A. Program Description

A1. What is this grant program?

The goal of the FY 2018 Native American Library Services Basic Grants Program is to support existing library operations and maintain core library services.

Effective for this FY 2018 Native American Library Services Basic Grants Program, there is no separate Education/Assessment Option. Funding for tribal library staff to: attend library-related continuing education courses or training workshops; attend or give presentations at conferences related to library services; and/or hire a

consultant for an onsite professional library assessment can be included in the Library Services Plan. No more than \$3,000 may be allotted for education/assessment activities or travel.

For this FY 2018 Native American Library Services Basic Grants Program, Basic Grants are only available for a one year period.

A2. What are indicators of successful projects?

Successful Basic Grants support existing library operations and maintain core library services, particularly as they relate to the following goals in the Museum and Library Services Act (20 U.S.C. § 9141).

1. Expanding services for learning and access to information and educational resources in a variety of formats, in all types of libraries, for individuals of all ages in order to support such individuals' need for education, lifelong learning, workforce development, and digital library skills.
2. Establishing or enhancing electronic and other linkages and improved coordination among and between libraries and entities, as described in 20 U.S.C. § 9134(b)(6), for the purpose of improving the quality of and access to library and information services.
3. (a) Providing training and professional development, including continuing education, to enhance the skills of the current library workforce and leadership, and advance the delivery of library and information services.

(b) Enhancing efforts to recruit future professionals to the field of library and information services.
4. Developing public and private partnerships with other agencies and community-based organizations.
5. Targeting library services to individuals of diverse geographic, cultural, and socioeconomic backgrounds, to individuals with disabilities, and to individuals with limited functional literacy or information skills.
6. Targeting library and information services to persons having difficulty using a library and to underserved urban and rural communities, including children (from birth through age 17) from families with incomes below the poverty line (as defined by the Office of Management and Budget and revised annually in accordance with section 9902(2) of Title 42) applicable to a family of the size involved.

7. Developing library services that provide all users access to information through local, State, regional, national, and international collaborations and networks.
8. Carrying out other activities consistent with the purposes of the Library Services and Technology subchapter of the IMLS statute (20 U.S.C. § 9121).

A3. What are the IMLS agency-level goals?

The mission of the Institute of Museum and Library Services (IMLS) is to inspire libraries and museums to advance innovation, lifelong learning, and cultural and civic engagement. We provide leadership through research, policy development, and grant making.

U.S. museums and libraries are at the forefront in the movement to create a nation of learners. As stewards of cultural and natural heritage with rich, authentic content, libraries and museums provide learning experiences for everyone. In FY2018, each award under this program will support one of the following three goals of the IMLS strategic plan, *Creating a Nation of Learners*:

- IMLS places the learner at the center and supports engaging experiences in libraries and museums that prepare people to be full participants in their local communities and our global society.
- IMLS promotes museums and libraries as strong community anchors that enhance civic engagement, cultural opportunities, and economic vitality.
- IMLS supports exemplary stewardship of museum and library collections and promotes the use of technology to facilitate discovery of knowledge and cultural heritage.

The goals focus on achieving positive public outcomes for communities and individuals; supporting the unique role of museums and libraries in preserving and providing access to collections and content; and promoting library, museum, and information service policies that ensure access to information for all Americans.

IMLS places importance on diversity and inclusion. This may be reflected in a project in a wide range of ways, including efforts to serve: individuals of diverse geographic, cultural, and socioeconomic backgrounds; persons with disabilities; persons with limited functional literacy or information skills; individuals having difficulty using a library or museum; underserved urban and rural communities; and children from families with incomes below the poverty level. This may also be reflected in efforts to recruit future professionals in the library or museum fields as well as strategies in building or enhancing access to collections and information.

A4. What is the funding for this program?

The Native American Basic Grants award for FY 2018 is \$6,000 - \$10,000, which can include up to \$3,000 in eligible education and assessment activities or travel. All activities should be described in the Library Services Plan and the Budget. There is no longer a separate budget form for education and assessment activities.

A5. Where can I find the authorizing statute and regulations for this funding opportunity?

Statute: 20 U.S.C. § 9101 et seq.; in particular, § 9161 (Services for Native Americans)

Regulations: 45 C.F.R. ch. XI and 2 C.F.R. ch. XXXI

Note: You are required to follow the IMLS regulations that are in effect at the time of the award.

Note: The Office of Management and Budget (OMB) guidance on Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance) can be found at 2 C.F.R. pt. 200. With certain IMLS-specific additions, IMLS regulations at 2 C.F.R. pt. 3187 formally adopt the 2 C.F.R. pt. 200 Uniform Guidance.

[Click here for Guidance for Projects that Develop Digital Products.](#)

D3. What are the registration requirements for submitting an application?

Before submitting an application, your organization must have a current and active D-U-N-S® number (a unique entity identifier), System for Award Management (SAM.gov) registration, and Grants.gov registration. Check your materials and registrations well in advance of the application deadline to ensure that they are accurate, current, and active.

If your D-U-N-S® number and SAM.gov registration are not active and current at the time of submission, your application will be rejected; if they are not active and current at the time an award is made, we may determine that you are not qualified to receive an award and use that determination as a basis for making an award to another applicant.

D3a. What is a D-U-N-S® number and how do we get one?

A D-U-N-S® number is a unique nine-digit number assigned to all types of business organizations, including nonprofits and government entities. [Click here to learn more about getting a D-U-N-S® number.](#)

D3b. What is the System for Award Management (SAM.gov) and how do we register?

SAM.gov is the official U.S. Government system that consolidated the capabilities of previous registration systems such as CCR/FedReg, ORCA, and EPLS. There is no fee to register with SAM.gov. [Click here to learn more about SAM.gov registration.](#)

D3c. What is Grants.gov and how do we register?

Grants.gov is the centralized location for grant seekers to find and apply for Federal funding opportunities.

You must submit your application through Grants.gov.

You must register with Grants.gov prior to submitting your application package. The multi-step registration process generally cannot be completed in a single day. If you are not already registered, you should allow at least two weeks to complete this one-time process. **Do not wait until the day of the application deadline to register.**

You do not need to complete the registration process to download the application package and begin to prepare your materials. However, you will need your Grants.gov user ID and password that you obtain during the registration process to submit your application when it is complete.

[Click here to learn more about Grants.gov registration and tips for using Grants.gov.](#)

D4. When and how must we submit our application?

You must submit your application through Grants.gov. Do not submit through email to IMLS.

For the Native American Library Services Basic Grants Program, Grants.gov will accept applications through 11:59 p.m. U.S. Eastern Time on April 2, 2018.

We strongly recommend that you obtain a D-U-N-S® number, register with SAM.gov and Grants.gov, and complete and submit the application early. We make grants only to eligible applicants that submit complete applications, including attachments, through Grants.gov, on or before the deadline, as indicated by the date stamp generated by Grants.gov.

Contact Grants.gov or call their help line at 1-800-518-4726 for assistance with hardware and software issues, registration issues, and technical problems. The help line is available 24 hours a day, seven days a week, except for federal holidays.

What happens after we submit our application through Grants.gov?

Within two business days of receiving your submission, Grants.gov will generate two emails regarding the progress of your application through the system. The first email will confirm receipt of your application by the Grants.gov system and the second will indicate that the application has either been successfully validated by the system prior to transmission to the grantor agency (IMLS) or has been rejected due to errors. After the official grant program deadline, you will receive a third email confirming that IMLS has retrieved your application. Until that point, you can check the status of your application(s) in Grants.gov by using the “Track My Application” feature.

E. Application Review Information

E1. What are the review criteria?

Basic Grants under this program are non-competitive awards available to eligible applicants.

E1a. Is cost sharing considered in the review process?

Please do not include cost share. There are no requirements for cost sharing in this program.

E2. What is the review and selection process?

Basic grants are non-competitive awards available to eligible applicants to support existing library operations and to maintain core library services. We make awards only to eligible applicants that submit complete applications, including attachments, through Grants.gov, on or before the deadline. The Director makes final funding decisions consistent with the purposes of the agency's mission and programs.

E3. What is the designated integrity and performance system and how does IMLS comply with its requirements?

IMLS, prior to making a Federal award with a total amount of Federal share greater than the simplified acquisition threshold (currently \$150,000 but periodically adjusted), is required to review and consider any information about the applicant that is in the designated integrity and performance system accessible through SAM (currently FAPIIS) (see 41 U.S.C. § 2313).

An applicant, at its option, may review information in the designated integrity and performance systems accessible through SAM and comment on any information about itself that a Federal awarding agency previously entered and is currently in the designated integrity and performance system accessible through SAM.

IMLS will consider any comments by the applicant, in addition to the other information in the designated integrity and performance system, in making a judgment about the applicant's integrity, business ethics, and record of performance under Federal awards when completing the review of risk posed by

applicants as described in 2 C.F.R. § 200.205 (Federal awarding agency review of risk posed by applicants).

E4. When will we be notified of funding decisions?

We will not release information about the status of an application until the awards have been made. We expect to notify applicants of the final decisions in July 2018.

F. Award Administration Information

F1. How will we be notified of funding decisions?

We will notify successful applicants of funding decisions by email.

For applicants who receive awards, the award packet will be sent to the Project Director, Primary Contact/Grants Administrator, and Authorized Representative/Authorizing Official (as identified on the SF-424S). The award packet will contain the following:

- cover letter;
- Official Award Notification for Grants and Cooperative Agreements (the authorizing document for the award);
- links to the General Terms and Conditions for IMLS Discretionary Grant and Cooperative Agreement Awards, reporting forms, and the Grantee Communications Kit.

Your period of performance will be included on your Official Award Notification for Grants and Cooperative Agreements. The award period of performance begins on the first day of the month in which project activities start and ends on the last day of the month in which these activities are completed.

F2. What are the administrative and national policy requirements?

Organizations that receive IMLS grants or cooperative agreements are subject to the [IMLS General Terms and Conditions for IMLS Discretionary Grant and Cooperative Agreement Awards](#) and the [IMLS Assurances and Certifications](#). Organizations that receive IMLS funding must be familiar with these requirements and comply with applicable law.

As an applicant for Federal funds, you must certify that you are responsible for complying with certain nondiscrimination, debarment and suspension, drug-free workplace, and lobbying laws. These are set out in more detail, along with other requirements, in the [IMLS Assurances and Certifications](#). By signing the application

form, which includes the Assurances and Certifications, you certify that you are in compliance with these requirements and that you will maintain records and submit any reports that are necessary to ensure compliance. Your failure to comply with these statutory and regulatory requirements may result in the suspension or termination of your award and require you to return funds to the government.

F3. What are the reporting requirements?

At a minimum, you will be required to submit a performance report and financial report annually. Reports are due according to the reporting schedule that is part of your Official Award Notification for Grants and Cooperative Agreements. Grantees must submit reports electronically using the IMLS performance and financial report forms. In support of the agency's commitment to open government, final performance reports may be made accessible on the IMLS website to engage the public in communities of practice and to inform application development and grant making strategies.

For details and forms, please see the [Manage Your Award: Grant Administration page](#) on the IMLS website.

You must also comply with 2 C.F.R. §§ 180.335 and 180.350 and 2 C.F.R. pt. 3185 with respect to providing information regarding all debarment, suspension, and related offenses information, as applicable.

What do we need to know if the Federal share of our award is more than \$500,000 over the period of performance?

If the Federal share of your award is more than \$500,000 over the period of performance, you should refer to the post-award reporting requirements reflected in 2 C.F.R. pt. 200, Appendix XII – Award Term and Condition for Recipient Integrity and Performance Matters.

Appendix Two - Required Federal Systems

Getting a D-U-N-S® Number

All non-federal entities are required to have a Dun and Bradstreet Data Universal Numbering System (D-U-N-S®) number (a unique entity identifier) in order to apply for, receive, and report on federal awards.

You should verify that your organization has a D-U-N-S® number. You can get one within two business days at no cost by calling the dedicated toll-free D-U-N-S® number request line at 1-866-705-5711 or by visiting <https://www.dandb.com/free-duns-number>.

Registering for SAM.gov

The System for Award Management (SAM) is a federal repository that centralizes information about grant applicants and recipients. You must be registered with SAM.gov before you register with Grants.gov. [Click here to find information about registering with SAM.gov](#).

We recommend that you allow at least two weeks to complete your SAM.gov registration. You must renew your registration in SAM.gov at least every 12 months—and sooner, if your information changes. An expired registration will prevent you from submitting applications via Grants.gov and receiving awards or payments. Grant payments will be made to the bank account that is associated with your SAM.gov registration.

Registering for Grants.gov

You must register with Grants.gov before submitting your application to IMLS. [Click here to learn more about the multistep registration process](#). Make sure your D-U-N-S® number and SAM.gov registration are accurate, current, and active. We recommend that you allow at least two weeks to complete your Grants.gov registration.

Working with Grants.gov

Designate more than one Authorized Organization Representative (AOR) when you register in Grants.gov. This will help avoid last-minute crises in the event that your one AOR is unavailable when you are ready to submit your application.

Update the contact information and password in Grants.gov when the AOR at your organization changes.

Grants.gov offers online support regarding Adobe® software and browser compatibility. Contact the Grants.gov help line (1-800-518-4726) for assistance with hardware and software issues, registration issues, and technical problems. The help line is available 24 hours a day, seven days a week, except for federal holidays.

Appendix Three - Performance Measure Statements and Information to be Collected and Reported for Learning and Community Projects

On the IMLS Program Information Sheet, you selected an IMLS agency-level goal (PDF, 740KB) of Learning or Community or Content and Collections with which your project best aligns. You also selected at least one performance goal that reflects a measurable change or outcome that you intend for your project to achieve. Below is a list of pre-determined performance measure statements that will help IMLS document the collective achievements of the Learning and Community projects we fund.

IMPORTANT: You will be required to provide specific information directly relating to these performance measure statement(s) in your Final Performance Report. You may design and administer a more elaborate survey than what will be required to gather this specific information. These information-gathering activities must be incorporated into your application narrative, your work plan, your schedule of completion, and your budget, as necessary.

These items are automatically filled in by Grants.gov.

Item 5. Applicant Information

a. Legal Name: Enter your organization’s legal name as it appears in your SAM.gov registration. This is the organization with the authority to apply directly for funding in this program. If you have an organizational unit that will be carrying out the project, be sure that it is specified as the organizational unit on the IMLS Program Information Sheet.

b. Address: Enter your legal applicant’s address as it appears in your SAM.gov registration.

c. Web Address: Enter your web address.

d. Type of Applicant: Select the code that best characterizes your organization from the menu in the first dropdown box. Leave the other boxes blank.

f. Organizational DUNS: Enter your organization’s D-U-N-S® number received from Dun and Bradstreet.

g. Congressional District: Enter your organization’s congressional district. Use the following format: two-letter state abbreviation, followed by a hyphen, followed by a zero, followed by the two-digit district number. For example, if the organization is located in the 5th Congressional District of California, enter “CA-005.” For the 12th Congressional District of North Carolina, enter “NC-012.” For states and territories with “At Large” Congressional Districts—that is, one representative or delegate represents the entire state or territory—use “001,” e.g., “VT-001.”

If your organization does not have a congressional district (e.g., it is located in a U.S. territory that does not have districts), enter “00-000.” To determine your

organization's district, [visit the House of Representatives website by clicking here](#) and using the "Find Your Representative" tool.

Item 6. Project Information

a. Project Title: Enter a brief descriptive title for your project. IMLS may use this title for public information purposes.

b. Project Description: Enter a brief description (about 120 words) of your project. Tell us what your project will do, for whom or what, and why. Use clear language that can be understood by readers who might not be familiar with the discipline or subject area.

c. Proposed Project Start Date/End Date: Enter the start date and end date of the proposed period of performance in the format mm/dd/yyyy. The project period begins on the first day of the month in which project activities start and ends on the last day of the month in which these activities are completed. Refer to Section B of this Notice of Funding Opportunity to determine when your project can begin.

Item 7. Project Director

The Project Director is the person who will have primary responsibility for carrying out your project's activities. Enter the requested information for this individual here.

IMLS requires that the Project Director be a different person than the Authorized Representative.

Item 8. Primary Contact/Grants Administrator

The Primary Contact/Grants Administrator is the person who has primary responsibility for administering the award. Enter the requested information for this individual here. If the Primary Contact/Grants Administrator is the same as the Authorized Representative, please still complete both Items 8 and 9.

In some organizations this individual may be the same as the Project Director. If this is the case, check the box and skip to Item 9.

Item 9. Authorized Representative

The Authorized Representative is the person who has the authority to legally bind your organization. Enter the requested information for this individual here. The Authorized Representative cannot be the same person as the Project Director. By checking the "I Agree" box at the top of Item 9, this individual certifies the applicant's compliance with the [IMLS Assurances and Certifications](#) and any other relevant federal requirements.

The "Signature of Authorized Representative" and "Date Signed" boxes will be automatically populated by Grants.gov upon submission of the application. This will be the person whose name was listed as your organization's authorized representative when you registered with Grants.gov. Please note that this name

might not be the same as the name and other information you entered in Item 9 above; however, the person whose name appears in the “Signature of Authorized Representative” box must have authorization from your organization to submit this application on behalf of your organization.

Submission of the electronic application acknowledges that your organization certifies compliance with relevant federal requirements, including but not limited to the IMLS Assurances and Certifications, to the same extent as the signature does on a paper application.

IMLS Budget Form

Download the [IMLS Budget Form](#) (PDF, 110 KB).

The standard IMLS Budget Form accommodates up to three years of project activities and expenses. Project timelines, allowable costs, and other budget details vary by program. Please note that this Native American Library Services Basic Grants Program only allows a period of performance of one year; therefore, please only complete one year ("Year 1" column) on the IMLS Budget Form. Be sure to review the Notice of Funding Opportunity for the grant program to which you are applying and the cost principles in 2 C.F.R. pt. 200 and 2 C.F.R. pt. 3187.

The Year 1 columns should include costs for activities that begin on the project start date (as listed on 6c of the SF-424S) and end 12 months later.

The budget should include the project costs that will be charged to grant funds. All the items listed must be necessary to accomplish project objectives, allowable according to the applicable federal cost principles, auditable, and incurred during the award period of performance. Charges to the project for items such as salaries, fringe benefits, travel, and contractual services must conform to the written policies and established practices of your organization. You must report all revenues generated with project funds during the award period of performance as program income.

If you need more lines for a specific section, summarize the information in the IMLS Budget Form and explain it further in the Library Services Plan.

1. Salaries and Wages: Include both temporary and permanent staff engaged in project activities. Document the method of cost computation (e.g., as percentage of a person's time devoted to the project, number of days, number of hours) in your Library Services Plan.

2. Fringe Benefits: Limit direct cost fringe benefits to those not included in your indirect cost pool. Fringe benefits may be claimed only on the portion of salaries and wages identified for this project.

3. Travel: Explain the method of cost computation for each travel cost, including subsistence, lodging, and transportation, in your Library Services Plan.

You must use the lowest available commercial fares for coach or equivalent accommodations, and you must use U.S. flagged air carriers for foreign travel when such services are available, in accordance with applicable U.S. legal requirements.

Please refer to the narrative section of this Notice of Funding Opportunity for information about special travel requirements, if any.

4. Supplies, Materials, and Equipment: List the costs of supplies, materials, and equipment purchased specifically for the proposed project. For definitions and other information, please see 2 C.F.R. pt. 200. Use the Library Services Plan to explain or describe these items in further detail.

5. Contracts and Subawards: List each third party that will undertake project activities and their associated costs as an individual line item on your budget form. Designate each third party as either a contract or subaward using the drop-down menu on each line.

To explain or describe these items in further detail, you may either

- itemize these third-party costs in your Library Services Plan or
- include a separate IMLS Budget Form as a supporting document and refer to it in the Library Services Plan, for more complex projects.

6. Student Support: If your project includes student support costs, enter them in this section. [Please click here for a definition and examples of student support.](#) It is not anticipated that this Program would involve Student Support; please contact the IMLS Program Office if you have any questions.

7. Other Costs: Use this section for costs that cannot be assigned to other categories. Do not use this section to list items that do not fit in the lines allotted for another section.

8. Total Direct Costs: These amounts will total automatically.

9. Indirect Costs: Indirect costs are expenses that are incurred for common or joint objectives that cannot be easily identified with a particular project. No indirect costs are allowed under this program. Please do not include indirect costs. [Click here for more information about indirect costs.](#)

10. Total Project Costs: These amounts will total automatically.

Indirect Costs

What are indirect costs?

Indirect costs are expenses that are incurred for common or joint objectives that cannot be easily identified with a particular project. Some examples include utilities, general insurance, use of office space and equipment that you own, local telephone service, and the salaries of the management and administrative personnel of the organization. See 2 C.F.R. pt. 200 for additional guidance.

What are our options for calculating and including indirect costs in our project budget?

Indirect costs are not an allowable expense for this FY 2018 Native American Library Services Basic Grants Program. Please do not include indirect costs in your budget.

Student Support Costs

It is not anticipated that this Program would involve Student Support; please contact the IMLS Program Office if you have any questions.

Students are understood to be:

- Students enrolled in a community college, undergraduate, or graduate program of study.
- Individuals participating in post-master's or post-doctoral programs which are focused on supporting their career or professional development.
- Library, archive, and museum staff participating in education and training activities focused on their career or professional development.

Examples of student support include:

- Tuition support for students participating in the project.
- Salaries or stipends for graduate assistant work, so long as their work is focused on research and teaching activities (therefore contributing to their education).
- Pay and benefits for a resident or fellow to work in a position that is intended to support their learning outcomes or professional development.
- Costs for travel and conference registration provided to support a student or participant's learning outcomes or professional development.
- Costs of supplies and equipment provided to students to support a student's learning outcomes or professional development.

Activities not considered student support include:

- Students employed in roles that are primarily administrative or clerical, doing work that is not primarily focused on their career or professional development. These costs should be listed in the salaries and wages section of the budget, and tuition paid on behalf of these students would not be considered student support.

Appendix Five - IMLS Products Guidance

Guidance for Projects that Develop Digital Products

What are digital products?

IMLS broadly defines digital products as any digital content, resources, assets, software, or datasets that you may create, collect, or develop during the course of your project.

What are the IMLS requirements for projects that create, collect, or develop digital products?

IMLS is committed to expanding public access to federally funded research, data, and other digital products. The assets you create with IMLS funding require careful stewardship to protect and enhance their value, and they should be freely and readily available for use and re-use by libraries, archives, museums, and the public. However, applying these principles to the development and management of digital products is not always straightforward. We ask that you answer questions that address specific aspects of creating and managing digital products in the Digital Product Form. Download the Digital Product Form ([PDF](#), 45 KB; [Word](#), 27.1 KB).

Additionally, IMLS participates in the Federal Agencies Digitization Guidelines Initiative (FADGI), a collaborative effort by federal agencies to define common standards, guidelines, methods, and best practices for creating digital collections. The FADGI website includes a growing list of links to relevant standards, recommendations, and other resources. While this list is not exhaustive—nor do we endorse any specific resource—applicants considering digital projects may find the information useful. [Click here to access the FADGI website.](#)

Access to Work Products and Documents from IMLS-Supported Projects

How should we share our work products from IMLS-supported projects?

All work products resulting from IMLS funding should be distributed for free or at cost unless we have given you written approval for another arrangement. We encourage IMLS grant recipients to share their work products (including publications, datasets, educational resources, software, and digital content) whenever possible through free and open-access journals and repositories. We expect you to ensure that final peer-reviewed manuscripts resulting from research conducted under an award are made available in a manner that permits the public to access, read, download, and analyze the work without charge. Wide dissemination of the results of IMLS-funded projects advances the body of knowledge and professional practice in museum, library, and information services.

What project documents might IMLS make openly accessible?

We may share grant applications, work products, and reports with grantees, potential grantees, and the general public to further the mission of the agency and the development of museum, library, and information services. We require that your final report include one copy of each written product you create, unless otherwise

instructed. These materials may be disseminated broadly and made available in a variety of ways and formats.

What do we need to know about copyright and works produced with IMLS support?

You may copyright any work that is subject to copyright and was developed under an award or for which ownership was purchased. However, we reserve, for federal government purposes, a royalty-free, nonexclusive, and irrevocable right to reproduce, publish, or otherwise use the work and authorize others to reproduce, publish, or otherwise use the work. We encourage you to make your works produced with IMLS support widely available, including through the use of open licenses.

Appendix Six - Additional Requirements

Conflict of Interest Requirements

What conflict of interest requirements must we follow?

As a non-federal entity, you must follow IMLS conflict of interest policies for federal awards. You must disclose in writing any potential conflict of interest to an IMLS Program Officer, or to the pass-through entity if you are a subrecipient or contractor. This disclosure must take place immediately whether you are an applicant or have an active IMLS award.

The IMLS conflict of interest policies apply to subawards as well as contracts, and are as follows:

- As a non-federal entity, you must maintain written standards of conduct covering conflicts of interest and governing the performance of your employees engaged in the selection, award, and administration of subawards and contracts.
- None of your employees may participate in the selection, award, or administration of a subaward or contract supported by a federal award if he or she has a real or apparent conflict of interest. Such a conflict of interest would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of the parties indicated herein, has a financial or other interest in or a tangible personal benefit from an organization considered for a subaward or contract. The officers, employees, and agents of the non-federal entity must neither solicit nor accept gratuities, favors, or anything of monetary value from subrecipients or contractors or parties to subawards or contracts.
- If you have a parent, affiliate, or subsidiary organization that is not a state, local government, or Indian tribe, you must also maintain written standards of conduct covering organizational conflicts of interest. Organizational conflicts of interest means that because of relationships with a parent company, affiliate, or subsidiary organization, you are unable or appear to be unable to be impartial in conducting a subaward or procurement action involving a related organization.
