

Health Center Attestation Revisions

Current Content: Intro page

Health centers, hospitals, and other authorized health care organizations access NPDB report information by querying. The query response is used as part of the professional review process when making decisions regarding the licensing, credentialing, privileging, or employment of health care practitioners. Additionally these organizations are required to report to the NPDB certain actions they take against those practitioners. Adding this information to the NPDB repository benefits all querying organizations and supports the NPDB's mission to improve health care quality in the United States.

Why is reporting required?

Federal law requires health centers to report report to the NPDB certain adverse actions, such as clinical privileges actions. If your health center has taken any clinical privileges actions that meet the NPDB reporting requirements, you must submit a report to the NPDB within 30 days of the date the action was taken.

What is attestation?

Your organization should confirm that all reportable clinical privileges actions taken from (Month dd, yyyy) to (Month dd, yyyy) have been submitted to the NPDB, as required by law.

What reports have been submitted to the NPDB?

Your organization has added a total of "n" reports to the NPDB repository.

Of these, "n" reports were submitted for clinical privileges actions taken from (Month dd, yyyy) to (Month dd, yyyy).

What is the deadline for attestation?

An organization's attestation should be submitted to the NPDB no later than (Month dd, yyyy). If your organization does not complete the attestation it may be subject to sanctions outlined in 45 CFR 60.12.

Are you ready to attest now?

Revised content: Intro page

Health centers, hospitals, and other authorized health care organizations access NPDB information by querying. The query response is used as part of the professional review process when making decisions regarding the licensing, credentialing, privileging, or employment of health care practitioners. These organizations must also report certain adverse actions they take and payments they make for the benefit of a health care practitioner in settlement of a malpractice claim or judgment. These reports are added to the NPDB repository to benefit all querying organizations and to support the NPDB's mission to improve health care quality in the United States.

Your organization's legal requirements for reporting to the NPDB

Federal law requires health centers report to the NPDB, certain adverse actions, such as clinical privileges actions. If your health center has taken any clinical privileges actions that meet the NPDB reporting requirements, you must submit a report these within 30 days of the date the action was taken.

Organizations that fail to submit their required NPDB reports may be subject to the sanctions outlined in 45 CFR 60.

What is attestation?

When you attest you confirm that your health center has reported all clinical privileges actions taken from (Month dd, yyyy) to (Month dd, yyyy) to the NPDB, as required by law.

Your organization added a total of "n" report(s) to the NPDB for clinical privileges actions taken from (Month dd, yyyy) to (Month dd, yyyy). **Before you attest, please review all clinical privileges actions taken by your organization and be sure you submitted required reports to the NPDB.** If you have reported all clinical privileges actions, then you are ready to attest.

Your attestation is due by (Month dd, yyyy). Are you ready to attest now?
