CRIME VICTIMS WITH DISABILITIES AWARENESS

Pub. L. 105-301, Oct. 27, 1998, 112 Stat. 2838, as amended by Pub. L. 106-402, title IV, §401(b)(10), Oct. 30, 2000, 114 Stat. 1739, provided that:

“SECTION 1. SHORT TITLE.

“This Act may be cited as the ‘Crime Victims With Disabilities Awareness Act’.

“SEC. 2. FINDINGS; PURPOSES.

“(a) FINDINGS.—Congress finds that—

“(1) although research conducted abroad demonstrates that individuals with developmental disabilities are at a 4 to 10 times higher risk of becoming crime victims than those without disabilities, there have been no significant studies on this subject conducted in the United States;

“(2) in fact, the National Crime Victim’s Survey, conducted annually by the Bureau of Justice Statistics of the Department of Justice, does not specifically collect data relating to crimes against individuals with developmental disabilities;

“(3) studies in Canada, Australia, and Great Britain consistently show that victims with developmental disabilities suffer repeated victimization because so few of the crimes against them are reported, and even when they are, there is sometimes a reluctance by police, prosecutors, and judges to rely on the testimony of a disabled individual, making individuals with developmental disabilities a target for criminal predators;

“(4) research in the United States needs to be done to—

“(A) understand the nature and extent of crimes against individuals with developmental disabilities;

“(B) describe the manner in which the justice system responds to crimes against individuals with developmental disabilities; and

“(C) identify programs, policies, or laws that hold promises for making the justice system more responsive to crimes against individuals with developmental disabilities; and

“(5) the National Academy of Science Committee on Law and Justice of the National Research Council is a premier research institution with unique experience in developing seminal, multidisciplinary studies to establish a strong research base from which to make public policy.

“(b) PURPOSES.—The purposes of this Act are—

“(1) to increase public awareness of the plight of victims of crime who are individuals with developmental disabilities;

“(2) to collect data to measure the extent of the problem of crimes against individuals with developmental disabilities; and

“(3) to develop a basis to find new strategies to address the safety and justice needs of victims of crime who are individuals with developmental disabilities.

MEDICAL CERTIFIER INSTRUCTIONS for selected items on U.S. Standard Certificate of Death

(See Physicians' Handbook or Medical Examiner/Coroner Handbook on Death Registration for instructions on all items)

ITEMS ON WHEN DEATH OCCURRED

Items 24-25 and 29-31 should always be completed. If the facility uses a separate pronouncer or other person to indicate that death has taken place with another person more familiar with the case completing the remainder of the medical portion of the death certificate, the pronouncer completes Items 24-28. If a certifier completes Items 24-25 as well as items 29-49, Items 26-28 may be left blank.

ITEMS 24-25, 29-30 – DATE AND TIME OF DEATH

Spell out the name of the month. If the exact date of death is unknown, enter the **approximate** date. If the date cannot be approximated, enter the date the body is found and identify as **date found**. Date pronounced and actual date may be the same. Enter the exact hour and minutes according to a 24-hour clock; estimates may be provided with "Approx." placed before the time.

ITEM 32 – CAUSE OF DEATH (See attached examples)

Take care to make the entry legible. Use a computer printer with high resolution, typewriter with good black ribbon and clean keys, or print legibly using permanent **black** ink in completing the CAUSE OF DEATH Section. **Do not abbreviate** conditions entered in section.

Part I (Chain of events leading directly to death)

•Only **one** cause should be entered on each line. Line (a) **MUST ALWAYS** have an entry. **DO NOT** leave blank. Additional lines may be added if necessary.

•If the condition on Line (a) resulted from an underlying condition, put the underlying condition on Line (b), and so on, until the full sequence is reported. **ALWAYS** enter the **underlying cause of death** on the **lowest used line** in Part I.

•For each cause indicate the best estimate of the interval between the presumed onset and the date of death. The terms "unknown" or "approximately" may be used. General terms, such as minutes, hours, or days, are acceptable, if necessary. **DO NOT** leave blank.

•The terminal event (for example, cardiac arrest or respiratory arrest) should not be used. If a mechanism of death seems most appropriate to you for line (a), then you must always list its cause(s) on the line(s) below it (for example, cardiac arrest **due to** coronary artery atherosclerosis or cardiac arrest **due to** blunt impact to chest).

•If an organ system failure such as congestive heart failure, hepatic failure, renal failure, or respiratory failure is listed as a cause of death, always report its etiology on the line(s) beneath it (for example, renal failure **due to** Type I diabetes mellitus).

•When indicating neoplasms as a cause of death, include the following: 1) primary site or that the primary site is unknown, 2) benign or malignant, 3) cell type or that the cell type is unknown, 4) grade of neoplasm, and 5) part or lobe of organ affected. (For example, a primary well-differentiated squamous cell carcinoma, lung, left upper lobe.)

•Always report the fatal injury (for example, stab wound of chest), the trauma (for example, transection of subclavian vein), and impairment of function (for example, air embolism).

PART II (Other significant conditions)

•Enter all diseases or conditions contributing to death that were not reported in the chain of events in Part I and that did not result in the **underlying cause of death**. See attached examples.

•If two or more possible sequences resulted in death, or if two conditions seem to have added together, report in Part I the one that, in your opinion, most directly caused death. Report in Part II the other conditions or diseases.

CHANGES TO CAUSE OF DEATH

Should additional medical information or autopsy findings become available that would change the cause of death originally reported, the original death certificate should be amended by the certifying physician by **immediately** reporting the revised cause of death to the State Vital Records Office.

ITEMS 33-34 - AUTOPSY

•33 - Enter "Yes" if either a partial or full autopsy was performed. Otherwise enter "No."

•34 - Enter "Yes" if autopsy findings were available to complete the cause of death; otherwise enter "No". Leave item blank if no autopsy was performed.

ITEM 35 - DID TOBACCO USE CONTRIBUTE TO DEATH?

Check "yes" if, in your opinion, the use of tobacco contributed to death. Tobacco use may contribute to deaths due to a wide variety of diseases; for example, tobacco use contributes to many deaths due to emphysema or lung cancer and some heart disease and cancers of the head and neck. Check "no" if, in your clinical judgment, tobacco use did not contribute to this particular death.

ITEM 36 - IF FEMALE, WAS DECEDENT PREGNANT AT TIME OF DEATH OR WITHIN PAST YEAR?

This information is important in determining pregnancy-related mortality.

ITEM 37 - MANNER OF DEATH

•Always check Manner of Death, which is important: 1) in determining accurate causes of death; 2) in processing insurance claims; and 3) in statistical studies of injuries and death.

•Indicate "Pending investigation" if the manner of death cannot be determined whether due to an accident, suicide, or homicide within the statutory time limit for filing the death certificate. This should be changed later to one of the other terms.

•Indicate "Could not be Determined" **ONLY** when it is impossible to determine the manner of death.

ITEMS 38-44 - ACCIDENT OR INJURY – to be filled out in all cases of deaths due to injury or poisoning.

•38 - Enter the exact month, day, and year of injury. Spell out the name of the month. **DO NOT** use a number for the month. (Remember, the date of injury may differ from the date of death.) Estimates may be provided with "Approx." placed before the date.

•39 - Enter the exact hour and minutes of injury or use your best estimate. Use a 24-hour clock.

•40 - Enter the general place (such as restaurant, vacant lot, or home) where the injury occurred. **DO NOT** enter firm or organization names. (For example, enter "factory", **not** "Standard Manufacturing, Inc.")

•41 - Complete if anything other than natural disease is mentioned in Part I or Part II of the medical certification, including homicides, suicides, and accidents. This includes all motor vehicle deaths. The item **must** be completed for decedents ages 14 years or over and may be completed for those less than 14 years of age if warranted. Enter "Yes" if the injury occurred at work. Otherwise enter "No". An injury may occur at work regardless of whether the injury occurred in the course of the decedent's "usual" occupation. Examples of injury at work and injury not at work follow:

Injury at work

Injury while working or in vocational training on job premises
Injury while on break or at lunch or in parking lot on job premises
Injury while working for pay or compensation, including at home
Injury while working as a volunteer law enforcement official etc.
Injury while traveling on business, including to/from business contacts

Injury not at work

Injury while engaged in personal recreational activity on job premises
Injury while a visitor (not on official work business) to job premises
Homemaker working at homemaking activities
Student in school
Working for self for no profit (mowing yard, repairing own roof, hobby)
Commuting to or from work

•42 - Enter the complete address where the injury occurred including zip code.

•43 - Enter a brief but specific and clear description of how the injury occurred. Explain the circumstances or cause of the injury. Specify **type of gun or type of vehicle** (e.g., car, bulldozer, train, etc.) when relevant to circumstances. Indicate if more than one vehicle involved; specify type of vehicle decedent was in.

•44 - Specify role of decedent (e.g. driver, passenger). Driver/operator and passenger should be designated for modes other than motor vehicles such as bicycles. Other applies to watercraft, aircraft, animal, or people attached to outside of vehicles (e.g. surfers).

Rationale: Motor vehicle accidents are a major cause of unintentional deaths; details will help determine effectiveness of current safety features and laws.

Cause-of-death – Background, Examples, and Common Problems

Accurate cause of death information is important

- to the public health community in evaluating and improving the health of all citizens, and
- often to the family, now and in the future, and to the person settling the decedent's estate.

The cause-of-death section consists of two parts. **Part I** is for reporting a chain of events leading directly to death, with the **immediate cause** of death (the final disease, injury, or complication directly causing death) on line a and the **underlying cause** of death (the disease or injury that initiated the chain of events that led directly and inevitably to death) on the lowest used line. **Part II** is for reporting all other significant diseases, conditions, or injuries that contributed to death but which did not result in the underlying cause of death given in **Part I**. **The cause-of-death information should be YOUR best medical OPINION.** A condition can be listed as "probable" even if it has not been definitively diagnosed.

Common problems in death certification

The **elderly decedent** should have a clear and distinct etiological sequence for cause of death, if possible. Terms such as senescence, infirmity, old age, and advanced age have little value for public health or medical research. Age is recorded elsewhere on the certificate. When a number of conditions resulted in death, the physician should choose the single sequence that, in his or her opinion, best describes the process leading to death, and place any other pertinent conditions in Part II. If after careful consideration the physician cannot determine a sequence that ends in death, then the medical examiner or coroner should be consulted about conducting an investigation or providing assistance in completing the cause of death.

The **infant decedent** should have a clear and distinct etiological sequence for cause of death, if possible. "Prematurity" should not be entered without explaining the etiology of prematurity. Maternal conditions may have initiated or affected the sequence that resulted in infant death, and such maternal causes should be reported in addition to the infant causes on the infant's death certificate (e.g., Hyaline membrane disease **due to** prematurity, 28 weeks **due to** placental abruption **due to** blunt trauma to mother's abdomen).

When **SIDS** is suspected, a complete investigation should be conducted, typically by a medical examiner or coroner. If the infant is under 1 year of age, no cause of death is determined after scene investigation, clinical history is reviewed, and a complete autopsy is performed, then the death can be reported as Sudden Infant Death Syndrome.

When processes such as the following are reported, additional information about the etiology should be reported:

Abscess	Carcinomatosis	Disseminated intra vascular coagulopathy	Hyponatremia	Pulmonary arrest
Abdominal hemorrhage	Cardiac arrest	Dysrhythmia	Hypotension	Pulmonary edema
Adhesions	Cardiac dysrhythmia	End-stage liver disease	Immunosuppression	Pulmonary embolism
Adult respiratory distress syndrome	Cardiomyopathy	End-stage renal disease	Increased intra cranial pressure	Pulmonary insufficiency
Acute myocardial infarction	Cardiopulmonary arrest	Epidural hematoma	Intra cranial hemorrhage	Renal failure
Altered mental status	Cellulitis	Exsanguination	Malnutrition	Respiratory arrest
Anemia	Cerebral edema	Failure to thrive	Metabolic encephalopathy	Seizures
Anoxic encephalopathy	Cerebrovascular accident	Fracture	Multi-organ failure	Sepsis
Arrhythmia	Cerebellar tonsillar herniation	Gangrene	Multi-system organ failure	Septic shock
Ascites	Chronic bedridden state	Gastrointestinal hemorrhage	Myocardial infarction	Shock
Aspiration	Cirrhosis	Heart failure	Necrotizing soft-tissue infection	Starvation
Atrial fibrillation	Coagulopathy	Hemothorax	Old age	Subdural hematoma
Bacteremia	Compression fracture	Hepatic failure	Open (or closed) head injury	Subarachnoid hemorrhage
Bedridden	Congestive heart failure	Hepatitis	Paralysis	Sudden death
Biliary obstruction	Convulsions	Hepatorenal syndrome	Pancytopenia	Thrombocytopenia

FUNERAL DIRECTOR INSTRUCTIONS for selected items on U.S.

Standard Certificate of Death (For additional information concerning all items on certificate see Funeral Directors' Handbook on Death Registration)

ITEM 1. DECEDENT'S LEGAL NAME

Include any other names used by decedent, if substantially different from the legal name, after the abbreviation AKA (also known as) e.g. Samuel Langhorne Clemens AKA Mark Twain, **but not** Jonathon Doe AKA John Doe

ITEM 5. DATE OF BIRTH

Enter the full name of the month (January, February, March etc.) Do not use a number or abbreviation to designate the month.

ITEM 7A-G. RESIDENCE OF DECEDENT (information divided into seven categories)

Residence of decedent is the place where the decedent actually resided. The place of residence is not necessarily the same as "home state" or "legal residence". Never enter a temporary residence such as one used during a visit, business trip, or vacation. Place of residence during a tour of military duty or during attendance at college is considered permanent and should be entered as the place of residence. If the decedent had been living in a facility where an individual usually resides for a long period of time, such as a group home, mental institution, nursing home, penitentiary, or hospital for the chronically ill, report the location of that facility in item 7. If the decedent was an infant who never resided at home, the place of residence is that of the parent(s) or legal guardian. **Never** use an acute care hospital's location as the place of residence for any infant. If Canadian residence, please specify Province instead of State.

ITEM 10. SURVIVING SPOUSE'S NAME

If the decedent was married at the time of death, enter the full name of the surviving spouse. If the surviving spouse is the wife, enter her name prior to first marriage. This item is used in establishing proper insurance settlements and other survivor benefits.

ITEM 12. MOTHER'S NAME PRIOR TO FIRST MARRIAGE

Enter the name used prior to first marriage, commonly known as the maiden name. This name is useful because it remains constant throughout life.

ITEM 14. PLACE OF DEATH

The place where death is pronounced should be considered the place where death occurred. If the place of death is unknown but the body is found in your State, the certificate of death should be completed and filed in accordance with the laws of your State. Enter the place where the body is found as the place of death.

ITEM 51. DECEDENT'S EDUCATION (*Check appropriate box on death certificate*)

Check the box that corresponds to the highest level of education that the decedent completed. **Information in this section will not appear on the certified copy of the death certificate. This information is used to study the relationship between mortality and education (which roughly corresponds with socioeconomic status). This information is valuable in medical studies of causes of death and in programs to prevent illness and death.**

ITEM 52. WAS DECEDENT OF HISPANIC ORIGIN? (*Check "No" or appropriate "Yes" box*)

Check "No" or check the "Yes" box that best corresponds with the decedent's ethnic Spanish identity as given by the informant. Note that "Hispanic" is not a race and item 53 must also be completed. Do not leave this item blank. With respect to this item, "Hispanic" refers to people whose origins are from Spain, Mexico, or the Spanish-speaking Caribbean Islands or countries of Central or South America. Origin includes ancestry, nationality, and lineage. There is no set rule about how many generations are to be taken into account in determining Hispanic origin; it may be based on the country of origin of a parent, grandparent, or some far-removed ancestor. Although the prompts include the major Hispanic groups, other groups may be specified under "other". "Other" may also be used for decedents of multiple Hispanic origin (e.g. Mexican-Puerto Rican). **Information in this section will not appear on the certified copy of the death certificate. This information is needed to identify health problems in a large minority population in the United States. Identifying health problems will make it possible to target public health resources to this important segment of our population.**

ITEM 53. RACE (*Check appropriate box or boxes on death certificate*)

Enter the race of the decedent as stated by the informant. Hispanic is not a race; information on Hispanic ethnicity is collected separately in item 52. American Indian and Alaska Native refer only to those native to North and South America (including Central America) and does not include Asian Indian. Please specify the name of enrolled or principal tribe (e.g., Navajo, Cheyenne, etc.) for the American Indian or Alaska Native. For Asians check Asian Indian, Chinese, Filipino, Japanese, Korean, Vietnamese, or specify other Asian group; for Pacific Islanders check Guamanian or Chamorro, Samoan, or specify other Pacific Island group. If the decedent was of mixed race, enter each race (e.g., Samoan-Chinese-Filipino or White, American Indian). **Information in this section will not appear on the certified copy of the death certificate. Race is essential for identifying specific mortality patterns and leading causes of death among different racial groups. It is also used to determine if specific health programs are needed in particular areas and to make population estimates.**

ITEMS 54 AND 55. OCCUPATION AND INDUSTRY

Questions concerning occupation and industry must be completed for all decedents 14 years of age or older. This information is useful in studying deaths related to jobs and in identifying any new risks. For example, the link between lung disease and lung cancer and asbestos exposure in jobs such as shipbuilding or construction was made possible by this sort of information on death certificates. **Information in this section will not appear on the certified copy of the death certificate.**

ITEM 54. DECEDENT'S USUAL OCCUPATION

Enter the usual occupation of the decedent. This is not necessarily the last occupation of the decedent. Never enter "retired". Give kind of work decedent did during most of his or her working life, such as claim adjuster, farmhand, coal miner, janitor, store manager, college professor, or civil engineer. If the decedent was a homemaker at the time of death but had worked outside the household during his or her working life, enter that occupation. If the decedent was a homemaker during most of his or her working life, and never worked outside the household, enter "homemaker". Enter "student" if the decedent was a student at the time of death and was never regularly employed or employed full time during his or her working life. **Information in this section will not appear on the certified copy of the death certificate.**

ITEM 55. KIND OF BUSINESS/INDUSTRY

Kind of business to which occupation in item 54 is related, such as insurance, farming, coal mining, hardware store, retail clothing, university, or government. DO NOT enter firm or organization names. If decedent was a homemaker as indicated in item 54, then enter either "own home" or "someone else's home" as appropriate. If decedent was a student as indicated in item 54, then enter type of school, such as high school or college, in item 55. **Information in this section will not appear on the certified copy of the death certificate.**

NOTE: This recommended standard death certificate is the result of an extensive evaluation process. Information on the process and resulting recommendations as well as plans for future activities is available on the Internet at: http://www.cdc.gov/nchs/vital_certs_rev.htm.

Dear «Salutation» «ContactLastName»:

Thanks to the efforts of state prison officials nationwide, the Bureau of Justice Statistics' (BJS) Deaths in Custody Reporting Program (DCRP) continues to be a great success. Started in 2000 with the passage of the *Death in Custody Reporting Act*, which was reauthorized in December of 2014, the DCRP is the only source of data on prisoner deaths.

This letter marks the beginning of the 2016 DCRP data collection cycle, and we hope you will participate in this important data collection.

Please use the following credentials to log onto the DCRP Web site (<https://bjsdcrp.rti.org>) to access the 2015 and 2016 forms:

USERNAME: «username»
PASSWORD: «password»

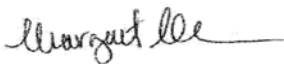

Please submit all 2015 data, including the *Annual Summary of Inmate Deaths in State Prisons* form (NPS-4) and the corresponding *State Prison Inmate Death Report* forms (NPS-4A), by **February 29, 2016**.

BJS will use the data collected under the DCRP for research and statistical purposes only, as described in Title 42, USC §3735 and 3789g (enclosed). As with all BJS data collections, the data will be stored securely at all times.

If you have questions about the DCRP, please contact Matt Bensen, the RTI data collection task leader, at (800) 344-1387 or bjsdcrp@rti.org.

We thank you in advance for your participation and look forward to our continued work together.

Given that we may need to use the agency head contact information throughout the upcoming year, we would like to ask you a couple of questions to verify that **[FILL]**/YOU will remain the agency head for the foreseeable future.

[IF PRIOR TO NOVEMBER ELECTION DAY] Is the agency head position up for re-election in November 2015?

[IF AFTER NOVEMBER ELECTION DAY] Was the agency head position up for re-election in November 2015?

[IF "YES"] Was/Were **[FILL]** / YOU re-elected?

[IF "NO"]

- 1) Who is the newly elected agency head?
- 2) When will the newly elected agency head take office?
- 3) Do you have a telephone number and/or e-mail address for the newly elected agency head?

Facility Information

I now want to verify the facilities that are operating within your jurisdiction. First, BJS considers a facility to be separate if it has its own administrator, its own staff, and its own budget. Second, when it comes to the Deaths in Custody Reporting Program, an eligible facility meets the following criteria:

- It is not a temporary holding or lockup facility from which inmates are transferred within 72 hours and not held beyond arraignment
- It does not exclusively hold inmates aged 17 or younger.

We have [FILL] facility/facilities listed under your jurisdiction.

[READ FACILITY NAME, ADDRESS, CITY, AND ZIP] Is this information correct?

[CYCLE THROUGH THE QUESTIONS ON THIS PAGE FOR EACH EXISTING FACILITY FOR WHICH THE POC WISHES TO AMEND INFORMATION. IF THE POC IS ADDING A NEW FACILITY, MOVE TO THE *NEW FACILITIES TO OUR DATABASE SECTION* ON THE FOLLOWING PAGE.]

[IF "NO"] What kinds of changes do we need to make to our records for [FILL]?

[IF FACILITY CLOSED PART OR ALL OF THE YEAR] When did this facility close?

Do you expect this facility to re-open?

[IF "YES"] When do you expect this facility to re-open?

Where are inmates from this facility being sent?

[IF FACILITY NOW IN A DIFFERENT JURISDICTION] What is the name of the agency that supervises [FILL] now?

Do you happen to know the name and telephone number of the person we should contact about the facility now?

[IF CONSOLIDATED WITH ANOTHER FACILITY] Please tell me the names of the facilities that have consolidated. Just so you know, we may follow up with you at a later date if we have any further questions about this consolidation.

[IF NAME OR ADDRESS CHANGE NEEDED, COLLECT UPDATED INFORMATION]

[IF MISCELLANEOUS INFORMATION] Please tell us about the other changes that we should make to ensure that the information that we have for [FILL] is complete and accurate. Just so you know, we may follow up with you at a later date if we have any further questions about this facility change.

Do you include data for this facility when you report to DCRP?

[IF "NO"] Would you please provide a name and telephone number for the person who could provide us with information on **[FILL]**?

Before moving forward, I would like to verify that all of these facilities are currently open and operating.

Is this a complete list of all the facilities in your jurisdiction?

New Facilities to Our Database

[IF "NO"] We would like to ask you a few questions to ensure that this facility is eligible for the DCRP data collection. Is this facility **exclusively** used as a temporary holding or a lockup facility from which inmates are usually transferred within 72 hours and not held beyond arraignment?

[IF "NO"] Does this facility **exclusively** hold inmates 17 or younger?

[IF "YES" TO ONE OF THE ABOVE TWO QUESTIONS, THE FACILITY IS INELIGIBLE. OUR AGENCY LIASION WOULD SAY "Thank you for this information. This particular facility is not eligible for DCRP because [FILL REASON]."

[IF "NO"] Thank you for this helpful information. I would like to collect the name and address for this facility.

What date did this facility open?

Does this facility **exclusively** hold inmates for the state Department of Corrections?

Does this complete the list of facilities in your jurisdiction?

[IF "NO," CYCLE BACK THROUGH THE QUESTIONS IN THE *NEW FACILITIES TO OUR DATABASE SECTION.*]

[End of Questions for New Facilities]

We want to know a little bit about the populations that are held with your facility/facilities.

Do you hold juveniles at any of your facilities?

[IF YES AND MORE THAN ONE FACILITY] Which facilities?

Other than courtesy holds, does your agency hold any inmates for Immigration and Customs Enforcement (ICE)?

[IF YES AND MORE THAN ONE FACILITY] Which facilities?

Other than courtesy holds, does your agency hold any U.S. Marshal inmates?

[IF YES AND MORE THAN ONE FACILITY] Which facilities?

Other than courtesy holds, does your agency hold inmates for state or federal prisons, Bureau of Indian Affairs, or any other counties or jurisdictions?

[IF YES AND MORE THAN ONE FACILITY] Which facilities?

Data Submission Status

Thank you. Regarding 2014:

[IF ALL PRIOR YEAR REPORTS WERE SUBMITTED] Thank you for submitting all of your reports for 2014.

[IF NO PRIOR YEAR REPORTS WERE SUBMITTED] Our records show that we have not received your agency's 2014 Annual Summary form. All agencies should complete the Annual Summary form each year, even those that did not experience a death in custody.

[IF MISSING PRIOR YEAR DEATH REPORTS, BUT ASF WAS SUBMITTED] Our records show that we have received your agency's 2014 Annual Summary form. However, we are still expecting [FILL] death report(s).). A death report is expected for each death reported on the Annual Summary Form.

[IF MISSING PRIOR YEAR ASF, BUT DEATH REPORTS WERE SUBMITTED] Our records show that we have received [FILL] death report(s). However, we have not received your agency's 2014 Annual Summary form. All agencies should complete an Annual Summary form each year.

Also, please know that you can now submit 2015 death reports online, via mail, email or fax. Would you like me to provide you with your username and password so you can log in and submit your reports online?
