

A photograph of a middle-aged man with grey hair, wearing a red and white plaid shirt and dark overalls, holding a wooden basket filled with fresh vegetables. The basket contains tomatoes, broccoli, bell peppers, and eggplants. The background is a vast green field under a clear sky. The text is overlaid on the left side of the image.

If you apply organic pesticides, **the WPS applies to you.**

If a pesticide has an "Agricultural Use Requirements" box, it's subject to the **Worker Protection Standard**. The WPS includes: training your workers, keeping your workers out of areas where pesticides are being applied and providing information about pesticide applications. **A healthier workforce means fewer absences from work and fewer lost wages for workers. Your workers benefit and so do you.**

To learn everything that applies, go to **[EPA.gov/pesticide-worker-safety](https://www.epa.gov/pesticide-worker-safety)**
