Subject: *Summer Meals Study* – Please View the Informational Study Recording

Dear Summer Meals Study Site Supervisor,

We recently sent you an email with information about the upcoming *Summer Meals Study*. We are re-sending the information because we have not heard from you.

Congratulations on participating as a site in the summer meals program this summer! We appreciate your commitment to serving meals to children when school is out.

You may have received an email from <NAME OF SPONSOR ORGANIZATION> about the *Summer Meals Study* that Westat is conducting on behalf of USDA. The study will help us to better understand who participates in Summer Meal Programs —the Summer Food Service Program and Seamless Summer Option--and how we could better meet the nutritional needs of children. The study will ask about how satisfied participants are with the programs, and why some families and their children do not participate in summer meals. We will also collect information on how the meals are served, where they are served, and how healthy the summer meals are. Westat is collecting information from program sponsors, site supervisors, participating children, as well as eligible children who do not participate, and their caregivers during Summer 2018. Please see the **attached** *Summer Meals Study* brochure for more detail.
