

New Part 107 Waiver/Authorization Application

Please select one of the following to start your Application.

- OPERATIONAL WAIVER:** Use this to request a waiver to the provisions of Part 107 waivable under 14 C.F.R. 107.200 (e.g. operations at night, operations from a moving vehicle, operation beyond line of sight, operation over people, operation requiring a visual observer, operations of multiple UA by one pilot, operation near aircraft, or waivers from operating limitations on ground speed, altitude, minimum visibility, or minimum distance from clouds).
- AIRSPACE AUTHORIZATION:** Use this to request access to controlled airspace. An airspace authorization is the mechanism by which an operator may seek Air Traffic Control (ATC) approval to operate in controlled airspace. Authorizations can be for a specific location or for broad areas governed by a single ATC jurisdiction.
- AIRSPACE WAIVER:** Use this to request a waiver from 14 C.F.R. § 107.41. Airspace Waivers may be issued where the applicant can demonstrate safety mitigations through equipment that their UAS can safely operate in controlled airspace without seeking ATC authorization prior to each operation. Processing times for airspace waivers are significantly longer than processing times for airspace authorizations.

WAIVER APPLICATION

Which regulation(s) do you want waived?

- Operations from a moving vehicle or aircraft
- Daylight operation
- Visual line of sight aircraft operation
- Visual observer
- Operation of multiple small unmanned aircraft
- Operation near aircraft
- Operation over people
- Operating limitations: ground speed
- Operating limitations: altitude
- Operating limitations: minimum visibility
- Operating limitations: minimum distance from clouds

Operation Parameters

START DATE

END DATE

Dates cannot be in the past or exceed 48 months from today's date.

PROPOSED LOCATION OF OPERATION Provide the specific area within the class of airspace that you wish to operate.

0/15000 characters. Form Instructions (PDF).

PROPOSED MAXIMUM FLIGHT ALTITUDE ABOVE GROUND LEVEL (AGL) Provide the maximum flight altitude above ground level. Optional. ft.

Note: Operations over 400 ft AGL may require a waiver to 14 C.F.R. § 107.51(b)

Existing Waivers

IS THERE A PENDING OR APPROVED WAIVER OR AUTHORIZATION ASSOCIATED WITH THIS PROPOSED OPERATION? YES NO

IMPORTANT

- Select only the regulation(s) that you need waived to conduct your operation.

sUAS Details

Which sUAS will take part in this operation? (not required)

Add UAS

IMPORTANT

- Select any UAS that will be participating in this operation (not required).
- If you have registered UAS that do not appear in your inventory, click the Add UAS button to provide UAS information relevant to this operation.

If you have a registered UAS that does not appear below, click the Add UAS button to provide UAS information relevant to this operation.

Part 107 Waivers & Authorizations

sUAS operators who want to fly outside the requirements of the Small UAS Rule (Part 107) may request a waiver and/or airspace authorization using the provided tools.

Applicants are encouraged to review the [list of regulations](#) subject to waiver and have these resources available when creating an Operational Waiver application:

- [Step-by-Step Application Process Guidance](#)
- [How to Apply for an Operational Waiver \(PDF\)](#)
- [Waiver Safety Explanation Guidelines](#)

Applicants are encouraged to review and have these resources available when creating an Airspace Authorization or Airspace Waiver application:

- [Step-by-Step Application Process Guidance](#)
- [How to Apply for an Airspace Authorization/Waiver \(PDF\)](#)

These tools should only be used to request waivers or authorizations for operations flown under Title 14 Part 107. They are not intended for operations flown in accordance with the Special Rule for Model Aircraft.

Part 107 Accident Reports

The remote pilot in command must report any sUAS accident to the FAA no later than 10 days after a Part 107 operation that meet the following criteria:

- Serious injury to any person or any loss of consciousness; or
- Damage to any property, other than the small unmanned aircraft, unless one of the following conditions is satisfied:
 - The cost of repair (including materials and labor) does not exceed \$500; or
 - The fair market value of the property damaged does not exceed \$500 in the case of real property.
