**It will take approximately 20 minutes to complete the assessment.** Please respond to the questions as completely as possible. Once you start the assessment, you will also have the option to finish the assessment at a later time by clicking on the “Finish Later” button, which will bring you to a dialog box with an assessment link and passcode. You may either copy and save the assessment link and passcode or enter your email address to receive the assessment link and passcode in an email; using either option you will be able to return to the assessment later to complete it. Please note that your email address will not be saved in the system and will only be used to automatically send you a link to access your partially completed assessment; we will not know if you requested the link or the email address you provided. Individual responses to this assessment will not be tracked.
