Extension of Agency Information Collection Activity Under OMB Review: Imposition and Collection of Passenger Civil Aviation Security Service Fees

AGENCY: Transportation Security Administration, DHS.

ACTION: 30-Day Notice.

SUMMARY: This notice announces that the Transportation Security Administration (TSA) has forwarded the Information Collection Request (ICR), Office of Management and Budget (OMB) control number 1652-0001, abstracted below to OMB for review and approval of an extension of the currently approved collection under the Paperwork Reduction Act (PRA). The ICR describes the nature of the information collection and its expected burden. The collection involves air carriers and foreign air carriers maintaining an accounting system to account for the passenger civil aviation security service fees collected and reporting this information to TSA on a quarterly basis, as well as retaining the data used for these reports for three fiscal years.

DATES: Send your comments by January 12, 2018. A comment to OMB is most effective if OMB receives it within 30 days of publication.

ADDRESSES: Interested persons are invited to submit written comments on

the proposed information collection to the Office of Information and Regulatory Affairs, OMB. Comments should be addressed to Desk Officer, Department of Homeland Security/TSA, and sent via electronic mail to dhsdeskofficer@omb.eop.gov.

FOR FURTHER INFORMATION CONTACT: Christina A. Walsh, TSA PRA Officer, Office of Information Technology (OIT), TSA-11, Transportation Security Administration, 601 South 12th Street, Arlington, VA 20598-6011; telephone (571) 227-2062; email TSAPRA@tsa.dhs.gov.

SUPPLEMENTARY INFORMATION: TSA published a **Federal Register** notice, with a 60-day comment period soliciting comments, of the following collection of information on September 21, 2017, 82 FR 44203.

Comments Invited

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. The ICR documentation will be available at <http://www.reginfo.gov> upon its submission to OMB. Therefore, in preparation for OMB review and approval of the following information collection, TSA is soliciting comments to—

- (1) Evaluate whether the proposed information requirement is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- (2) Evaluate the accuracy of the agency's estimate of the burden;
- (3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, including using appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Consistent with the requirements of Executive Order (EO) 13771, Reducing Regulation and Controlling Regulatory Costs, and EO 13777, Enforcing the Regulatory Reform Agenda, TSA is also requesting comments on the extent to which this request for information could be modified to reduce the burden on respondents.

Information Collection Requirement

Title: Imposition and Collection of Passenger Civil Aviation Security Service Fees.

Type of Request: Extension of a currently approved collection.

OMB Control Number: 1652-0001.

Forms(s): TSA Form 2502.

Affected Public: Air carriers and foreign air carriers.

Abstract: TSA regulations, 49 CFR part 1510, require air carriers and foreign air carriers to collect the “September 11th Security Service Fee” from passengers and to remit the fee to TSA on a monthly basis. Air carriers and foreign air carriers are further required to submit quarterly reports to TSA that provide an accounting of the fees imposed, collected, refunded to passengers, and remitted to TSA and to retain this data for three years. TSA has temporarily suspended an additional requirement for air carriers with over 50,000 passengers to submit annual audits of its fee collections and remittance; this requirement may be reinstated in the future. In December 2013, the fee was statutorily restructured to be based on one-way

trips rather than enplanements (the statute was further amended to state that the fee shall be \$5.60 per one-way trip or \$11.20 per round trip.) TSA published an interim final rule (IFR) to implement changes to the regulations required by these amendments to 49 U.S.C. 44940. This information collection request covers both the quarterly reports and the estimated impact should annual audits be reinstated in the future.

Number of Respondents: 195.

Estimated Annual Burden Hours: An estimated 2,880 hours annually.

Dated: December 7, 2017.

Christina A. Walsh,

TSA Paperwork Reduction Act Officer, Office of Information Technology.

Intent To Request Approval From OMB of One Current Public Collection of Information: Screening Partnership Program (SPP)

AGENCY: Transportation Security Administration, DHS.

ACTION: 60-Day notice.

SUMMARY: The Transportation Security Administration (TSA) invites public comment on one currently approved Information Collection Request (ICR), Office of Management and Budget (OMB) control number 1652-0064, abstracted below that we will submit to OMB for an extension in compliance with the Paperwork Reduction Act (PRA). The ICR describes the nature of the information collection and its expected burden. The collection involves an application completed by airports desiring to opt-out of passenger and baggage security screening performed by federal employees, preferring a qualified private screening company to perform security screening functions under a contract entered into with TSA.

DATES: Send your comments by February 12, 2018.

ADDRESSES: Comments may be emailed to TSAPRA@dhs.gov or delivered to the TSA PRA Officer, Office of Information Technology (OIT), TSA-11, Transportation Security Administration, 601 South 12th Street, Arlington, VA 20598-6011.

Comments Invited

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. The ICR documentation will be available at <http://www.reginfo.gov> upon its submission to OMB. (2) Evaluate the accuracy of the agency's estimate of the burden;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, including using appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Consistent with the requirements of Executive Order (EO) 13771, Reducing Regulation and Controlling Regulatory Costs, and EO 13777, Enforcing the Regulatory Reform Agenda, TSA is also requesting comments on the extent to which this request for information could be modified to reduce the burden on respondents.

Information Collection Requirement

OMB Control Number 1652-0064; Screening Partnership Program (SPP). TSA's SPP (codified as amended at 49 U.S.C. 44920)¹ enables commercial airports to apply for a qualified private screening company, under contract with TSA, to provide passenger and baggage security screening services, rather than Federal employees. An authorized representative of the airport or airport owner submits a copy of the SPP application to the airport's TSA Federal Security Director (FSD) to begin the application process.

Purpose and Description of Data Collection

The application process is the initial notification to TSA of an airport's desire to opt-out of the security screening provided by TSA Federal employees.

The SPP application collects the following from each airport seeking to participate in SPP:

- Basic airport information: Airport name, FAA identifier, and airport operating authority.

- Authorized Requestor information: Name, position, primary and alternate phone number, mailing address and email address.

- An indication of whether or not the airport authority desires to provide its own private security screening services.

- A recommendation on which private screening company should perform the screening function and the basis for the recommendation.

- Information on any major activities scheduled to occur at the airport within the next 18 months that could impact the transition from Federal screening to private screening (for example, major construction).

- Optional information may be provided to support the consideration of their application.

Use of the Information

TSA will acknowledge receipt of the application, review for completeness, and provide an official response within 120 days from the date of acknowledgement. The application contains no personally identifiable information, sensitive security information, or classified information, so no special handling or protection is required.

TSA currently has a screening presence at approximately 450 airports, of which 22 airports are participating in SPP, an increase from the 18 airports that participated in 2014. The annual burden for the information collection related to SPP is estimated to be 30 minutes (0.5 hours). While TSA estimates that only two airports will respond annually, it is presumed that ten or more airports could respond. The agency estimates that each respondent airport will spend approximately one-quarter (.25) hour to complete the application for a total burden of one-half hour (0.50 hours). TSA does not require the airports to maintain records of the application submission. However, if the airport chooses to do so, the burden associated with this action is anticipated to be minimal.

Dated: December 7, 2017.

TSA Paperwork Reduction Act Officer, Office of Information Technology.
