

Attachment M- In-Person Interview Reminder Email

Thank you for agreeing to speak with us about the value, need, gaps, and impact of strategic partnerships between territorial and local health departments (LHD) with the highest STD morbidity (syphilis, chlamydia and gonorrhea) and their STD clinical partners. We look forward to talking with you at (Time) on (date) at (location).

As a reminder, your participation is voluntary. We anticipate that the STD program manager and STD program coordinator interviews will each take approximately **60 minutes** to complete and data manager/ epidemiologist interviews will take approximately **40 minutes** to complete. The information that we gather and summarize will be used to help inform territorial and LHD partnership building efforts to ensure effective strategies for achieving desired outcomes for priority STD clinical partnerships.

Thank you in advance for your assistance in helping us gather information and please do not hesitate to contact me with any questions you may have.

Dr. Steven Sullivan
