PRIVACY THRESHOLD ANALYSIS (PTA)

The PTA is a compliance form developed by the Privacy Branch to identify the use of Personally Identifiable Information (PII) across the Department. The PTA is the first step in the PII verification process, which focuses on these areas of inquiry:

- Purpose for the information,
- Type of information,
- Sensitivity of the information,
- Use of the information,
- And the risk to the information.

Please use the attached form to determine whether a Privacy and Civil Liberties Impact Assessment (PCLIA) is required under the E-Government Act of 2002 or a System of Record Notice (SORN) is required under the Privacy Act of 1974, as amended.

Please complete this form and send it to your program Privacy Liaison Officer (PLO). If you have no program Privacy Liaison Officer, please send the PTA to the HUD Privacy Branch:

John Bravacos, Senior Agency Official for Privacy
Privacy Branch
U.S. Department of Housing and Urban Development

privacy@hud.gov

Upon receipt from your program PLO, the HUD Privacy Branch will review this form. If a PCLIA or SORN is required, the HUD Privacy Branch will send you a copy of the PCLIA and SORN templates to complete and return.

SPECIFIC PTA QUESTIONS

1. Reason for submitting the PTA: Choose an item.

Closing documents, which are updated approximately every 3 years, are used in FHA-insured multifamily rental project transactions. Closing documents reflect the terms and conditions for maintaining mortgage insurance on multifamily rental projects throughout the life of the loan. The documents also identify any secondary sources used in conjunction with the FHA-insured mortgage and their terms and conditions. HUD revises the forms every 3 years to improve them in terms of readability and to make editorial corrections, while also addressing public comments received in connection with the 60-day CFR Notice. The forms are also revised to reflect the most recently published guidance related to multifamily mortgage insurance programs (i.e. the 2016 Multifamily Accelerated Processing Guide.)
