TITLE OF INFORMATION COLLECTION: Sumner J Yaffe Webinar Series Feedback May 2020

PURPOSE:

NICHD conducts periodic webinars as part of the Sumner J Yaffe Memorial Webinar Series. The webinars focus on special topics relevant to pediatric clinical pharmacology and developmental pharmacology including research into the use of biomarkers as surrogates for endpoints and obstetric-fetal pharmacology. These webinars are a vehicle for presentation of the latest research in a specific field related to pediatric clinical pharmacology. NICHD would like to collect feedback from participants for the upcoming May 14, 2020 lecture titled “Obstetric-Fetal Pharmacology.”

Feedback will be collected through the Cvent event management system. Participant feedback is used to determine if the speaker is effective in meeting the goals of her presentation, to determine what content areas are of most interest to participants for future lectures, and if any logistical/technical issues need to be addressed. Feedback is shared with the speaker upon request but not the public.

DESCRIPTION OF RESPONDENTS:

The feedback questionnaire will be sent to all registrants of the webinar in the Sumner J Yaffe Memorial Webinar Series. There are approximately 160 registrants per webinar. Participants are researchers, public health officials, T32 trainees, and others with an interest in pediatric clinical pharmacology.
