## Overview

This appendix provides a facsimile of the Beginning Postsecondary Students Longitudinal Study (BPS:12) Student Records data collection instrument. In order to reduce burden on institutions that are selected to participate in multiple NCES studies, the BPS:12 Student Records instrument has been designed to be consistent with other student records instruments – specifically, the 2015-16 National Postsecondary Student Aid Study (NPSAS:16) and the High School Longitudinal Study of 2009 (HSLs:09) student records collections.

A preliminary student records instrument was approved for HSLs:09 (OMB #0850-0582 v.18) and for use in BPS qualitative evaluation interviews (OMB #1850-0803 v.152). These interviews took place in June and July of 2016 and were intended to assess the usability of the student records instrument when adapted for a multiyear collection, identify any challenges presented by collecting data elements across several academic years, and identify strategies for reducing burden on participating institutions. The BPS qualitative evaluation instrument was consistent with the student records instrument approved for HSLs:09, and the results of the evaluation interviews were used to improve the instruments for both studies.

While most items in this facsimile remain the same as those submissions, the instrument presented below includes some revisions based on results of the evaluation interviews. The qualitative evaluation report is included in Appendix D. Changes from the previously approved instruments are intended to reduce respondent burden and improve data quality. Table 1 lists all instrument items and provides a summary of changes to the content of the instrument approved for BPS qualitative evaluation. The table includes color coding to indicate whether items have remained the same (black), were revised (purple), removed (red), or added (green). A separate request has been submitted (OMB# 1850-0852 v.23) to make the HSLs:09 student records instrument consistent with the BPS instrument presented in this appendix.

### Help Text

**Provide term names and dates for each term within the academic years requested.** For details about which terms should be included, review Step 4 below.

**Report enrollment status for each calendar month within the academic year.** Recommended for institutions that enroll continuously throughout the academic year, or for institutions with more than 12 terms in the academic year.

**Subsection Name**    **Terms (REVISED)**

**Wording**    Please provide your institution’s terms for each of the academic years listed below. Later, you will be asked to indicate each sampled student’s enrollment status (e.g. full-time, half-time) during each of the terms you provide.

Enter the name, start date, and end date of each of the terms/enrollment periods occurring at [institution name] between July 1 and June 30 in each academic year.

Please include:

- Summer sessions.
- Short sessions longer than two weeks in duration.
- Terms for special types of students (e.g. medical students).

NOTE: Terms may start prior to June 1 or end after June 30, but some portion of the term must occur between July 1 and June 30.

Note that summer sessions should be included if any portion of the term falls within the period of July 1 through June 30. For additional help on how to report summer sessions, click [here].

**Help Text**    For example, an institution with the following term schedule should report four terms for the 2015-2016 academic year: Summer II 2015, Fall 2015, Spring 2016, and Summer I 2016.

Term Name	Start Date	End Date
Summer I 2015	May 18, 2015	June 19, 2015
