## **Ebola Exposure Questionnaire for Flight Crew**

<u>Directions: Please fax completed form to Ebola Airline Investigation at fax # 404.718.2158 after both initial interview and completion of final disposition.</u>

Note: If contact develops a fever ≥100.4° F or other symptoms of Ebola, immediately call EOC at 770.488.7100.

Da	te of initial interview://	Interviewed by:				
Int	erviewer's Agency:	Interviewer's Phone Number:				
Int	erviewer's Email:					
Pa	ssenger Information:					
1.	First Name:	Last Name:				
	Date of Birth:	Sex:				
	Country of Citizenship:	Country of Residence:				
	ugh 21 days after potential flight exposure:					
	Street Address for next 21 days:					
	City: State	e: <u>Zip</u> :				
	Phone numbers for next 21 days: Home	: Cell:				
	Work:					
	Job title:					
What flight(s) did the interviewee work or fly on with the index case: Provide complete flight in						
	including flight number, flight origination and destination					
	First flight:		_			
	Second flight:		_			
2.	. Did interviewee serve in the area where the ill passenger was seated? $\ $ Yes $\ $ No					
3	Did interviewee have any interactions with the index case from this flight(s)?					

the event, degree of contact (talking, touching, etc.) and length of time:						
Did in	terviewee have direct contact with blood or other body fluids (including but not limited to feces,					
saliva	, sweat, urine, and vomit) of the index case during the flight(s) mentioned above?					
Yes No (If no, skip to question 5)  If yes, what protective equipment was worn? Mask Gloves Eye Protection C  Rubber boots or shoe covers None						
				If yes, describe the contact including location in the plane of the body fluid and any other in		
				involved:		
If yes	, with which body fluids did interviewee come into contact? (Check all that apply)					
Tears Saliva Respiratory secretions (cough and sneeze droplets)						
	☐ Vomit ☐ Urine ☐ Blood ☐ Feces ☐ Sweat					
If yes	, did these fluids come in contact with the interviewee's (Read below and check all that apply):					
Intact skin						
	Broken skin (fresh cut or scratch which bled within 24 hours before the contact; burn or					
	abrasion that had not dried)					
	Mucous membrane contact (eyes, nose or mouth)					
	Other (Specify):					
Were	there any incidents during or after the flight(s) that the interviewee can recall when other					
individuals were in contact with the index case's blood and/or body fluids?						
				If yes	, please describe situation and location in the plane:	

	What protective equipment (i.e. gloves, face mask) was the interviewee wearing if he/she was involved			
in cleaning the cabin? (NA if not involved in cleaning) $\square$ Mask $\square$ Gloves $\square$ Eye Protect				e Protection  Gown
Rubber boots or shoe covers None				
ŝ.	Did interviewee experience any sy	mptoms (fever, body aches	, abdominal pain, d	arrhea, rash, sore
throat, headache, vomiting, weakness, unusual bruising or bleeding) since the flight with the				
	Yes No (If no, skip to que			
	If yes, which of the following symp	perience since the t	light with the index	
case, and what were the onset date and duration of symptoms (check all that apply and list				
	onset/duration)?			
		Symptom onset (MM/DD/Y	Y)	Duration (in days)
	Fever ≥100.4° F			
	Sore throat			
	Body aches/muscle pain			
	Severe headache			
	Abdominal pain			
	Vomiting			
	Diarrhea			
	Weakness			
	Rash			
	Description of rash			
	Unusual bruising or bleeding			
	(e.g., from gums, eyes, nose)			

experiencing widespread transmission of Ebola? Yes No
If yes, to which countries did the interviewee travel (check all that apply)?
Sierra Leone Guinea Liberia Other
If any of the above countries are selected, please notify CDC by calling EOC at 770.488.7100.  Interviewee will need to complete additional interview with CDC SME involving in-country exposure risk.
Classification of interviewee risk. After the HD has completed the interview, CDC will assign a risk level
and communicate follow up recommendations to the HD. Call the EOC and ask to speak to Air Contact
Investigation Team after the interview to complete this process. Refer to
http://www.cdc.gov/vhf/ebola/exposure/monitoring-and-movement-of-persons-with-exposure.html for
additional information.
Follow-up Actions (check all actions taken for this contact):
Active Monitoring: state or local public health authority checks with potentially exposed individual
daily to assess for the presence of symptoms and fever (ie: via phone or other communication)
Direct Active Monitoring: public health authority conducts active monitoring through direct
observation
Ebola Symptoms (fever, body aches, abdominal pain, diarrhea, rash, sore throat, severe headache,
vomiting, weakness, unusual bruising or bleeding)
Referred for medical evaluation due to presence of symptoms
Where was (s)he referred?
What was the outcome?
Was (s)he tested for Ebola?
Declined medical evaluation after it was recommended
Placed under conditional release
Placed under state issued quarantine order
Controlled movement: exclusion from all long-distance and local public conveyances (aircraft, ship,
train, hus and subway)

Exclusion from public places (e.g., shopping centers, movie theaters), and congregate gatherings					
Exclusion from workplaces for the duration of the public health order, unless approved by the state					
or local health department (telework is permitted)					
Federal public health travel re	Federal public health travel restrictions - <u>Do Not Board</u>
