

accordance with the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3506(c)(2)(A)), provides the general public and Federal agencies with an opportunity to comment on proposed, revised, and continuing collections of information. This helps the Department assess the impact of its information collection requirements and minimize the public's reporting burden. It also helps the public understand the Department's information collection requirements and provide the requested data in the desired format. ED is soliciting comments on the proposed information collection request (ICR) that is described below. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

Title of Collection: Application for the Centers for International Business Education (CIBE) Program.

OMB Control Number: 1840-0616.

Type of Review: An extension of an existing information collection.

Respondents/Affected Public: Private Sector.

Total Estimated Number of Annual Responses: 50.

Total Estimated Number of Annual Burden Hours: 5,000.

Abstract: This collection contains the application forms and instructions for the Centers for International Business Education (CIBE) Program, which provides funding to institutions of higher education in the United States on issues of importance to U.S. trade and competitiveness. Eligible institutions of higher education use the information to develop and submit grant applications to the Department of Education (ED). Applicants' submissions are used by peer reviewers during the grant competition to evaluate and score the proposed projects.
