Pursuant to the Paperwork Reduction Act of 1995 (Pub. L. 104-13), the Commission invites the general public and other Federal agencies to comment on proposed information collections. Title: 46 CFR part 565—Controlled Carriers.

OMB Approval Number: 3072–0060 (Expires December 31, 2017).

Abstract: Section 9 of the Shipping Act of 1984, 46 U.S.C. 40701–40706, requires that the Commission monitor the practices of controlled carriers to ensure that they do not maintain rates or charges in their tariffs and service contracts that are below a level that is just and reasonable; nor establish, maintain, or enforce unjust or unreasonable classifications, rules, or regulations in those tariffs or service contracts which result or are likely to result in the carriage or handling of cargo at rates or charges that are below a just and reasonable level. 46 CFR part 565 establishes the method by which the Commission determines whether a particular ocean common carrier is a controlled carrier subject to section 9 of the Shipping Act of 1984. When a government acquires a controlling interest in an ocean common carrier, or when a controlled carrier newly enters a United States trade, the Commission's rules require that such a carrier notify the Commission of these events.

Current Actions: There are no changes to this information collection, and it is being submitted for extension purposes only.

Type of Review: Extension.

Needs and Uses: The Commission uses these notifications in order to effectively discharge its statutory duty to determine whether a particular ocean common carrier is a controlled carrier and therefore subject to the requirements of section 9 of the Shipping Act of 1984.

Frequency: The submission of notifications from carriers is not assigned to a specific time frame by the Commission; they are submitted as circumstances warrant.

Type of Respondents: Ocean common carriers when a majority portion of the carrier becomes owned or controlled by a government, or when a controlled

carrier newly begins operation in any United States trade.

Number of Annual Respondents: Based on filings over the past three years, the Commission estimates one respondent annually.

Estimated Time per Response: The estimated time for each notification is 2 hours.

Total Annual Burden: For purposes of calculating total annual burden, the Commission assumes one response annually. The Commission thus estimates the total annual burden to be 2 hours (1 response × 2 hours per response).

Assistant Secretary.
