

**SUPPORTING JUSTIFICATION**  
**Safety and Health Requirements Related to Camp Cars**  
**OMB No. 2130-0595**

**Supporting Statement**

In preparing the renewal information collection request for the above, FRA noticed a math error in the number of responses previously approved. That number (11,196 responses) should have been increased by 10 responses. Thus, the correct number is actually **11,206 responses**, and FRA is asking OMB to make this correction for this collection to its inventory.
