresponding to the efficiency. The approved insurance provider shall apply to the Corporation for authority to reduce the premium before making such a reduction, and the reduction shall be subject to the rules, limitations, and procedures established by the Corporation.

(4) PROHIBITION ON CONTINUOUS COVERAGE.—Notwithstanding paragraph (2), during each of the 2001 and subsequent reinsurance years, additional coverage under subsection (c) shall be available only in 5 percent increments beginning at 50 percent of the recorded or appraised average yield.

(5) PREMIUM PAYMENT DISCLOSURE.—Each policy or plan of insurance under this title shall prominently indicate the dollar amount of the portion of the premium paid by the Corporation.

(f) ELIGIBILITY.—

(1) IN GENERAL.—To participate in catastrophic risk protection coverage under this section, a producer shall submit an application at the local office of the Department or to an approved insurance provider.

(2) SALES CLOSING DATE.—

(A) IN GENERAL.—For coverage under this title, each producer shall purchase crop insurance on or before the sales closing date for the crop by providing the required information and executing the required documents. Subject to the goal of ensuring actuarial soundness for the crop insurance program, the sales closing date shall be established by the Corporation to maximize convenience to producers in obtaining benefits under price and production adjustment programs of the Department.

(B) ESTABLISHED DATES.—Except as provided in subparagraph (C), the Corporation shall establish, for an insurance policy for each insurable crop that is planted in the spring, a sales closing date that is 30 days earlier than the corresponding sales closing date that was established for the 1994 crop year.

(C) EXCEPTION.—If compliance with subparagraph (B) results in a sales closing date for an agricultural commodity that is earlier than January 31, the sales closing date for that commodity shall be January 31 beginning with the 2000 crop year.

(3) RECORDS AND REPORTING.—To obtain catastrophic risk protection under subsection (b) or additional coverage under subsection (c), a producer shall—

(A) provide annually records acceptable to the Secretary regarding crop acreage, acreage yields, and produc-

tion for each agricultural commodity insured under this title or accept a yield determined by the Corporation; and

(B) report acreage planted and prevented from planting by the designated acreage reporting date for the crop and location as established by the Corporation.

(g) YIELD DETERMINATIONS.—

(1) IN GENERAL.—Subject to paragraph (2), the Corporation shall establish crop insurance underwriting rules that ensure that yield coverage, as specified in this subsection, is provided to eligible producers obtaining catastrophic risk protection under subsection (b) or additional coverage under subsection (c).

(2) YIELD COVERAGE PLANS.—

(A) ACTUAL PRODUCTION HISTORY.—Subject to subparagraph (B), the yield for a crop shall be based on the actual production history for the crop, if the crop was produced on the farm without penalty during each of the 4 crop years immediately preceding the crop year for which actual production history is being established, building up to a production data base for each of the 10 consecutive crop years preceding the crop year for which actual production history is being established.

(B) ASSIGNED YIELD.—If the producer does not provide satisfactory evidence of the yield of a commodity under subparagraph (A), the producer shall be assigned—

(i) a yield that is not less than 65 percent of the transitional yield of the producer (adjusted to reflect actual production reflected in the records acceptable to the Corporation for continuous years), as specified in regulations issued by the Corporation based on production history requirements; or

(ii) a yield determined by the Corporation, in the case of—

(I) a producer that has not had a share of the production of the insured crop for more than two crop years, as determined by the Secretary;

(II) a producer that produces an agricultural commodity on land that has not been farmed by the producer; or

(III) a producer that rotates a crop produced on a farm to a crop that has not been produced on the farm.

(C) AREA YIELD.—The Corporation may offer a crop insurance plan based on an area yield that allows an insured producer to qualify for an indemnity if a loss has occurred in an area (as specified by the Corporation) in which the farm of the producer is located. Under an area yield plan, an insured producer shall be allowed to select the level of area production at which an indemnity will be paid consistent with such terms and conditions as are established by the Corporation.

(D) COMMODITY-BY-COMMODITY BASIS.—A producer may choose between individual yield or area yield coverage

or combined coverage, if available, on a commodity-by-commodity basis.

(3) TRANSITIONAL YIELDS FOR PRODUCERS OF FEED OR FORAGE.—

(A) IN GENERAL.—If a producer does not provide satisfactory evidence of a yield under paragraph (2)(A), the producer shall be assigned a yield that is at least 80 percent of the transitional yield established by the Corporation (adjusted to reflect the actual production history of the producer) if the Secretary determines that—

(i) the producer grows feed or forage primarily for on-farm use in a livestock, dairy, or poultry operation; and

(ii) over 50 percent of the net farm income of the producer is derived from the operation.

(B) YIELD CALCULATION.—The Corporation shall—

(i) for the first year of participation of a producer, provide the assigned yield under this paragraph to the producer of feed or forage; and

(ii) for the second year of participation of the producer, apply the actual production history or assigned yield requirement, as provided in this subsection.

(C) TERMINATION OF AUTHORITY.—The authority provided by this paragraph shall terminate on the date that is 3 years after the effective date of this paragraph.

(4) ADJUSTMENT IN ACTUAL PRODUCTION HISTORY TO ESTABLISH INSURABLE YIELDS.—

(A) APPLICATION.—This paragraph shall apply whenever the Corporation uses the actual production records of the producer to establish the producer's actual production history for an agricultural commodity for any of the 2001 and subsequent crop years.

(B) ELECTION TO USE PERCENTAGE OF TRANSITIONAL YIELD.—If, for one or more of the crop years used to establish the producer's actual production history of an agricultural commodity, the producer's recorded or appraised yield of the commodity was less than 60 percent of the applicable transitional yield, as determined by the Corporation, the Corporation shall, at the election of the producer—

(i) exclude any of such recorded or appraised yield; and

(ii) replace each excluded yield with a yield equal to 60 percent of the applicable transitional yield.

(C) PREMIUM ADJUSTMENT.—In the case of a producer that makes an election under subparagraph (B), the Corporation shall adjust the premium to reflect the risk associated with the adjustment made in the actual production history of the producer.

(5) ADJUSTMENT TO REFLECT INCREASED YIELDS FROM SUCCESSFUL PEST CONTROL EFFORTS.—

(A) SITUATIONS JUSTIFYING ADJUSTMENT.—The Corporation shall develop a methodology for adjusting the ac-

tual production history of a producer when each of the following apply:

(i) The producer's farm is located in an area where systematic, area-wide efforts have been undertaken using certain operations or measures, or the producer's farm is a location at which certain operations or measures have been undertaken, to detect, eradicate, suppress, or control, or at least to prevent or retard the spread of, a plant disease or plant pest, including a plant pest (as defined in section 102 of the Department of Agriculture Organic Act of 1944 (7 U.S.C. 147a)).

(ii) The presence of the plant disease or plant pest has been found to adversely affect the yield of the agricultural commodity for which the producer is applying for insurance.

(iii) The efforts described in clause (i) have been effective.

(B) ADJUSTMENT AMOUNT.—The amount by which the Corporation adjusts the actual production history of a producer of an agricultural commodity shall reflect the degree to which the success of the systematic, area-wide efforts described in subparagraph (A), on average, increases the yield of the commodity on the producer's farm, as determined by the Corporation.

(h) SUBMISSION OF POLICIES AND MATERIALS TO BOARD.—

(1) IN GENERAL.—In addition to any standard forms or policies that the Board may require be made available to producers under subsection (c), a person (including an approved insurance provider, a college or university, a cooperative or trade association, or any other person) may prepare for submission or propose to the Board—

(A) other crop insurance policies and provisions of policies; and

(B) rates of premiums for multiple peril crop insurance pertaining to wheat, soybeans, field corn, and any other crops determined by the Secretary.

(2) SUBMISSION OF POLICIES.—A policy or other material submitted to the Board under this subsection may be prepared without regard to the limitations contained in this title, including the requirements concerning the levels of coverage and rates and the requirement that a price level for each commodity insured must equal the expected market price for the commodity as established by the Board.

(3) REVIEW AND APPROVAL BY THE BOARD.—A policy or other material submitted to the Board under this subsection shall be reviewed by the Board and, if the Board finds that the interests of producers are adequately protected and that any premiums charged to the producers are actuarially appropriate, shall be approved by the Board for reinsurance and for sale by approved insurance providers to producers as an additional choice at actuarially appropriate rates and under appropriate terms and conditions. The Corporation may enter into more than 1 reinsurance agreement with the approved insur-

ance provider simultaneously to facilitate the offering of the new policies.

(4) GUIDELINES FOR SUBMISSION AND REVIEW.—The Corporation shall issue regulations to establish guidelines for the submission, and Board review, of policies or other material submitted to the Board under this subsection. At a minimum, the guidelines shall ensure the following:

(A) CONFIDENTIALITY.—

(i) IN GENERAL.—A proposal submitted to the Board under this subsection (including any information generated from the proposal) shall be considered to be confidential commercial or financial information for the purposes of section 552(b)(4) of title 5, United States Code.

(ii) STANDARD OF CONFIDENTIALITY.—If information concerning a proposal could be withheld by the Secretary under the standard for privileged or confidential information pertaining to trade secrets and commercial or financial information under section 552(b)(4) of title 5, United States Code, the information shall not be released to the public.

(iii) APPLICATION.—This subparagraph shall apply with respect to a proposal only during the period preceding any approval of the proposal by the Board.

(B) PERSONAL PRESENTATION.—The Board shall provide an applicant with the opportunity to present the proposal to the Board in person if the applicant so desires.

(C) NOTIFICATION OF INTENT TO DISAPPROVE.—

(i) TIME PERIOD.—The Board shall provide an applicant with notification of intent to disapprove a proposal not later than 30 days prior to making the disapproval.

(ii) MODIFICATION OF APPLICATION.—

(I) AUTHORITY.—An applicant that receives the notification may modify the application, and such application, as modified, shall be considered by the Board in the manner provided in subparagraph (D) within the 30-day period beginning on the date the modified application is submitted.

(II) TIME PERIOD.—Clause (i) shall not apply to the Board's consideration of the modified application.

(iii) EXPLANATION.—Any notification of intent to disapprove a policy or other material submitted under this subsection shall be accompanied by a complete explanation as to the reasons for the Board's intention to deny approval.

(D) DETERMINATION TO APPROVE OR DISAPPROVE POLICIES OR MATERIALS.—

(i) TIME PERIOD.—Not later than 120 days after a policy or other material is submitted under this subsection, the Board shall make a determination to approve or disapprove the policy or material.

(ii) EXPLANATION.—Any determination by the Board to disapprove any policy or other material shall be accompanied by a complete explanation of the reasons for the Board's decision to deny approval.

(iii) FAILURE TO MEET DEADLINE.—Notwithstanding any other provision of this title, if the Board fails to make a determination within the prescribed time period, the submitted policy or other material shall be deemed approved by the Board for the initial reinsurance year designated for the policy or material, unless the Board and the applicant agree to an extension.

(5) PREMIUM SCHEDULE.—

(A) PAYMENT BY CORPORATION.—In the case of a policy or plan of insurance developed and approved under this subsection or section 522, or conducted under section 523 (other than a policy or plan of insurance applicable to livestock), the Corporation shall pay a portion of the premium of the policy or plan of insurance that is equal to—

(i) the percentage, specified in subsection (e) for a similar level of coverage, of the total amount of the premium used to define loss ratio; and

(ii) an amount for administrative and operating expenses determined in accordance with subsection (k)(4).

(B) TRANSITIONAL SCHEDULE.—Effective only during the 2001 reinsurance year, in the case of a policy or plan of insurance developed and approved under this subsection or section 522, or conducted under section 523 (other than a policy or plan of insurance applicable to livestock), and first approved by the Board after the date of the enactment of this subparagraph, the payment by the Corporation of a portion of the premium of the policy may not exceed the dollar amount that would otherwise be authorized under subsection (e) (consistent with subsection (c)(5), as in effect on the day before the date of the enactment of this subparagraph).

(6) ADDITIONAL PREVENTED PLANTING POLICY COVERAGE.—

(A) IN GENERAL.—Beginning with the 1995 crop year, the Corporation shall offer to producers additional prevented planting coverage that insures producers against losses in accordance with this paragraph.

(B) APPROVED INSURANCE PROVIDERS.—Additional prevented planting coverage shall be offered by the Corporation through approved insurance providers.

(C) TIMING OF LOSS.—A crop loss shall be covered by the additional prevented planting coverage if—

(i) crop insurance policies were obtained for—

(I) the crop year the loss was experienced; and

(II) the crop year immediately preceding the year of the prevented planting loss; and

(ii) the cause of the loss occurred—

(I) after the sales closing date for the crop in the crop year immediately preceding the loss; and

(II) before the sales closing date for the crop in the year in which the loss is experienced.

(i) ADOPTION OF RATES AND COVERAGES.—

(1) IN GENERAL.—The Corporation shall adopt, as soon as practicable, rates and coverages that will improve the actuarial soundness of the insurance operations of the Corporation for those crops that are determined to be insured at rates that are not actuarially sound, except that no rate may be increased by an amount of more than 20 percent over the comparable rate of the preceding crop year.

(2) REVIEW OF RATING METHODOLOGIES.—To maximize participation in the Federal crop insurance program and to ensure equity for producers, the Corporation shall periodically review the methodologies employed for rating plans of insurance under this title consistent with section 507(c)(2).

(3) ANALYSIS OF RATING AND LOSS HISTORY.—The Corporation shall analyze the rating and loss history of approved policies and plans of insurance for agricultural commodities by area.

(4) PREMIUM ADJUSTMENT.—If the Corporation makes a determination that premium rates are excessive for an agricultural commodity in an area relative to the requirements of subsection (d)(2) for that area, then, for the 2002 crop year (and as necessary thereafter), the Corporation shall make appropriate adjustments in the premium rates for that area for that agricultural commodity.

(j) CLAIMS FOR LOSSES.—

(1) IN GENERAL.—Under rules prescribed by the Corporation, the Corporation may provide for adjustment and payment of claims for losses. The rules prescribed by the Corporation shall establish standards to ensure that all claims for losses are adjusted, to the extent practicable, in a uniform and timely manner.

(2) DENIAL OF CLAIMS.—

(A) IN GENERAL.—Subject to subparagraph (B), if a claim for indemnity is denied by the Corporation or an approved provider, an action on the claim may be brought against the Corporation or Secretary only in the United States district court for the district in which the insured farm is located.

(B) STATUTE OF LIMITATIONS.—A suit on the claim may be brought not later than 1 year after the date on which final notice of denial of the claim is provided to the claimant.

(3) INDEMNIFICATION.—The Corporation shall provide approved insurance providers with indemnification, including costs and reasonable attorney fees incurred by the approved insurance provider, due to errors or omissions on the part of the Corporation.

(4) MARKETING WINDOWS.—The Corporation shall consider marketing windows in determining whether it is feasible to require planting during a crop year.

(k) REINSURANCE.—

(1) IN GENERAL.—Notwithstanding any other provision of this title, the Corporation shall, to the maximum extent practicable, provide reinsurance to insurers approved by the Corporation that insure producers of any agricultural commodity under 1 or more plans acceptable to the Corporation.

(2) TERMS AND CONDITIONS.—The reinsurance shall be provided on such terms and conditions as the Board may determine to be consistent with subsections (b) and (c) and sound reinsurance principles.

(3) SHARE OF RISK.—The reinsurance agreements of the Corporation with the reinsured companies shall require the reinsured companies to bear a sufficient share of any potential loss under the agreement so as to ensure that the reinsured company will sell and service policies of insurance in a sound and prudent manner, taking into consideration the financial condition of the reinsured companies and the availability of private reinsurance.

(4) RATE.—

(A) IN GENERAL.—Except as provided in subparagraph (B), the rate established by the Board to reimburse approved insurance providers and agents for the administrative and operating costs of the providers and agents shall not exceed—

(i) for the 1998 reinsurance year, 27 percent of the premium used to define loss ratio; and

(ii) for each of the 1999 and subsequent reinsurance years, 24.5 percent of the premium used to define loss ratio.

(B) PROPORTIONAL REDUCTIONS.—A policy of additional coverage that received a rate of reimbursement for administrative and operating costs for the 1998 reinsurance year that is lower than the rate specified in subparagraph (A)(i) shall receive a reduction in the rate of reimbursement that is proportional to the reduction in the rate of reimbursement between clauses (i) and (ii) of subparagraph (A).

(C) OTHER REDUCTIONS.—Beginning with the 2002 reinsurance year, in the case of a policy or plan of insurance approved by the Board that was not reinsured during the 1998 reinsurance year but, had it been reinsured, would have received a reduced rate of reimbursement during the 1998 reinsurance year, the rate of reimbursement for administrative and operating costs established for the policy or plan of insurance shall take into account the factors used to determine the rate of reimbursement for administrative and operating costs during the 1998 reinsurance year, including the expected difference in premium and actual administrative and operating costs of the policy or plan of insurance relative to an individual yield policy or plan of insurance and other appropriate factors, as determined by the Corporation.

(5) COST AND REGULATORY REDUCTION.—Consistent with section 118 of the Federal Crop Insurance Reform Act of 1994, and consistent with maintenance of program integrity, prevention of fraud and abuse, the need for program expansion, and

improvement of quality of service to customers, the Board shall alter program procedures and administrative requirements in order to reduce the administrative and operating costs of approved insurance providers and agents in an amount that corresponds to any reduction in the reimbursement rate required under paragraph (4) during the 5-year period beginning on the date of enactment of this paragraph.

(6) AGENCY DISCRETION.—The determination of whether the Corporation is achieving, or has achieved, corresponding administrative cost savings shall not be subject to administrative review, and is wholly committed to agency discretion within the meaning of section 701(a)(2) of title 5, United States Code.

(7) PLAN.—The Corporation shall submit to Congress a plan outlining the measures that will be used to achieve the reduction required under paragraph (5). If the Corporation can identify additional cost reduction measures, the Corporation shall describe the measures in the plan.

(l) OPTIONAL COVERAGES.—The Corporation may offer specific risk protection programs, including protection against prevented planting, wildlife depredation, tree damage and disease, and insect infestation, under such terms and conditions as the Board may determine, except that no program may be undertaken if insurance for the specific risk involved is generally available from private companies.

(m) QUALITY LOSS ADJUSTMENT COVERAGE.—

(1) EFFECT OF COVERAGE.—If a policy or plan of insurance offered under this title includes quality loss adjustment coverage, the coverage shall provide for a reduction in the quantity of production of the agricultural commodity considered during a crop year, or a similar adjustment, as a result of the agricultural commodity not meeting the quality standards established in the policy or plan of insurance.

(2) ADDITIONAL QUALITY LOSS ADJUSTMENT.—

(A) PRODUCER OPTION.—Notwithstanding any other provision of law, in addition to the quality loss adjustment coverage available under paragraph (1), the Corporation shall offer producers the option of purchasing quality loss adjustment coverage on a basis that is smaller than a unit with respect to an agricultural commodity that satisfies each of the following:

(i) The agricultural commodity is sold on an identity-preserved basis.

(ii) All quality determinations are made solely by the Federal agency designated to grade or classify the agricultural commodity.

(iii) All quality determinations are made in accordance with standards published by the Federal agency in the Federal Register.

(iv) The discount schedules that reflect the reduction in quality of the agricultural commodity are established by the Secretary.

(B) BASIS FOR ADJUSTMENT.—Under this paragraph, the Corporation shall set the quality standards below

which quality losses will be paid based on the variability of the grade of the agricultural commodity from the base quality for the agricultural commodity.

(3) REVIEW OF CRITERIA AND PROCEDURES.—

(A) REVIEW.—The Corporation shall contract with a qualified person to review the quality loss adjustment procedures of the Corporation so that the procedures more accurately reflect local quality discounts that are applied to agricultural commodities insured under this title.

(B) PROCEDURES.—Effective beginning not later than the 2004 reinsurance year, based on the review, the Corporation shall make adjustments in the procedures, taking into consideration the actuarial soundness of the adjustment and the prevention of fraud, waste, and abuse.

(4) QUALITY OF AGRICULTURAL COMMODITIES DELIVERED TO WAREHOUSE OPERATORS.—In administering this title, the Secretary shall accept, in the same manner and under the same terms and conditions, evidence of the quality of agricultural commodities delivered to—

(A) warehouse operators that are licensed under the United States Warehouse Act (7 U.S.C. 241 et seq.);

(B) warehouse operators that—

(i) are licensed under State law; and

(ii) have entered into a storage agreement with the Commodity Credit Corporation; and

(C) warehouse operators that—

(i) are not licensed under State law but are in compliance with State law regarding warehouses; and

(ii) have entered into a commodity storage agreement with the Commodity Credit Corporation.

(n) LIMITATION ON MULTIPLE BENEFITS FOR SAME LOSS.—

(1) IN GENERAL.—Except as provided in paragraph (2), if a producer who is eligible to receive benefits under catastrophic risk protection under subsection (b) is also eligible to receive assistance for the same loss under any other program administered by the Secretary, the producer shall be required to elect whether to receive benefits under this title or under the other program, but not both. A producer who purchases additional coverage under subsection (c) may also receive assistance for the same loss under other programs administered by the Secretary, except that the amount received for the loss under the additional coverage together with the amount received under the other programs may not exceed the amount of the actual loss of the producer.

(2) EXCEPTION.—Paragraph (1) shall not apply to emergency loans under subtitle C of the Consolidated Farm and Rural Development Act (7 U.S.C. 1961 et seq.).

**SEC. 508A. [7 U.S.C. 1508a] DOUBLE INSURANCE AND PREVENTED PLANTING.**

(a) DEFINITIONS.—In this section:

(1) FIRST CROP.—The term “first crop” means the first crop of the first agricultural commodity planted for harvest, or pre-

vented from being planted, on specific acreage during a crop year and insured under this title.

(2) **SECOND CROP.**—The term “second crop” means a second crop of the same agricultural commodity as the first crop, or a crop of a different agricultural commodity following the first crop, planted on the same acreage as the first crop for harvest in the same crop year, except the term does not include a replanted crop.

(3) **REPLANTED CROP.**—The term “replanted crop” means any agricultural commodity replanted on the same acreage as the first crop for harvest in the same crop year if the replanting is required by the terms of the policy of insurance covering the first crop.

(b) **DOUBLE INSURANCE.**—

(1) **OPTIONS ON LOSS TO FIRST CROP.**—Except as provided in subsections (d) and (e), if a first crop insured under this title in a crop year has a total or partial insurable loss, the producer of the first crop may elect one of the following options:

(A) **NO SECOND CROP PLANTED.**—The producer may—  
 (i) elect to not plant a second crop on the same acreage for harvest in the same crop year; and

(ii) collect an indemnity payment that is equal to 100 percent of the insurable loss for the first crop.

(B) **SECOND CROP PLANTED.**—The producer may—

(i) plant a second crop on the same acreage for harvest in the same crop year; and

(ii) collect an indemnity payment established by the Corporation for the first crop, but not to exceed 35 percent of the insurable loss for the first crop.

(2) **EFFECT OF NO LOSS TO SECOND CROP.**—If a producer makes an election under paragraph (1)(B) and the producer does not suffer an insurable loss to the second crop, the producer may collect an indemnity payment for the first crop that is equal to—

(A) 100 percent of the insurable loss for the first crop; less

(B) the amount previously collected under paragraph (1)(B)(ii).

(3) **PREMIUM FOR FIRST CROP IF SECOND CROP PLANTED.**—

(A) **INITIAL PREMIUM.**—If a producer makes an election under paragraph (1)(B), the producer shall be responsible for a premium for the first crop that is commensurate with the indemnity paid under paragraph (1)(B)(ii). The Corporation shall adjust the total premium for the first crop to reflect the reduced indemnity.

(B) **EFFECT OF NO LOSS TO SECOND CROP.**—If the producer makes an election under paragraph (1)(B) and the producer does not suffer an insurable loss to the second crop, the producer shall be responsible for a premium for the first crop that is equal to—

(i) the full premium owed by the producer for the first crop; less

(ii) the amount of premium previously paid under subparagraph (A).

## (c) PREVENTED PLANTING COVERAGE.—

(1) OPTIONS ON LOSS TO FIRST CROP.—Except as provided in subsections (d) and (e), if a first crop insured under this title in a crop year is prevented from being planted, the producer of the first crop may elect one of the following options:

(A) NO SECOND CROP PLANTED.—The producer may—

(i) elect to not plant a second crop on the same acreage for harvest in the same crop year; and

(ii) subject to paragraph (4), collect an indemnity payment that is equal to 100 percent of the prevented planting guarantee for the acreage for the first crop.

(B) SECOND CROP PLANTED.—The producer may—

(i) plant a second crop on the same acreage for harvest in the same crop year; and

(ii) subject to paragraphs (4) and (5), collect an indemnity payment established by the Corporation for the first crop, but not to exceed 35 percent of the prevented planting guarantee for the acreage for the first crop.

(2) PREMIUM FOR FIRST CROP IF SECOND PLANTED.—If the producer makes an election under paragraph (1)(B), the producer shall pay a premium for the first crop that is commensurate with the indemnity paid under paragraph (1)(B)(ii). The Corporation shall adjust the total premium for the first crop to reflect the reduced indemnity.

(3) EFFECT ON ACTUAL PRODUCTION HISTORY.—Except in the case of double cropping described in subsection (d), if a producer make an election under paragraph (1)(B) for a crop year, the Corporation shall assign the producer a recorded yield for that crop year for the first crop equal to 60 percent of the producer's actual production history for the agricultural commodity involved, for purposes of determining the producer's actual production history for subsequent crop years.

(4) AREA CONDITIONS REQUIRED FOR PAYMENT.—The Corporation shall limit prevented planting payments for producers to those situations in which other producers, in the area where a first crop is prevented from being planted is located, are also generally affected by the conditions that prevented the first crop from being planted.

(5) PLANTING DATE.—If a producer plants the second crop before the latest planting date established by the Corporation for the first crop, the Corporation shall not make a prevented planting payment with regard to the first crop.

(d) EXCEPTION FOR ESTABLISHED DOUBLE CROPPING PRACTICES.—A producer may receive full indemnity payments on two or more crops planted for harvest in the same crop year and insured under this title if each of the following conditions are met:

(1) There is an established practice of planting two or more crops for harvest in the same crop year in the area, as determined by the Corporation.

(2) An additional coverage policy or plan of insurance is offered with respect to the agricultural commodities planted on the same acreage for harvest in the same crop year in the area.

(3) The producer has a history of planting two or more crops for harvest in the same crop year or the applicable acreage has historically had two or more crops planted for harvest in the same crop year.

(4) The second or more crops are customarily planted after the first crop for harvest on the same acreage in the same year in the area.

(e) **SUBSEQUENT CROPS.**—Except in the case of double cropping described in subsection (d), if a producer elects to plant a crop (other than a replanted crop) subsequent to a second crop on the same acreage as the first crop and second crop for harvest in the same crop year, the producer shall not be eligible for insurance under this title, or noninsured crop assistance under section 196 of the Agricultural Market Transition Act (7 U.S.C. 7333), for the subsequent crop.

(b) NOTIFICATION OF COMPLIANCE PROBLEMS.—

(1) NOTIFICATION OF ERRORS, OMISSIONS, AND FAILURES.—The Corporation shall notify in writing an approved insurance provider of any error, omission, or failure to follow Corporation regulations or procedures for which the approved insurance provider may be responsible and which may result in a debt owed the Corporation.

(2) TIME FOR NOTIFICATION.—Notice under paragraph (1) shall be given within 3 years after the end of the insurance period during which the error, omission, or failure is alleged to have occurred, except that this time limitation shall not apply with respect to an error, omission, or procedural violation that is willful or intentional.

(c) RECONCILING PRODUCER INFORMATION.—The Secretary shall develop and implement a coordinated plan for the Corporation and the Farm Service Agency to reconcile all relevant information received by the Corporation or the Farm Service Agency from a producer who obtains crop insurance coverage under this title. Beginning with the 2001 crop year, the Secretary shall require that the Corporation and the Farm Service Agency reconcile such producer-derived information on at least an annual basis in order to identify and address any discrepancies.

(d) IDENTIFICATION AND ELIMINATION OF FRAUD, WASTE, AND ABUSE.—

(1) FSA MONITORING PROGRAM.—The Secretary shall develop and implement a coordinated plan for the Farm Service Agency to assist the Corporation in the ongoing monitoring of programs carried out under this title, including—

(C) assisting the Corporation and approved insurance providers in auditing a statistically appropriate number of claims made under any policy or plan of insurance under this title.

(2) FSA INQUIRY.—If, within five calendar days after receiving a report submitted under paragraph (1)(B), the Corporation does not provide a written response that describes the intended actions of the Corporation, the Farm Service Agency may conduct its own inquiry into the alleged program fraud, waste, or abuse on approval from the State director of the Farm Service Agency of the State in which the alleged fraud, waste, or abuse occurred. If as a result of the inquiry, the Farm Service Agency concludes further investigation is warranted, but the Corporation declines to proceed with the investigation, the Farm Service Agency may refer the matter to the Inspector General of the Department of Agriculture.

(3) USE OF FIELD INFRASTRUCTURE.—The plan required by paragraph (1) shall provide for the use of the field infrastructure of the Farm Service Agency. The Secretary shall ensure that relevant Farm Service Agency personnel are appropriately trained for any responsibilities assigned to the personnel under the plan. At a minimum, the personnel shall receive the same level of training and pass the same basic competency tests as required of loss adjusters of approved insurance providers.

(B) NOTIFICATION OF PROVIDERS.—The Corporation shall notify the appropriate approved insurance provider of a report from the Farm Service Agency regarding alleged program fraud, waste, or abuse, unless the provider is suspected to be included in, or a party to, the alleged fraud, waste, or abuse.

(A) Any agent engaged in the sale of coverage offered under this title where the loss claims associated with such sales by the agent are equal to or greater than 150 percent (or an appropriate percentage specified by the Corporation) of the mean for all loss claims associated with such sales by all other agents operating in the same area, as determined by the Corporation.

(B) Any person performing loss adjustment services relative to coverage offered under this title where such loss adjustments performed by the person result in accepted or denied claims equal to or greater than 150 percent (or an appropriate percentage specified by the Corporation) of the mean for accepted or denied claims (as applicable) for all other persons performing loss adjustment services in the same area, as determined by the Corporation.

(2) REVIEW.—

(A) REVIEW REQUIRED.—The Corporation shall conduct a review of any agent identified pursuant to paragraph (1)(A), and any person identified pursuant to paragraph (1)(B), to determine whether the higher loss claims associated with the agent or the higher number of accepted or denied claims (as applicable) associated with the person are the result of fraud, waste, or abuse.

(B) REMEDIAL ACTION.—The Corporation shall take appropriate remedial action with respect to any occurrence of fraud, waste, or abuse identified in a review conducted under this paragraph.

(3) OVERSIGHT OF AGENTS AND LOSS ADJUSTERS.—The Corporation shall develop procedures to require an annual review by an approved insurance provider of the performance of each agent and loss adjuster used by the approved insurance provider. The Corporation shall oversee the conduct of annual reviews and may consult with an approved insurance provider regarding any remedial action that is determined to be necessary as a result of the annual review of an agent or loss adjuster.

(d) PAYMENT.—The Secretary shall make available to a producer eligible for noninsured assistance under this section a payment computed by multiplying—

(1) the quantity that is less than 50 percent of the established yield for the crop; by

(2)(A) in the case of each of the 1996 through 1998 crop years, 60 percent of the average market price for the crop (or any comparable coverage determined by the Secretary); or

(B) in the case of each of the 1999 and subsequent crop years, 55 percent of the average market price for the crop (or any comparable coverage determined by the Secretary); by

(3) a payment rate for the type of crop (as determined by the Secretary) that—

(A) in the case of a crop that is produced with a significant and variable harvesting expense, reflects the decreasing cost incurred in the production cycle for the crop that is—

(i) harvested;

(ii) planted but not harvested; and

(iii) prevented from being planted because of drought, flood, or other natural disaster (as determined by the Secretary); and

(B) in the case of a crop that is not produced with a significant and variable harvesting expense, as determined by the Secretary.

(e) YIELD DETERMINATIONS.—

(1) ESTABLISHMENT.—The Secretary shall establish farm yields for purposes of providing noninsured crop disaster assistance under this section.

(2) ACTUAL PRODUCTION HISTORY.—The Secretary shall determine yield coverage using the actual production history of the producer over a period of not less than the 4 previous consecutive crop years and not more than 10 consecutive crop years. Subject to paragraph (3), the yield for the year in which noninsured crop disaster assistance is sought shall be equal to the average of the actual production history of the producer during the period considered.

(3) ASSIGNMENT OF YIELD.—If a producer does not submit adequate documentation of production history to determine a crop yield under paragraph (2), the Secretary shall assign to the producer a yield equal to not less than 65 percent of the transitional yield of the producer (adjusted to reflect actual production reflected in the records acceptable to the Secretary for continuous years), as specified in regulations issued by the Secretary based on production history requirements.

(4) PROHIBITION ON ASSIGNED YIELDS IN CERTAIN COUNTIES.—

(A) IN GENERAL.—

(i) DOCUMENTATION.—If sufficient data are available to demonstrate that the acreage of a crop in a county for the crop year has increased by more than 100 percent over any year in the preceding 7 crop years or, if data are not available, if the acreage of the crop in the county has increased significantly from the previous crop years, a producer must provide such detailed documentation of production costs, acres planted, and yield for the crop year for which benefits are being claimed as is required by the Secretary. If the Secretary determines that the documentation provided is not sufficient, the Secretary may require documenting proof that the crop, had the crop been harvested, could have been marketed at a reasonable price.

(ii) PROHIBITION.—Except as provided in subparagraph (B), a producer who produces a crop on a farm located in a county described in clause (i) may not obtain an assigned yield.

(B) EXCEPTION.—A crop or a producer shall not be subject to this subsection if—

(i) the planted acreage of the producer for the crop has been inspected by a third party acceptable to the Secretary; or

(ii)(I) the County Executive Director and the State Executive Director recommend an exemption from the requirement to the Administrator of the Agency; and

(II) the Administrator approves the recommendation.

(5) LIMITATION ON RECEIPT OF SUBSEQUENT ASSIGNED YIELD.—A producer who receives an assigned yield for the current year of a natural disaster because required production

records were not submitted to the local office of the Department shall not be eligible for an assigned yield for the year of the next natural disaster unless the required production records of the previous 1 or more years (as applicable) are provided to the local office.

(6) YIELD VARIATIONS DUE TO DIFFERENT FARMING PRACTICES.—The Secretary shall ensure that noninsured crop disaster assistance accurately reflects significant yield variations due to different farming practices, such as between irrigated and nonirrigated acreage.

(f) CONTRACT PAYMENTS.—A producer who has received a guaranteed payment for production, as opposed to delivery, of a crop pursuant to a contract shall have the production of the producer adjusted upward by the amount of the production equal to the amount of the contract payment received.

(g) USE OF COMMODITY CREDIT CORPORATION.—The Secretary may use the funds of the Commodity Credit Corporation to carry out this section.

(h) EXCLUSIONS.—Noninsured crop disaster assistance under this section shall not cover losses due to—

- (1) the neglect or malfeasance of the producer;
- (2) the failure of the producer to reseed to the same crop in those areas and under such circumstances where it is customary to reseed; or
- (3) the failure of the producer to follow good farming practices, as determined by the Secretary.

(i) PAYMENT AND INCOME LIMITATIONS.—

(1) DEFINITIONS.—In this subsection:

(A) PERSON.—The term “person” has the meaning provided the term in regulations issued by the Secretary. The regulations shall conform, to the extent practicable, to the regulations defining the term “person” issued under section 1001 of the Food Security Act of 1985 (7 U.S.C. 1308).

(B) QUALIFYING GROSS REVENUES.—The term “qualifying gross revenues” means—

(i) if a majority of the gross revenue of the person is received from farming, ranching, and forestry operations, the gross revenue from the farming, ranching, and forestry operations of the person; and

(ii) if less than a majority of the gross revenue of the person is received from farming, ranching, and forestry operations, the gross revenue of the person from all sources.

(2) PAYMENT LIMITATION.—The total amount of payments that a person shall be entitled to receive annually under this section may not exceed \$100,000.

(3) LIMITATION ON MULTIPLE BENEFITS FOR SAME LOSS.—

(A) IN GENERAL.—Except as provided in subparagraph (B), if a producer who is eligible to receive benefits under this section is also eligible to receive assistance for the same loss under any other program administered by the Secretary, the producer shall be required to elect whether to receive benefits under this section or under the other program, but not both.

(B) EXCEPTION.—Subparagraph (A) shall not apply to emergency loans under subtitle C of the Consolidated Farm and Rural Development Act (7 U.S.C. 1961 et seq.).

(4) INCOME LIMITATION.—A person who has qualifying gross revenues in excess of the amount specified in section 2266(a) of the Food, Agriculture, Conservation, and Trade Act of 1990 (7 U.S.C. 1421 note) (as in effect on November 28, 1990) during the taxable year (as determined by the Secretary) shall not be eligible to receive any noninsured assistance payment under this section.

(5) REGULATIONS.—The Secretary shall issue regulations prescribing such rules as the Secretary determines necessary to ensure a fair and equitable application of section 1001 of the Food Security Act of 1985 (7 U.S.C. 1308), the general payment limitation regulations of the Secretary, and the limitations established under this subsection.

(A) \$100 per crop per county; or

(B) \$300 per producer per county, but not to exceed a total of \$900 per producer.

(2) WAIVER.—The Secretary shall waive the service fee required under paragraph (1) in the case of a limited resource farmer, as defined by the Secretary.

(3) USE.—The Secretary shall deposit service fees collected under this subsection in the Commodity Credit Corporation Fund.
