VA Form 21-674	Request for Approval of School Attendance
VA Form 21-674b	School Attendance Report
VA Form 21-674c	Request for Approval of School Attendance

A.JUSTIFICATION:

- 1. Explain the circumstances that make the collection of information necessary. Identify legal or administrative requirements that necessitate the collection of information.**

The Department of Veterans Affairs (VA), through its Veterans Benefits Administration (VBA), administers an integrated program of benefits and services established by law for veterans, service personnel, and their dependents and/or beneficiaries. Recipients of disability compensation, dependency and indemnity compensation, disability pension, and death pension are entitled to benefits for eligible children between the ages of 18 and 23 who attend approved courses of education or training. Information is requested by these forms under the authority of 38 U.S.C. 101 (4)(A). Regulatory authority is found in 38 CFR 3.277 and 3.667.

- 2. Indicate how, by whom, and for what purposes the information is to be used; indicate actual use the agency has made of the information received from current collection.**

VA Forms 21-674, 21-674b, and 21-674c are used to gather the necessary information to determine initial and continued benefit entitlement to or for a child between the ages of 18 and 23 who is attending school. These forms are also used to report any changes in entitlement factors, including marriage, a change in course of instruction, and termination of school attendance. VA Form 21-674 and 21-674c are also used by recipients of pension to report the child's income. VA Form 21-674c is the computer-generated version of VA Form 21-674 and is automatically dispatched from VA's central computer approximately three months before a child's 18th birthday. VA Form 21-674b is used to confirm the school attendance of a child.

- 3. Describe whether, and to what extent, the collection of information involves the use of automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g. permitting electronic submission of responses, and the basis for the decision for adopting this means of collection. Also describe any consideration of using information technology to reduce burden.**

VA Forms 21-674, 21-674b, 21-674c, are available on the One-VA web site in a fillable electronic format. VBA is currently hosting this form on a secure server and 60% of them are submitted electronically. Validation edits are performed to assure data integrity. There currently is no utility process in place that will allow the data submitted on the form to be fully incorporated with an existing centralized legacy database.

- 4. Describe efforts to identify duplication. Show specifically why any similar information already available cannot be used or modified for use for the purposes described in Item 2 above.**

Supporting Statement for:

OMB# 2900-0049

Program reviews were conducted to identify potential areas of duplication; however, none were found to exist. There is no known Department or Agency, which maintains the necessary information, nor is it available from other sources within our Department.

- 5. If the collection of information impacts small businesses or other small entities, describe any methods used to minimize burden.**

The collection of information does not involve small businesses or entities.

- 6. Describe the consequences to Federal program or policy activities if the collection is not conducted or is conducted less frequently as well as any technical or legal obstacles to reducing burden.**

38 U.S.C. 101 (4)(A) provides the authority to pay benefits to or for a child who attends an approved course of instruction or training between the ages of 18 and 23. VA Forms 21-674, 21-674b, and 21-674c solicit information that is needed to determine eligibility to benefits for these children. Without this information, VA would be unable to properly authorize benefits.

- 7. Explain any special circumstances that would cause an information collection to be conducted more often than quarterly or require respondents to prepare written responses to a collection of information in fewer than 30 days after receipt of it; submit more than an original and two copies of any document; retain records, other than health, medical, government contract, grant-in-aid, or tax records for more than three years; in connection with a statistical survey that is not designed to produce valid and reliable results that can be generalized to the universe of study and require the use of a statistical data classification that has not been reviewed and approved by OMB.**

There is no special circumstance requiring collection in a manner inconsistent with 5 CFR 1320.6 guidelines.

- 8. A. If applicable, provide a copy and identify the date and page number of publication in the Federal Register of the sponsor's notice, required by 5 CFR 1320.8(d), soliciting comments on the information collection prior to submission to OMB. Summarize public comments received in response to that notice and describe actions taken by the sponsor in responses to these comments. Specifically address comments received on cost and hour burden.**

The Department notice was published in the Federal Register on December 12, 2017, Volume 82, No. 237, page 58482. No comments were received in response to this notice.

- 9. Explain any decision to provide any payment or gift to respondents, other than remuneration of contractors or grantees.**

Supporting Statement for:

OMB# 2900-0049

No payments or gifts to respondents have been made under this collection of information.

10. Describe any assurance of privacy to the extent permitted by law provided to respondents and the basis for the assurance in statute, regulation, or agency policy.

The records are maintained in the appropriate Privacy Act System of Records identified as “Compensation, Pension, Education, and Vocational Rehabilitation and Employment Records-VA (58VA21/22/28),” published at 74 FR 29275 on June 19, 2009, and last amended at 77 FR 42593 (July 19, 2012).

11. Provide additional justification for any questions of a sensitive nature (Information that, with a reasonable degree of medical certainty, is likely to have a serious adverse effect on an individual's mental or physical health if revealed to him or her), such as sexual behavior and attitudes, religious beliefs, and other matters that are commonly considered private; include specific uses to be made of the information, the explanation to be given to persons from whom the information is requested, and any steps to be taken to obtain their consent.

There are no questions of a sensitive nature.

12. Estimate of the hour burden of the collection of information:

a.Total Number of Respondents is Estimated at 177,500 per year.

- i. 138,000 for VA Forms 21-674 and 674c.
- ii. 39,500 for VA Form 21-674b.

b.Frequency of Response is once.

c.Total Annual Burden is 37,792 hours.

- i. 34,500 hours VA Forms 21-674 and 674c.
- ii. 3,292 hours VA Form 21-674b.

d.The Estimated Completion Time is:

- i. 15 minutes for VA Forms 21-674 and 674c.
- ii. 5 minutes for VA Form 21-674b.

e.The respondent population for VA Forms 21-674, 21-674b, 21-674c, are composed of individuals providing the necessary information for a child who attends an approved course of instruction or training between the ages of 18 and 23. VA cannot make further assumptions about the population of respondents because of the variability of factors such as the educational background and wage potential of respondents. Therefore, VBA used general wage data to estimate the respondents’ costs associated with completing the information collection.

The Bureau of Labor Statistics (BLS) gathers information on full-time wage and salary workers. According to the latest available BLS data, the median weekly earnings of full-time wage and salary workers are \$954.40. Assuming a forty (40) hour work week, the

Supporting Statement for:

OMB# 2900-0049

mean hourly wage is \$23.86 based on the BLS wage code – “00-0000 All Occupations.” This information was taken from the following website:
http://www.bls.gov/oes/current/oes_nat.htm#00-0000, May 2016).

Legally, respondents may not pay a person or business for assistance in completing the information collection. Therefore, there are no expected overhead costs for completing the information collection. VBA estimates the total cost to all respondents to be \$901,717 (37,792 burden hours x \$23.86 per hour).

13. Provide an estimate of the total annual cost burden to respondents or record-keepers resulting from the collection of information. (Do not include the cost of any hour burden shown in Items 12 and 14).

This submission does not involve any recordkeeping costs.

14. Provide estimates of annual cost to the Federal Government. Also, provide a description of the method used to estimate cost, which should include quantification of hours, operation expenses (such as equipment, overhead, printing, and support staff), and any other expense that would not have been incurred without this collection of information. Agencies also may aggregate cost estimates from Items 12, 13, and 14 in a single table.

Estimated Costs to the Federal Government:

Grade	Step	Burden Time	Fraction of Hour	Hourly Rate	Cost Per Response	Total Responses	Total
7	3	30	0.50	\$18.32	9.160	177,500	\$ 1,625,900.00
Overhead at 100% Salary							\$ 1,625,900.00
9	3	15	0.25	\$22.42	5.605	177,500	\$ 994,887.50
Overhead at 100% Salary							\$ 994,887.50
10	3	15	0.25	\$24.68	6.170	177,500	\$ 1,095,175.00
Overhead at 100% Salary							\$ 1,095,175.00
Processing / Analyzing Costs							\$ 7,431,925.00
Printing and Production Cost							\$ 82,576.94
Total Cost to Government							\$ 7,514,501.94

Overhead costs are 100% of salary and are same as the wage listed above and the amounts are included in the total.

Note: The hourly wage information above is based on the hourly 2018 General Schedule (Base) Pay (https://www.opm.gov/policy-data-oversight/pay-leave/salaries-wages/salary-tables/pdf/2018/GS_h.pdf). This rate does not include any locality adjustment as applicable.

Supporting Statement for:

OMB# 2900-0049

The processing time estimates above are based on the actual amount of time employees of each grade level spend to process to completion a claim received on this form. The within-grade step (3) of each employee represents the average experience of employees within each grade.

15. Explain the reason for any burden hour changes since the last submission.

There is no change in the reporting burden.

16. For collections of information whose results will be published, outline plans for tabulation and publication. Address any complex analytical techniques that will be used. Provide the time schedule for the entire project, including beginning and ending dates of the collection of information, completion of report, publication dates, and other actions.

The information collection is not for publication or tabulation use.

17. If seeking approval to omit the expiration date for OMB approval of the information collection, explain the reasons that display would be inappropriate.

We are not seeking approval to omit the expiration date for OMB approval.

18. Explain each exception to the certification statement identified in Item 19, "Certification for Paperwork Reduction Act Submissions," of OMB 83-I.

This submission does not contain any exceptions to the certification statement.

B. Collection of Information Employing Statistical Methods

No statistical methods are used in this data collection.
