Dear Teacher:

On behalf of the National Center for Education Statistics (NCES), U.S. Department of Education, I request your participation in the national survey *Teachers' Use of Technology for School and Homework Assignments*. The federal Office of Management and Budget has approved the survey (OMB No. 1850-0857). Westat, a research firm in Rockville, Maryland, is administering the study for NCES using the Fast Response Survey System (FRSS). The survey is designed to be completed in about 30 minutes.

- ✍ **Why is NCES conducting the survey?** The study is being conducted in response to a request from Congress. It is designed to collect nationally representative information from public school teachers about their use of technology for teaching and homework assignments, and how their knowledge and beliefs about their students' access to technology outside the classroom affect the assignments they give. The survey focuses on information that can best be provided by teachers from their unique perspective and direct interaction with students. NCES is authorized to conduct this survey by the Education Science Reform Act of 2002 (ESRA 2002, 20 U.S.C. §9543).
- ✍ **Why is my participation important?** Your participation, while voluntary, is vital to the development of national estimates. We need your input because you are one of a small sample of teachers selected for the study. Your cooperation is therefore critical to make the results of this survey comprehensive, accurate, and timely.
- ✍ **How does NCES protect the confidentiality of the information that I provide?** The information collected through the survey will be published in aggregate form only and will not identify individual teachers or their schools. All of the information you provide may be used only for statistical purposes and may not be disclosed, or used, in identifiable form for any other purpose except as required by law (20 U.S.C. §9573 and 6 U.S.C. §151).
- ✍ **What do I get from the study?** Once the study is completed, NCES will present the findings in a report that will be released on the NCES website. Your school will be notified when it is released.

You may complete the survey using either the enclosed questionnaire or an online version. The online version of the survey is available at [www.XXXXX.org](http://www.XXXXX.org). Your username and password appear on the enclosed Web Survey Information Sheet. If you complete the paper version of the questionnaire, please return it to Westat in the enclosed postage-paid envelope. **Please complete the survey only once, using either the paper or the online version.**

We ask that the survey be completed **within 3 weeks**, and that you keep a copy of the completed survey for your files. If you have any questions about this survey, please contact Cindy Gray, the Westat survey manager, at 800-937-8281, ext. 4336 (toll-free) or by e-mail at [XXXXX@westat.com](mailto:XXXXX@westat.com). You may also call John Ralph, the NCES Program Manager, at 202-245-6152. Thank you for your assistance.

Sincerely,

Peggy G. Carr, Ph.D.  
Acting Commissioner
